SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined not to review an initial determination (“ID”) (Order No. 3) of the presiding administrative law judge (“ALJ”) granting an unopposed motion for partial termination of the investigation as to respondents Emerson Electric Co. of St. Louis, Missouri; Siemens Industry, Inc. of Buffalo Grove, Illinois; and Siemens AG of Munich, Germany (collectively, the “Terminated Respondents”), based on the withdrawal of the allegations in the complaint as to those respondents.

SUPPLEMENTARY INFORMATION: On April 2, 2021, the Commission instituted this investigation under section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337 (“section 337”), based on a complaint filed by EcoFactor, Inc. of Palo Alto, California (“Complainant”). See 86 FR 17402-03 (Apr. 2, 2021). The complaint, as amended and supplemented, alleges a violation of section 337 based upon the importation into the United States, the sale for importation, and the sale within the United States after importation of certain smart thermostat systems, smart HVAC systems, smart HVAC control systems, and components thereof by reason of infringement of certain claims of U.S. Patent Nos. 8,423,322; 8,019,567; 10,612,983;

8,596,550; and 8,886,488. *See id.* In addition to the Terminated Respondents, the notice of investigation also names the following respondents: Ecobee Ltd. and Ecobee, Inc. of Toronto, Canada; Google LLC of Mountain View, California; Carrier Global Corporation of Palm Beach Gardens, Florida; Honeywell International Inc. of Charlotte, North Carolina; Resideo Technologies, Inc. of Austin, Texas; and Johnson Controls International, PLC of Cork, Ireland. *See id.* The Office of Unfair Import Investigations is not a party to the investigation. *See id.*

On April 9, 2021, Complainant filed an unopposed motion for partial termination of the investigation as to the Terminated Respondents based on the withdrawal of the allegations in the complaint as to those respondents. No responses to the motion were filed.

On April 12, 2021, the ALJ issued the subject ID (Order No. 3) granting the motion. The ID finds that the motion complies with the Commission Rules. *See ID* at 1-2. In accordance with Commission Rule 210.21(a), 19 CFR 210.21(a), Complainant represents that “there are no agreements, written or oral, express or implied between [Complainant and the Terminated Respondents] concerning the subject matter of the investigation.” *See id.* at 1. In addition, the ID finds “no extraordinary circumstances that would prevent the requested partial termination of this investigation.” *See id.* at 2. No petition for review of the subject ID was filed.

The Commission has determined not to review the subject ID. The following respondents are terminated from the investigation: Emerson Electric Co.; Siemens Industry, Inc.; and Siemens AG.

The Commission’s vote for this determination took place on April 29, 2021.

The authority for the Commission’s determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in part 210 of the Commission’s Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.
