SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined to issue cease and desist orders against certain respondents found in default. The investigation is terminated.

The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov/>. Hearing-impaired persons are advised that information on the matter can be obtained by contacting the Commission's TDD terminal on 202-205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted the investigation underlying this enforcement proceeding on October 8, 2010, based on a complaint filed by Leviton Manufacturing Co., Inc., of Melville, New York ("Leviton"). 75 *Fed. Reg.* 62420 (Oct. 8, 2010). The complaint alleged violations of section 337 of the Tariff Act of 1930, as amended (19 U.S.C. § 1337), in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain ground fault circuit interrupters and products containing the same by reason of infringement of, *inter alia*, U.S. Patent No. 7,737,809 ("the '809 patent").

On April 27, 2012, the Commission issued a general exclusion order barring entry of ground fault circuit interrupters that infringe certain claims of the '809 patent. The Commission also entered cease and desist orders against several respondents, including defaulting domestic and foreign respondents: Menard, Inc., of Eau Claire, Wisconsin; Garvin Industries, Inc., of Franklin Park, Illinois; Aubuchon Co., Inc., of Westminster, Massachusetts; Westside Wholesale Electric & Lighting, Inc., of Los Angeles, California; New Aspen Devices Corporation, of Brooklyn, New York; American Ace Supply Inc., of San Francisco, California; Contractor Lighting & Supply, Inc., of Columbus, Ohio; Littman Bros. Energy Supplies, Inc. of Schaumburg, Illinois; Safety Plus, Inc., of McFarland, Wisconsin; Norcross Electric Supply Co. of Suwanee, Georgia; Royal Pacific Ltd. of Albuquerque, New Mexico; and Zhejiang Easting House Electric Co. of Zhejiang, China.

On November 1, 2012, the Commission instituted a proceeding for the enforcement of the Commission's remedial orders based on an enforcement complaint filed by Leviton. *77 Fed. Reg.* 66080 (Nov. 1, 2012). The enforcement complaint alleged that domestic respondent American Electric Depot Inc. ("AED"); and foreign respondents Shanghai ELE Manufacturing Corp. ("Shanghai ELE"), and Shanghai Jia AO Electrical Co., Ltd. ("Shanghai Jia AO") violated the general exclusion order. The enforcement complaint also alleged that other respondents violated cease and desist orders. On February 14, 2013, the presiding administrative law judge ("ALJ") issued an initial determination finding AED, Shanghai ELE, and Shanghai Jia AO in default. All other respondents settled. On April 10, 2013, the Commission determined not to review the initial determination with respect to the defaulting respondents.

On April 16, 2013, complainant Leviton filed a motion requesting that the Commission issue (1) a cease and desist order against AED; and (2) seizure and forfeiture orders against ground fault circuit interrupters imported or sold by AED, Shanghai ELE, and Shanghai Jia AO. On April 26, 2013, the Commission investigative attorney ("IA") filed a response supporting Leviton's motion with respect to a cease and desist order against AED. None of the defaulting respondents filed a response.

On May 22, 2013, the ALJ issued a recommended determination ("RD") on remedy. The ALJ drew an inference from AED's refusal to participate in the enforcement proceeding that AED has commercially significant inventories of infringing articles. Accordingly, the ALJ recommended that the Commission issue a cease and desist order prohibiting AED from selling or distributing infringing articles in the United States. The ALJ declined to recommend seizure and forfeiture orders because he found Leviton failed to show evidence that infringing articles were previously denied entry, as required under Commission Rule 210.75(b)(6)(ii).

On July 31, 2013, the Commission requested briefing on the remedy, bonding and the public interest. On August 16, 2013, the Commission received submissions from Leviton and the IA. The Commission did not receive any comments from the defaulting respondents or the public. On August 30, 2013, the IA filed a reply submission. On September 3, 2013, the IA filed an unopposed motion to file a substitute submission. The Commission hereby grants the IA's motion to file a substitute submission.

The Commission has determined that the appropriate form of relief consists of cease and desist orders prohibiting defaulting respondents AED, Shanghai ELE, and Shanghai Jia AO from conducting any of the following activities in the United States: importing, selling, marketing, advertising, distributing, offering for sale, transferring (except for exportation), and soliciting U.S. agents or distributors for ground fault circuit interrupters and products containing the same that infringe one or more of claims 1-4, 6, 8-11, 13, 15-16, 35-37, 39, and 41-46 of the '809 patent. The Commission has determined that there are sufficient allegations in the enforcement complaint of domestic activities by the defaulting respondents to support issuance of cease and desist orders. *See Certain Digital Photo Frames and Image Display Devices and Components Thereof*, Inv. 337-TA-807, Comm'n Op. (March 27, 2013).

The Commission has further determined that the public interest factors enumerated in subsection (g)(1) (19 U.S.C. § 1337 (g)(1)) do not preclude issuance of the cease and desist orders. Finally, the Commission has determined to set a bond of \$0.25 per unit for temporary activities otherwise prohibited by the cease and desist orders with respect to the articles in question during the period of Presidential review (19 U.S.C. § 1337(j)). The Commission's orders and the record upon which it based its determination were delivered to the President and to the United States Trade Representative on the day of their issuance.

The Commission has terminated the investigation. The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. § 1337), and in Part 210 of the Commission's Rules of Practice and Procedure (19 C.F.R. Part 210).

This bond provision does not apply to conduct that is otherwise permitted by Section IV of this Order or importation that is prohibited by the general exclusion order issued in the underlying investigation.

The bond is to be posted in accordance with the procedures established by the Commission for the posting of bonds by complainants in connection with the issuance of temporary exclusion orders. *See* Commission Rule 210.68, 19 C.F.R. § 210.68. Inv. No. 337-TA-739

**NOTICE OF FINAL DETERMINATION; ISSUANCE OF A GENERAL EXCLUSION
ORDER AND CEASE AND DESIST ORDERS; TERMINATION OF INVESTIGATION**

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined that a violation of section 337 of the Tariff Act of 1930, as amended (19 U.S.C. § 1337) has been shown to exist in the above-captioned investigation and has issued a general exclusion order and cease and desist orders. The investigation is terminated.

FOR FURTHER INFORMATION: Clark S. Cheney, Office of the General Counsel, U.S. International Trade Commission, 500 E Street, S.W., Washington, D.C. 20436, telephone 202-205-2661. General information concerning the Commission may also be obtained by accessing its Internet server (<http://www.usitc.gov>). The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on 202-205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on October 8, 2010, based on a complaint and an amended complaint filed by Leviton Manufacturing Co., of Melville, New York ("Leviton"). *75 Fed. Reg.* 62420 (Oct. 8, 2010). The complaint and amended complaint alleged violations of section 337 of the Tariff Act of 1930, as amended (19 U.S.C. § 1337), in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain ground fault circuit interrupters and products containing the same by reason of infringement of claims 1-7, 9-11, 13-17, 23-26,

and 32-36 of U.S. Patent No. 7,463,124 (“the ’124 patent”); claims 1-11, 13-28, 30-59, 61-64, and 74-83 of U.S. Patent No. 7,737,809 (“the ’809 patent”); and claims 1-4 and 8 of U.S. Patent No. 7,764,151 (“the ’151 patent”). The notice of investigation named numerous respondents, and during the course of the investigation several of the respondents were found to be in default or were terminated on the basis of settlement agreements, consent orders, or withdrawn allegations. At the time of the evidentiary hearing, seven respondents remained in the investigation, consisting of Zhejiang Trimone Electric Science & Technology Co. Ltd., of Zhejiang, China (“Trimone”); Fujian Hongan Electric Co, Ltd., of Fujian, China (“Hongan”); TDE, Inc., of Bellevue, Washington (“TDE”); Shanghai ELE Manufacturing Corp., of Shanghai, China (“ELE”); Orbit Industries, Inc., of Los Angeles, California (“Orbit”); American Electric Depot Inc., of Fresh Meadows, New York (“AED”); and Shanghai Jia AO Electrical Co. (“Shanghai Jia”).

On December 20, 2011, the presiding administrative law judge (“ALJ”) issued his final initial determination (“ID”) in this investigation finding that Leviton had not sufficiently shown that a domestic industry exists with respect to articles protected by the asserted patents. Accordingly, the ALJ found no violation of section 337.

On February 21, 2012, the Commission issued a notice that it had determined to review the ID in its entirety and requested submissions from the parties on certain issues under review and from the parties and the public on the issues of remedy, the public interest, and bonding.

In response to the Commission’s notice of review, Leviton, Trimone, Hongan, TDE, the Commission investigative attorney, and non-party Pass & Seymour, Inc. filed submissions and replies. Pass & Seymour, Inc. also submitted a motion for leave to file a sur-reply, which the Commission has denied.

Upon review of the final ID, the submissions received in response to the Commission’s notice of review, and the record of the investigation, the Commission has determined that a violation of section 337 has been shown based on infringement of claims 1-4, 6, 8-11, 13, 15-16, 35-37, 39, and 41-46 of the ’809 patent. The Commission has determined that certain claims of the ’124 and ’151 patents are invalid and no violation based on those patents has been shown.

The Commission has determined that the appropriate form of relief is as follows: (1) a general exclusion order prohibiting the unlicensed entry of ground fault circuit interrupters and products containing the same that infringe one or more of claims 1-4, 6, 8-11, 13, 15-16, 35-37, 39, and 41-46 of the ’809 patent, and (2) cease and desist orders prohibiting defaulting respondents Menard, Inc., of Eau Claire, Wisconsin; Garvin Industries, Inc., of Franklin Park, Illinois; Aubuchon Co., Inc., of Westminister, Massachusetts; Westside Wholesale Electric & Lighting, Inc., of Los Angeles, California; New Aspen Devices Corporation, of Brooklyn, New York; American Ace Supply Inc., of San Francisco, California; Contractor Lighting & Supply, Inc., of Columbus, Ohio; Littman Bros. Energy Supplies, Inc., of Schaumburg, Illinois; Safety Plus, Inc., of McFarland, Wisconsin; Norcross Electric Supply Co. of Suwanee, Georgia; Royal Pacific Ltd. of Albuquerque, New Mexico; and Zhejiang Easting House Electric Co. of Zhejiang, China, from conducting any of the following activities in the United States: importing, selling, marketing, advertising, distributing, offering for sale, transferring (except for exportation), and

soliciting U.S. agents or distributors for ground fault circuit interrupters and products containing the same that infringe one or more of claims 1-4, 6, 8-11, 13, 15-16, 35-37, 39, and 41-46 of the '809 patent.

The Commission has further determined that the public interest factors enumerated in subsections (d)(1) and (f) (19 U.S.C. §§ 1337(d)(1), (f)) do not preclude issuance of the general exclusion order or the cease and desist orders. Finally, the Commission has determined that a bond of \$0.25 per unit is required to permit temporary importation of the articles in question during the period of Presidential review (19 U.S.C. § 1337(j)). The Commission's orders and the record upon which it based its determination were delivered to the President and to the United States Trade Representative on the day of their issuance. The Commission has also notified the Secretary of the Treasury of the orders.

The Commission has terminated the investigation. The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. § 1337), and in Part 210 of the Commission's Rules of Practice and Procedure (19 C.F.R. Part 210).

By order of the Commission.

In determining whether Respondent is in violation of this Order, the Commission may infer facts adverse to Respondent if Respondent fails to provide adequate or timely information.

Bonding

The conduct prohibited by Section III of this Order may be continued during the sixty (60) day period in which this Order is under review by the United States Trade Representative as delegated by the President, 70 Fed. Reg. 43251 (July 21, 2005), subject to Respondent posting a bond in the amount of \$0.25 per unit. This bond provision does not apply to conduct that is otherwise permitted by Section IV of this Order. Covered products imported on or after the date of

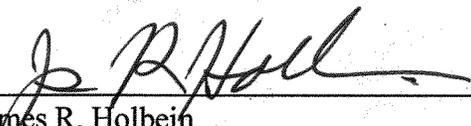

issuance of this order are subject to the entry bond as set forth in the exclusion order issued by the Commission, and are not subject to this bond provision.

The bond is to be posted in accordance with the procedures established by the Commission for the posting of bonds by complainants in connection with the issuance of temporary exclusion orders. *See* 19 C.F.R. § 210.68. The bond and any accompanying documentation is to be provided to and approved by the Commission prior to the commencement of conduct which is otherwise prohibited by Section III of this Order. Upon acceptance of the bond by the Secretary, (a) the Secretary will serve an acceptance letter on all parties and (b) Respondent must serve a copy of the bond and any accompanying documentation on Complainant's counsel.²

The bond is to be forfeited in the event that the United States Trade Representative approves, or does not disapprove within the review period, this Order, unless (i) the U.S. Court of Appeals for the Federal Circuit, in a final judgment, reverses any Commission final determination and order as to a Respondent on appeal, or (ii) Respondent exports or destroys the products subject to this and provides certification to that effect satisfactory to the Commission.

The bond is to be released in the event the United States Trade Representative disapproves this Order and no subsequent order is issued by the Commission and approved, or not disapproved, by the United States Trade Representative, upon service on Respondent of an order issued by the Commission based upon application therefore made by Respondent to the Commission.

By Order of the Commission.

UNITED STATES INTERNATIONAL TRADE COMMISSION

Washington, D.C.

In the Matter of

**CERTAIN GROUND FAULT CIRCUIT
INTERRUPTERS AND PRODUCTS
CONTAINING SAME**

Inv. No. 337-TA-739

GENERAL EXCLUSION ORDER

The Commission has determined that there is a violation of Section 337 of the Tariff Act of 1930, as amended (19 U.S.C. § 1337), in the unlawful importation and sale of certain ground fault circuit interrupters and products containing same that infringe claims 1-4, 6, 8-11, 13, 15-16, 35-37, 39, and 41-46 of U.S. Patent No. 7,737,809 ("the '809 patent").

Having reviewed the record in this investigation, including the written submissions of the parties, the Commission has made its determinations on the issues of remedy, the public interest, and bonding. The Commission has determined that a general exclusion from entry for consumption is necessary, and accordingly, the Commission has determined to issue a general exclusion order prohibiting the unlicensed importation of infringing ground fault circuit interrupters and products containing same.

The Commission has also determined that the public interest factors enumerated in 19 U.S.C. § 1337(d) do not preclude the issuance of the general exclusion order, and that the bond during the Presidential review period shall be in the amount of \$0.25 per unit of the articles in question.

Accordingly, the Commission hereby **ORDERS** that:

1. Ground fault circuit interrupters and products containing same covered by one or more of claims 1-4, 6, 8-11, 13, 15-16, 35-37, 39, and 41-46 of the '809 patent are excluded from entry into the United States for consumption, entry for consumption from a foreign-trade zone, or withdrawal from a warehouse for consumption, for the remaining terms of the patents, except under license of the patent owner or as provided by law.

2. Notwithstanding paragraph 1 of this Order, the aforesaid ground fault circuit interrupters and products containing same are entitled to entry into the United States for consumption, entry for consumption from a foreign-trade zone, or withdrawal from a warehouse for consumption under bond in the amount of \$0.25 per unit of the products, pursuant to subsection (j) of section 337 (19 U.S.C. § 1337(j)) and the Presidential memorandum for the United States Trade Representative of July 21, 2005 (70 Fed. Reg. 43,251), from the day after this Order is received by the United States Trade Representative until such time as the United States Trade Representative notifies the Commission that this Order is approved or disapproved but, in any event, not later than sixty days after the date of receipt of this Order.

3. At the discretion of U.S. Customs and Border Protection ("CBP") and pursuant to procedures that it establishes, persons seeking to import ground fault circuit interrupters and products containing the same that are potentially subject to this Order may be required to certify that they are familiar with the terms of this Order, that they have made appropriate inquiry, and thereupon state that, to the best of their knowledge and belief, the products being imported are not excluded from entry under paragraph 1 of this Order. At its discretion, CBP may require persons

who have provided the certification described in this paragraph to furnish such records or analyses as are necessary to substantiate the certification.

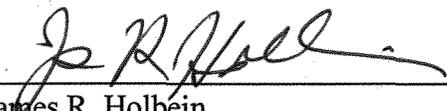

4. In accordance with 19 U.S.C. § 1337(1), the provisions of this Order shall not apply to ground fault circuit interrupters and products containing the same imported by and for the use of the United States, or imported for, and to be used for, the United States with the authorization or consent of the Government.

5. The Commission may modify this Order in accordance with the procedure described in section 210.76 of the Commission's Rules of Practice and Procedure (19 C.F.R. § 210.76).

6. The Secretary to the Commission shall serve copies of this Order upon each party of record in this investigation and upon the Department of Health and Human Services, the Department of Justice, the Federal Trade Commission, and U.S. Customs and Border Protection.

7. Notice of this Order shall be published in the *Federal Register*.

By order of the Commission.
