Supplement to USITC Publication 1131, The Multifiber Arrangement, 1973 to 1980, Volume 2, March 1981. The pages in this supplement reflect updated statistics for Tables 2 through 65A incorporating data for the entire year 1980. Because of the addition of Table 30B, some of the page numbers in this new packet will not correspond to those in the original report. It is suggested, therefore, that if you are substituting these supplemental tables for the earlier ones, you do so on the basis of table numbers rather than page numbers.
