¹ While Commerce has preliminarily determined that countervailable subsidies are not being provided to producers and exporters of OCTG from South Korea, the Commission is continuing its investigative activities pursuant to Commission rule 207.21(c).

SUPPLEMENTARY INFORMATION:

Scope-- For purposes of these investigations, Commerce has defined the subject merchandise as “certain OCTG, which are hollow steel products of circular cross-section, including oil well casing and tubing, of iron (other than case iron) or steel (both carbon and alloy), whether seamless or welded, regardless of end finish (e.g., whether or not plain end, threaded, or threaded and coupled) whether or not conforming to American Petroleum Institute (API) or non-API specifications, whether finished (including limited service OCTG products) or unfinished (including green tubes and limited service OCTG products), whether or not thread protectors are attached. The scope of this investigation also covers OCTG coupling stock. Subject merchandise includes material matching the above description that has been finished, packaged, or otherwise processed in a third country, including by performing any heat treatment, cutting, upsetting, threading, coupling, or any other finishing, packaging, or processing that would not otherwise remove the merchandise from the scope of the investigation if performed in the country of manufacture of the OCTG. Excluded from the scope of the investigation are: casing, tubing, or coupling stock containing 10.5 percent or more by weight of chromium; drill pipe; unattached couplings; and unattached thread protectors.”

Background--The final phase of these investigations is being scheduled pursuant to sections 705(b) and 731(b) of the Tariff Act of 1930 (19 U.S.C. 1671d(b) and 1673d(b)), as a result of affirmative preliminary determinations by Commerce that certain benefits which constitute subsidies within the meaning of § 703 of the Act (19 U.S.C. 1671b) are being provided to manufacturers, producers, or exporters in Russia of OCTG, and that imports of such products from Argentina, Mexico, and Russia are being sold in the United States at less than fair value within the meaning of § 733 of the Act (19 U.S.C. 1673b). The investigations were requested in petitions filed on October 6, 2021, by Borusan Mannesmann Pipe U.S., Inc., Baytown, Texas; PTC Liberty Tubulars LLC, Liberty, Texas; U.S. Steel Tubular Products, Inc., Pittsburgh, Pennsylvania; Welded Tube USA, Inc., Lackawanna, New York; and the United States Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union, AFL-CIO, CLC, Pittsburgh, Pennsylvania.
