SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on February 3, 2016, based on a complaint filed by Advanced Silicon Technologies LLC of Portsmouth, New Hampshire. 81 *Fed. Reg.* 5782-84. The complaint alleged violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. § 1337, by reason of infringement of certain claims of U.S. Patent No. 6,339,428 and the '439, '945, and '935 patents. The complaint further alleged that a domestic industry exists. The Commission's Notice of Investigation named several respondents including the Renesas respondents. The Office of

Unfair Import Investigations was also named as a party to the investigation.

On June 20, 2016, complainant filed an unopposed motion for termination of the investigation as to the above-identified claims.

On June 24, 2016, the ALJ issued the subject ID (Order No. 41) granting the unopposed motion for partial termination of the investigation and finding that the motion satisfies Commission Rule 210.21(a)(1) and that termination is in the public interest. No party petitioned for review of the ID.

The Commission has determined not to review the ID.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. ' 1337), and in Part 210 of the Commission's Rules of Practice and Procedure (19 C.F.R. Part 210).

By order of the Commission.
