SUBCHAPTER III

TEMPORARY MODIFICATIONS ESTABLISHED PURSUANT TO TRADE LEGISLATION

XXII
99-37U.S. Notes

1. This subchapter contains the temporary modifications of the provisions in the tariff schedule established pursuant to trade legislation. Unless otherwise stated, the modified provisions are effective until suspended or terminated. Unless the context requires otherwise, any article described in the provisions of this subchapter, for which rates of duty are herein provided, if entered during the period specified, is subject to duty at the rate set forth herein in lieu of the rate provided therefor in chapters 1 to 98.
2. For the purposes of subheadings 9903.17.05 through 9903.17.30, inclusive, the term "product of the European Economic Community" refers to products of the member states of this instrumentality which includes Belgium, Denmark, France, the Federal Republic of Germany, Greece, Ireland, Italy, Luxembourg, the Netherlands, Portugal, Spain and the United Kingdom.
3. For the purposes of subheadings 9903.41.05 and 9903.41.10, the duties provided for in this subchapter are cumulative duties which apply in addition to the duties otherwise imposed on the articles involved.
4. Quantitative limitations on certain tungsten articles.--The provisions of this note apply to subheadings 9903.28.05 through 9903.28.25, inclusive. The limitations imposed are in addition to the duties provided for the restrained articles in chapter 28 or in chapter 98, where applicable. The quantitative limitations shall include imports entered, or withdrawn from warehouse for consumption, informal entries, temporary imports under bond, and imports under chapter 98.
 - (a) Definitions.--For purposes of this subchapter--
 - (i) the term "tungsten articles" means ammonium paratungstate provided for in subheading 2841.80 and tungstic acid provided for in subheading 2825.90.60;
 - (b) Export certificate.--Effective January 1, 1988, none of the tungsten articles provided for herein that are exported from the People's Republic of China (the PRC) shall be entered, or withdrawn from warehouse for consumption, unless such tungsten articles are accompanied by a validated export certificate issued by the competent authority of the Government of the People's Republic of China;
 - (c) Carryover.--Whenever the specified limit of imports has not been entered during a period, an amount not to exceed 5 percent (except that the United States Trade Representative may by prior determination permit a carryover of greater than 5 percent) of the limit specified in the period in which the shortfall occurred may be entered in the subsequent period.
 - (d) Exceeding restraint levels.--The USTR may by Federal Register notice authorize an increase in the specified limits of imports by not more than 10 percent during any period, except that the USTR may by prior determination permit an increase of greater than 10 percent. If a specified limit of imports is exceeded during a period, there shall be a downward adjustment of the specified limit for the next period in the amount the preceding specified limit was exceeded. To the extent that imports of the tungsten articles provided for herein exceed 771,114 kilograms tungsten content for calendar year 1987, the specified limits for subsequent periods will be reduced according to the following schedule: the 1988 calendar year specified limit shall be reduced by 50 percent of the excess; the specified limit of 1989 shall each be reduced by 30 percent of the excess; and the specified limit of 1990 shall be reduced by 20 percent of the excess.
 - (e) United States International Trade Commission (USITC) surveys.--The USITC shall conduct annual surveys (pursuant to section 332 of the Tariff Act of 1930) to obtain data on ammonium paratungstate, tungstic acid and tungsten oxide (provided for in subheading 2825.90.30) from producers in the United States by calendar quarter on shipments, profits, capacity and capacity utilization, and annual data on capital expenditures and research and development expenditures; and to obtain data on such products from importers by calendar quarter on prices, orders, and inventories. The initial survey shall cover calendar year 1987 and shall be published by March 31, 1988, and the results of subsequent annual surveys shall be published on March 31 of each year thereafter as long as the agreement is in effect.
 - (f) Administration of import limitations.--Imports accounting for no more than 65 percent of each annual specified limit may be entered in any two consecutive quarters in that year unless authorized by a determination of the USTR.

SUBCHAPTER IV

ADDITIONAL IMPORT RESTRICTIONS ESTABLISHED PURSUANT TO SECTION 22 OF THE
AGRICULTURAL ADJUSTMENT ACT, AS AMENDEDXXII
99-47U.S. Notes

1. This subchapter covers the provisions established pursuant to section 22 of the Agricultural Adjustment Act, as amended (7 U.S.C. 624), imposing import fees, herein referred to as duties, and quantitative limitations on articles imported into the United States. The duties provided for in this subchapter are cumulative duties which apply in addition to the duties, if any, otherwise imposed on the articles involved. Unless otherwise stated, the duties and quantitative limitations provided for in this subchapter apply until suspended or terminated.
2. Exclusions.--The import restrictions provided for in this subchapter do not apply with respect to:
 - (a) Articles imported by or for the account of any agency of the United States;
 - (b) Commercial samples of cotton or cotton waste of any origin in uncompressed packages each weighing not more than 22.65 kilograms gross weight; and articles (except cotton and cotton waste) with an aggregate value not over \$25 in any shipment, if imported as samples for taking orders, for the personal use of the importer or for research;
 - (c) Articles entered for exhibition, display or sampling at a trade fair or for research, but only if written approval of the Secretary of Agriculture or his designated representative is presented at the time of entry or bond is furnished in a form prescribed by the Commissioner of Customs in an amount equal to the value of the merchandise as set forth in the entry plus the estimated duty as determined at the time of entry, conditioned upon the production of such written approval within 6 months from the date of entry; and
 - (d) Cotton produced in the United States with respect to which the Secretary of Agriculture shall have certified that there has been exported without benefit of subsidy, as an offset to the proposed reentry, an equal or greater number of kilograms of cotton produced in the United States, of any grade or staple.

3. (a) Dairy products.--
 - (i) Imported articles subject to the import quotas provided for in subheadings 9904.10.09 through 9904.10.60, except 9904.10.24, may be entered only by or for the account of a person or firm to which a license has been issued by or under the authority of the Secretary of Agriculture, and only in accordance with the terms of such license; except that no such license shall be required for up to 833,417 kilograms per quota year of natural Cheddar cheese, the product of Canada, made from unpasteurized milk and aged not less than 9 months, which prior to exportation has been certified to meet such requirements by an official of the Canadian Government. Such licenses shall be issued under regulations of the Secretary of Agriculture which he determines will, to the fullest extent practicable, result in the equitable distribution of the respective quotas for such articles among importers or users and facilitate the utilization of the quotas by the supplying countries, taking due account of any special factors which may have affected or may be affecting the trade in the articles concerned.
 - (ii) Under subheading 9904.10.30 not more than 4,702,889 kilograms of the annual quota quantity shall be products other than natural Cheddar cheese made from unpasteurized milk and aged not less than 9 months.
 - (iii) Notwithstanding any other provision of this subchapter, if the Secretary of Agriculture determines that a quantity specified in the column entitled "Quota Quantity" opposite the name of any country is not likely to be entered from such country within any calendar year, he may provide with respect to such article for the adjustment for that calendar year, within the aggregate quantity of such article permitted to be entered from all countries during such calendar year, of the quantities of such article which may be entered during such year from the countries specified as countries of origin for such article. The Secretary of Agriculture shall notify the Secretary of the Treasury of such adjustment and, with respect to country of origin adjustments for any article for which a license is not required, file notice thereof with the Federal Register. With respect to articles for which a license is not required, such adjustment shall become effective 3 days after the date of publication in the Federal Register.
 - (iv) For the purposes of this subchapter, the term "soft ripened cow's milk cheese" means cheese which:

- (b) Cotton Waste.--For the purposes of subheading 9904.30.50, the minimum quota in column (A) is that part of the total quota in column (C) which must be reserved for comber waste made from cotton 30.1625 mm (1-3/16 inches) or more in staple length, and the unreserved quota in column (B) is that part of the total quota available for any quota-type waste, including comber waste made from cotton 30.1625 mm (1-3/16 inches) or more in staple length.
- (c) Suspension.--Notwithstanding any other provision of this subchapter, the quantitative limitations for the articles provided for in heading 9904.20.10 are suspended beginning January 26, 1974.

4. Sugars and syrups.--

- (a) Licenses may be issued by the Secretary of Agriculture or his designee authorizing the entry of articles exempt from the fees provided for in subheadings 9904.40.20, 9904.40.40 and 9904.40.60 of this subchapter on the condition that such articles will be used only for the production (other than by distillation) of polyhydric alcohols, except polyhydric alcohols for use as a substitute for sugar in human food consumption. Such licenses shall be issued under regulations of the Secretary of Agriculture which he determines are necessary to insure the use of such articles only for such purposes.
- (b) "Not to be further refined or improved in quality" as used in subheading 9904.40.20 means not to be further refined or improved in quality by being subjected substantially to the processes of (1) affination or defecation, (2) clarification or (3) further purification by absorption or crystallization.
- (c) (i) The quarterly adjusted fee provided for in subheadings 9904.40.20 and 9904.40.60 shall be the amount of the fee for subheading 9904.40.40 plus 2.2 cents per kilogram.
- (ii) The quarterly adjusted fee provided for in subheading 9904.40.40 shall be the amount by which the average of the adjusted daily spot (domestic) price quotations for raw sugar for the 20 consecutive market days immediately preceding the 20th day of the month preceding the calendar quarter during which the fee shall be applicable (as reported by the New York Coffee, Sugar and Cocoa Exchange) expressed in United States cents per kilogram, in bulk, is less than the applicable market stabilization price: Provided, That whenever the average of such daily spot (domestic) price quotations for 10 consecutive market days within any calendar quarter, (1) exceeds the market stabilization price by more than 2.2 cents, the fee then in effect shall be decreased by 2.2 cents per kilogram, or (2) is less than the market stabilization price by more than 2.2 cents, the fee then in effect shall be increased by 2.2 cents per kilogram. The adjusted daily spot (domestic) price quotation for any market day shall be the daily spot (domestic) price quotation for such market day less the amount of the fee for subheading 9904.40.40 that is in effect on that day. For any market day for which the New York Coffee, Sugar and Cocoa Exchange does not report a daily spot (domestic) price for raw sugar, then the Secretary of Agriculture (the Secretary) shall use such other price as he determines appropriate.
- (iii) The market stabilization price that shall be applicable to each fiscal year (October 1-September 30) shall be determined and announced by the Secretary in accordance with this note no later than 30 days prior to the beginning of the fiscal year for which such market stabilization price shall be applicable. The market stabilization price shall be equal to the sum of: (1) the price support level for the applicable fiscal year, expressed in cents per kilogram of raw cane sugar; (2) adjusted average transportation costs; (3) interest costs, if applicable; and (4) 0.44 cents. The adjusted average transportation costs shall be the weighted average cost of handling and transporting domestically produced raw cane sugar from Hawaii to Gulf and Atlantic Coast ports, as determined by the Secretary. Interest costs shall be the amount of interest, as determined, or estimated by the Secretary, that would be required to be paid by a recipient of a price support loan for raw cane sugar upon repayment of the loan at full maturity. Interest costs shall only be applicable if a price support loan recipient is not required to pay interest upon forfeiture of the loan collateral.
- (iv) Notwithstanding the provisions of paragraph (iii) hereof, if the Secretary determines that there is a significant change in any one or more of the elements comprising the market stabilization price during the fiscal year, the Secretary shall adjust the market stabilization price within the fiscal year to reflect such change. The Secretary shall announce any such adjusted market stabilization price and file notice thereof with the Federal Register. This adjusted market stabilization price will become effective the first calendar quarter following its announcement or, if the Secretary announced it less than 30 days before the beginning of a new calendar quarter, then it will become effective the second calendar quarter following its announcement. Any adjusted market stabilization price, once effective, shall remain in effect through the remainder of the fiscal year unless it is adjusted further in accordance with this paragraph.

Note: The shaded area indicates that these U.S. notes have been suspended.

- (v) The Secretary shall determine the amount of the quarterly fees in accordance with this note and shall announce such fees not later than the 25th day of the month preceding the calendar quarter during which the fees shall be applicable. The Secretary shall certify the amount of such fees to the Commissioner of Customs and file notice thereof with the Federal Register prior to the beginning of the calendar quarter during which the fees shall be applicable. The Secretary shall determine and announce any adjustment in the fees made within a calendar quarter in accordance with the proviso of paragraph (ii) hereof, shall certify such adjusted fees to the Commissioner of Customs, and shall file notice thereof with the Federal Register within 3 market days of the fulfillment of that proviso.
- (vi) If an adjustment is made in the fee in accordance with the proviso of paragraph (ii) hereof, any subsequent adjustment made within that quarter shall only be made on the basis of the average spot price for any 10 consecutive market day period following the effective date of the immediately preceding fee adjustment. No adjustment shall be made in any fee in accordance with the proviso of paragraph (ii) hereof during the last fifteen market days of a calendar quarter.
- (vii) Any adjustment made in a fee during a quarter in accordance with the proviso of paragraph (ii) hereof shall be effective only with respect to sugar entered or withdrawn from warehouse for consumption after 12:01 a.m. (local time at point of entry) on the day following the filing of notice thereof with the Federal Register. Provided, That such adjustment in the fee shall not apply to sugar exported (as defined by Customs in accordance with 19 C.F.R. 152.1) on a through bill of lading to the United States from the country of origin before such time. The exemption contained in the preceding proviso shall apply regardless of whether the adjustment in the fee is upward or downward.
- (d) The following provisions have been suspended pursuant to executive action: subparagraphs (c)(ii) through (c)(vii), inclusive, of this note and subheading 9904.40.40.
