¹ For purposes of these investigations, the Department of Commerce has defined the subject merchandise as wax and wax/resin thermal transfer ribbons (TTR) in slit or unslit ("jumbo") form with a total wax (natural or synthetic) content of all the image side layers, that transfer in whole or in part, of equal to or greater than 20 percent by weight and a wax content of the colorant layer of equal to or greater than 10 percent by weight, and a black color as defined by industry standards by the CIELAB (International Commission on Illumination) color specification such that $L^* < 35$, $-20 < a^* < 35$, and $-40 < b^* < 31$, and black and near-black TTR. TTR is typically used in printers generating alphanumeric and machine-readable characters, such as bar codes and facsimile machines.

Excluded from product coverage are: (1) resin TTR; (2) finished thermal transfer ribbons with a width equal to or greater than 212 millimeters (mm), but not greater than 220 mm (or 8.35 inches and 8.66 inches) and a length of 230 meters (m) or less (i.e., slit fax TTR, including cassetted TTR; and (3) ribbons with a magnetic content of greater than 45 percent, by weight, in the colorant layer.

The imported products are provided for in heading 3702 and subheadings 3921.90.40 and 9612.10.90 (imported under statistical reporting numbers 3921.90.4025 and 9612.10.9030) of the Harmonized Tariff Schedule of the United States (HTS). The tariff classifications are provided for convenience and Customs and Border Protection (CBP) purposes; however, the written description of the products subject to investigation is dispositive.

SUPPLEMENTARY INFORMATION:

Background.--The final phase of these investigations is being scheduled as a result of affirmative preliminary determinations by the Department of Commerce that imports of certain wax and wax/resin thermal transfer ribbons from France and Japan are being sold in the United States at less than fair value within the meaning of section 733 of the Act (19 U.S.C. § 1673b). The investigations were requested in a petition filed on May 30, 2003, by International Imaging Materials, Inc. (IIMAK), Amherst, NY.

Although the Department of Commerce has preliminarily determined that imports of certain wax and wax/resin thermal transfer ribbons from Korea are not being and are not likely to be sold in the United States at less than fair value, for purposes of efficiency the Commission hereby waives rule 207.21(b)² so that the final phase of the investigations may proceed concurrently in the event that Commerce makes a final affirmative determination with respect to such imports.

Participation in the investigations and public service list.--Persons, including industrial users of the subject merchandise and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the final phase of these investigations as parties must file an entry of appearance with the Secretary to the Commission, as provided in section 201.11 of the Commission's rules, no later than 21 days prior to the hearing date specified in this notice. A party that filed a notice of appearance during the preliminary phase of the investigations need not file an additional notice of appearance during this final phase. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigations.

Limited disclosure of business proprietary information (BPI) under an administrative protective order (APO) and BPI service list.--Pursuant to section 207.7(a) of the Commission's rules, the Secretary will make BPI gathered in the final phase of these investigations available to authorized applicants under the APO issued in the investigations, provided that the application is made no later than 21 days prior to the hearing date specified in this notice. Authorized applicants must represent interested parties, as defined by 19 U.S.C. § 1677(9), who are parties to the investigations. A party granted access to BPI in the preliminary phase of the investigations need not reapply for such access. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

Staff report.--The prehearing staff report in the final phase of these investigations will be placed in the nonpublic record on February 24, 2004, and a public version will be issued thereafter, pursuant to section 207.22 of the Commission's rules.

Hearing.--The Commission will hold a hearing in connection with the final phase of this investigation beginning at 9:30 a.m. on March 9, 2004, at the U.S. International Trade Commission

² Section 207.21(b) of the Commission's rules provides that, where the Department of Commerce has issued a negative preliminary determination, the Commission will publish a Final Phase Notice of Scheduling upon receipt of an affirmative final determination from Commerce.

Building. Requests to appear at the hearing should be filed in writing with the Secretary to the Commission on or before March 2, 2004. A nonparty who has testimony that may aid the Commission's deliberations may request permission to present a short statement at the hearing. All parties and nonparties desiring to appear at the hearing and make oral presentations should attend a prehearing conference to be held at 9:30 a.m. on March 4, 2004, at the U.S. International Trade Commission Building. Oral testimony and written materials to be submitted at the public hearing are governed by sections 201.6(b)(2), 201.13(f), and 207.24 of the Commission's rules. Parties must submit any request to present a portion of their hearing testimony in camera no later than 7 days prior to the date of the hearing.

Written submissions.--Each party who is an interested party shall submit a prehearing brief to the Commission. Prehearing briefs must conform with the provisions of section 207.23 of the Commission's rules; the deadline for filing is March 2, 2004. Parties may also file written testimony in connection with their presentation at the hearing, as provided in section 207.24 of the Commission's rules, and posthearing briefs, which must conform with the provisions of section 207.25 of the Commission's rules. The deadline for filing posthearing briefs is March 16, 2004; witness testimony must be filed no later than three days before the hearing. In addition, any person who has not entered an appearance as a party to the investigations may submit a written statement of information pertinent to the subject of the investigations on or before March 16, 2004. On March 31, 2004, the Commission will make available to parties all information on which they have not had an opportunity to comment. Parties may submit final comments on this information on or before April 2, 2004, but such final comments must not contain new factual information and must otherwise comply with section 207.30 of the Commission's rules. All written submissions must conform with the provisions of section 201.8 of the Commission's rules; any submissions that contain BPI must also conform with the requirements of sections 201.6, 207.3, and 207.7 of the Commission's rules. The Commission's rules do not authorize filing of submissions with the Secretary by facsimile or electronic means, except to the extent permitted by section 201.8 of the Commission's rules, as amended, 67 Fed. Reg. 68036 (November 8, 2002).

In accordance with sections 201.16(c) and 207.3 of the Commission's rules, each document filed by a party to the investigations must be served on all other parties to the investigations (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.

AUTHORITY: These investigations are being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to section 207.21 of the Commission's rules.

By order of the Commission.

Secretary to the Commission
