**NOTICE OF A COMMISSION DETERMINATION TO REVIEW AN INITIAL
DETERMINATION GRANTING IN PART RESPONDENT'S MOTION FOR
SUMMARY DETERMINATION OF NON-INFRINGEMENT AND TERMINATING
THE INVESTIGATION AS TO U.S. PATENT NO. 10,218,833**

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined to review an initial determination ("ID") (Order No. 28) of the presiding chief administrative law judge ("CALJ") granting in part respondent's motion for summary determination of non-infringement and terminating the investigation as to U.S. Patent No. 10,218,833 ("the '833 patent").

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on January 4, 2021, based on a complaint filed on behalf of Traeger Pellet Grills LLC ("Traeger") of Salt Lake City, Utah. 86 FR 129-30 (Jan. 4, 2021). The complaint, as supplemented, alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, based upon the importation into the United States, the sale for importation, and the sale within the United States after importation of certain cloud-connected wood-pellet grills and components thereof by reason of infringement of certain claims of the '833 patent and U.S. Patent No. 10,158,720 ("the '720 patent"). The Commission's notice of investigation named GMG Products LLC ("GMG") of Lakeside, Oregon as the sole respondent. The Office of Unfair Import Investigations is not participating in the investigation. The Commission previously found that Traeger has satisfied

the economic prong of the domestic industry requirement with respect to the '833 and '720 patents. *See* Order No. 26 (Aug. 10, 2021), *unreviewed by* Comm'n Notice (Sept. 9, 2021).

On July 21, 2021, GMG filed a motion for summary determination of non-infringement as to the '833 and '720 patents. On August 9, 2021, Traeger filed a response opposing the motion.

On September 3, 2021, the CALJ issued the subject ID (Order No. 28) granting in part GMG's motion for summary determination of non-infringement as to the '833 patent and terminating that patent from the investigation. Specifically, the CALJ declined to grant summary determination regarding certain limitations recited in the '833 patent and declined to grant summary determination regarding the '720 patent. These denials of summary determination are not part of the subject ID and are not subject to Commission review.

On September 9, 2021, Traeger filed a petition for review of the subject ID. On September 16, 2021, GMG filed a response in opposition to Traeger's petition for review.

The Commission has determined to review the subject ID in its entirety.

The Commission vote for this determination took place on October 6, 2021.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, and in Part 210 of the Commission's Rules of Practice and Procedure, 19 CFR part 210.

By order of the Commission.

Lisa R. Barton
Secretary to the Commission
