**AGENCY:** U.S. International Trade Commission.

**ACTION:** Notice.

**SUMMARY:** Notice is hereby given that the U.S. International Trade Commission has determined to extend until March 3, 2020, the date for determining whether to review an initial determination (“ID”) (Order No. 18) issued by the presiding administrative law judge (“ALJ”) (Judge Lord) granting respondents’ motion for partial termination of the investigation based on a lack of standing to assert U.S. Patent Nos. 7,191,053 and 7,483,783.

**SUPPLEMENTARY INFORMATION:** The Commission instituted this investigation on April 10, 2019, based on a complaint filed by DEI Holdings, Inc. and Directed, LLC, both of Vista, California, and Directed Electronics Canada Inc. of Lachine, Quebec, Canada (collectively, “Complainants”). 84 *Fed. Reg.* 14395-96 (Apr. 10, 2019). The complaint alleges violations of section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), in the

importation into the United States, the sale for importation, or the sale within the United States after importation of certain vehicle security and remote convenience systems and components thereof, by reason of infringement of certain claims of U.S. Patent Nos. 7,191,053 (“the ’053 patent”); 7,483,783 (“the ’783 patent”); 7,646,285; 7,898,386; and 8,378,800. *Id.* at 14396. The complaint further alleges that a domestic industry exists. *Id.* The notice of investigation names as respondents Automotive Data Solutions Inc. (“ADS”) of Montreal, Quebec, Canada; Firstech, LLC (“Firstech”) of Kent, Washington (collectively, “Respondents”); and AAMP of Florida, Inc. (“AAMP”) of Clearwater, Florida. *Id.* The Office of Unfair Import Investigations was not named as a party. Respondent AAMP was later terminated from the investigation based on a settlement agreement. Order No. 7 (Oct. 3, 2019), *as amended by* Corrected Order No. 7 (Oct. 4, 2019), *not reviewed by* Comm’n Notice (Oct. 22, 2019).

On December 10, 2019, respondents ADS and Firstech filed (1) a motion for partial termination of the investigation based on Complainants’ lack of standing to assert the ’053 and ’783 patents; and (2) a motion to strike the “Belated Production of the 2006 Astroflex Asset Purchase Agreement and Supplemental Responses to Respondents’ Interrogatory No. 23.” On December 23, 2019, Complainants filed oppositions to Respondents’ motions. On December 30, 2019, Respondents filed replies in support of their motions.

On January 9, 2020, the ALJ issued the subject ID addressing both of Respondents’ motions. The ID grants Respondents’ motion for partial termination as to the ’053 and ’783 patents on the grounds that Complainants failed to satisfy the standing requirement to assert those patents. ID at 2, 10-11. The ID also denies as moot Respondents’ motion to strike “in light of the decision herein to terminate the investigation with respect to the ’053 and ’783 patents.” *Id.* at 3 n.2.

On January 15, 2020, Complainants filed a motion for reconsideration of the subject ID under Ground Rule 3.12. On January 17, 2020, Complainants filed a petition for review of the subject ID, requesting that the Commission remand for a hearing on the ’053 and ’783 patents. Pet. at 4.

On January 24, 2020, the parties filed a joint motion to terminate the investigation in its entirety based on a settlement agreement. On January 31, 2020, the ALJ issued an ID (Order No. 20) granting the joint motion and terminating the investigation in its entirety.

The Commission has determined to extend until March 3, 2020, the date for determining whether to review the subject ID.

The authority for the Commission’s determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in Part 210 of the Commission’s Rules of Practice and Procedure (19 CFR Part 210).

By order of the Commission.
