As requested, the Commission will provide its probable economic effect advice and statistics (profile of the U.S. industry and market and U.S. import and export data) and any other relevant information or advice separately and individually for each U.S. Harmonized Tariff Schedule provision for all products subject to the request. The USTR indicated that those sections of the Commission’s report and working papers that contain the Commission’s advice and assessment of probable economic effects on domestic industries, on U.S. imports, and on U.S. consumers, will be classified as “confidential.” The USTR also stated that his office considers the Commission’s report to be an inter-agency memorandum that will contain pre-decisional advice and be subject to the deliberative process privilege.
