BACKGROUND: The Commission has prepared and published annual reports on U.S. trade shifts in selected industries/commodity areas under investigation No. 332-345 since 1993. Beginning in 2004, the Commission converted the report to an exclusively web-based format (with added focus on sectoral issues) that can be accessed electronically. The initial notice of institution of this investigation was published in the *Federal Register* of September 8, 1993 (58 F.R. 47287). The Commission expanded the scope of this investigation to cover services trade in a separate report, which it announced in a notice published in the *Federal Register* of December 28, 1994 (59 F.R. 66974). The merchandise trade report has been published in the current series under investigation No. 332-345 annually since September 1993.

This year's web-based format identifies the key trends affecting principal foreign markets and 10 major U.S. sectors.

By order of the Commission.

Acting Secretary to the Commission
