DETERMINATION EXTENDING THE TARGET DATE**

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined not to review an initial determination (“ID”) (Order No. 64) of the presiding administrative law judge (“ALJ”) extending the target date for completion of the above-captioned investigation by six weeks to April 20, 2012.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on October 8, 2010, based on a complaint filed by Leviton Manufacturing Co., Inc. of Melville, New York. *75 Fed. Reg.* 62420-21. The complaint alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. § 1337, in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain ground fault circuit interrupters and products containing same by reason of infringement of U.S. Patent Nos. 7,463,124; 7,737,809; and 7,764,151. The complaint further alleges the existence of a domestic industry. The Commission's notice of investigation named several respondents.

On October 21, 2011, the ALJ issued the subject ID extending the target date of the investigation to April 20, 2012, and the deadline for his final initial determination to December 20, 2011. He stated that the extension was necessary to accommodate a conflict that has arisen

in his schedule. No party petitioned for review of the ID pursuant to 19 C.F.R. § 210.43(a), and the Commission found no basis for ordering a review on its own initiative pursuant to 19 C.F.R. § 210.44. The Commission has determined not to review the ID.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. § 1337, and in section 210.42(h) of the Commission's Rules of Practice and Procedure, 19 C.F.R. § 210.42(h).

By order of the Commission.
