SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on June 24, 2016, based on a complaint filed on behalf of Tessera Technologies, Inc.; Tessera, Inc.; and Invensas Corporation, all of San Jose, California (collectively, “Tessera”). 81 FR 41344 (Jun. 24, 2016). The complaint alleged violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, by reason of infringement of certain claims of three patents. The notice of investigation named 24 respondents. 81 FR at 41344-45. The Office of Unfair Import Investigations is not participating in the investigation.

On June 30, 2017, the presiding administrative law judge issued the final ID. On July 17, 2017, Tessera and the respondents each filed a petition for Commission review of the ID, and on July 25, 2017, each responded to the other's petition. Each such submission is at or near the page limitation set by Commission rule. 19 CFR 210.43(b)(2), (c).

In view of the complexity of the investigation and the number of issues raised in the parties' petitions for review and responses thereto, the Commission has determined to extend the date for its determination whether to review the ID from August 31, 2017, to September 29, 2017. As a result, the Commission has also determined to extend the target date for completion of the investigation from October 30, 2017, to December 1, 2017.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, and in Part 210 of the Commission's Rules of Practice and Procedure, 19 CFR part 210.

By order of the Commission.
