SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on November 20, 2015, based on a complaint filed by Diebold Incorporated and Diebold Self-Service Systems (collectively, "Diebold"). 80 FR 72735-36 (Nov. 20, 2015). The complaint alleged violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. § 1337, in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain automated teller machines, ATM modules, components thereof, and products containing the same by reason of infringement of certain claims of six United States Patents: 7,121,461 ("the '461 patent"); 7,249,761 ("the '761 patent"); 7,314,163 ("the '163 patent"); 6,082,616 ("the '616 patent"); 7,229,010 ("the '010 patent"); and 7,832,631 ("the '631 patent"). *Id.* The notice of investigation named as respondents Nautilus Hyosung Inc. of Seoul, Republic of Korea; Nautilus Hyosung America Inc. of Irving, Texas; and HS Global, Inc. of Brea, California (collectively, "Nautilus"). *Id.* at 72736. The Office of Unfair Import

Investigations was not named as a party. *Id.*

The '461 patent, '761 patent, and '163 patent were previously terminated from the investigation. *See* Order No. 12 (Apr. 28, 2016), *not reviewed*, Notice (May 11, 2016); Order No. 21 (June 28, 2016), *not reviewed*, Notice (July 28, 2016). The presiding administrative law judge (“ALJ”) conducted an evidentiary hearing from August 29, 2016 through September 1, 2016. On November 30, 2016, the ALJ issued the final Initial Determination (“final ID” or “ID”). The final ID found a violation of section 337 with respect to the '616 and '631 patents, and no violation with respect to the '010 patent. ID at 207-09.

Diebold and Nautilus each filed petitions for review concerning certain findings with respect to the '616 and '631 patents. On December 30, 2016, the parties submitted statements on the public interest. On January 30, 2017, the Commission determined to review and modify two claim constructions for the '616 patent. Notice at 2-3 (Jan. 30, 2017). The Commission’s reasoning in support of its claim construction determinations for the '616 patent was set forth more fully in the Commission Claim Construction Opinion, which also issued on January 30, 2017. “In view of the Commission’s determination to review and modify the construction of these two claim limitations, the Commission . . . also determined to review” for the asserted claims of the '616 patent: (1) infringement; (2) obviousness in view of Diebold’s 1064i automatic teller machine (“ATM”); and (3) the technical prong of the domestic industry requirement. *Id.* at 3. The Commission solicited further briefing from the parties on these issues, and briefing from the parties and the public on remedy, the public interest, and bonding. *Id.* at 4. The Commission determined not to review the final ID’s finding that section 337 has been violated as to the '631 patent. *Id.* at 2.

On February 10, 2017, Diebold and Nautilus filed their opening submissions on the issues under review and on remedy, the public interest, and bonding. On February 17, 2017, Diebold and Nautilus filed responses to each other’s opening submission. Nautilus also submitted letters to the Commission concerning the public interest from Nautilus’s customers. The Commission is presently considering final disposition of the ID.

The Commission has determined to extend the target date for completion of the investigation from April 12, 2017, to May 19, 2017.

The authority for the Commission’s determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in Part 210 of the Commission’s Rules of Practice and Procedure (19 CFR Part 210).

By order of the Commission.
