SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on October 11, 2017, based on a complaint filed by Intellectual Ventures II LLC (“Complainant”) of Bellevue, Washington. 82 FR 47250-51 (Oct. 11, 2017). The complaint alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. § 1337 (“section 337”), in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain thermoplastic-encapsulated electric motors, components thereof, and products and vehicles containing same by reason of infringement of certain claims of U.S. Patent Nos. 7,154,200; 7,067,944; 7,067,952; 7,683,509; and 7,928,348. *Id.* The notice of investigation

named numerous respondents including DENSO Corporation of Aichi, Japan and DENSO International America, Inc. of Southfield, Michigan (collectively, “DENSO”). The Office of Unfair Import Investigations (“OUII”) also was named as a party to the investigation. *Id.*

On May 17, 2018, DENSO filed a motion to terminate the investigation in part based on the withdrawal of the allegations against it. The motion stated that there are no agreements, written or oral, express or implied between the parties concerning the subject matter of the investigation. Complainant did not oppose the motion. OUII did not oppose the motion, and the other respondents did not take a position on the motion.

On May 21, 2018, the ALJ issued an order granting the motion to terminate DENSO. The ALJ found that no extraordinary circumstances prevent the partial termination of the investigation. No petitions for review were filed.

The Commission has determined not to review the subject ID.

The authority for the Commission’s determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. § 1337), and in Part 210 of the Commission’s Rules of Practice and Procedure (19 CFR Part 210).

By order of the Commission.
