Subpart C—Availability of Information to the Public Pursuant to 5 U.S.C. 552

Source: 40 FR 8328, Feb. 27, 1975, unless otherwise noted.

§201.17 Procedures for requesting access to records.

(a) Requests for records. (1) A request for any information or record shall be addressed to the Secretary, United States International Trade Commission, 500 E Street SW., Washington, DC 20436 and shall indicate clearly in the request, and if the request is in paper form on the envelope, that it is a “Freedom of Information Act Request.” A written request may be made either (1) in paper form, or (2) electronically by contacting the Commission at http://www.usitc.gov/foia.htm.

(2) Any request shall reasonably describe the requested record to facilitate location of the record. If the request pertains to a record that is part of the Commission's file in an investigation, the request should identify the investigation by number and name. A clear description of the requested record(s) should reduce the time required by the Commission to locate and disclose releasable responsive record(s) and minimize any applicable search and copying charges.

(3) Except as provided in paragraph (b) of this section, requests will be processed in the order in which they are filed.

(4) Requests for transcripts of hearings should be addressed to the official hearing reporter, the name and address of which can be obtained from the Secretary. A copy of such request shall at the same time be forwarded to the Secretary.

(5) Copies of public Commission reports and other publications are available online at http://www.usitc.gov/publications/by__type.htm, or can be requested by calling or writing the Office of the Secretary. Certain Commission publications are sold by the Superintendent of Documents, U.S. Government Printing Office, and are available from that agency at the price set by that agency.

(6) A day-to-day, composite record will be kept by the Secretary of each request with the disposition thereof.

(b) Expedited processing. (1) Requests for records under paragraph (a)(1) of this section will be taken out of order and given expedited treatment whenever it is determined that they involve:

(i) Circumstances in which the lack of expedited treatment could reasonably be expected to pose an imminent threat to the life or physical safety of an individual;

(ii) An urgency to inform the public about an actual or alleged federal government activity, if made by a person primarily engaged in disseminating information;

(iii) The loss of substantial due process rights; or

(iv) A matter of widespread and exceptional media interest in which there exist possible questions about the government’s integrity which affect public confidence.

(2) A request for expedited processing may be made at the time of the initial request for records or at any later time.
(3) A requester who seeks expedited processing must submit a statement, certified to be true and correct to the best of that person's knowledge and belief, explaining in detail the basis for requesting expedited processing. For example, a requester within paragraph (b)(1)(ii) of this section, if not a full-time member of the news media, must establish that he or she is a person whose main professional activity or occupation is information dissemination, though it need not be his or her sole occupation. A requester within paragraph (b)(1)(ii) of this section also must establish a particular urgency to inform the public about the government activity involved in the request, beyond the public's right to know about government activity generally. The formality of certification may be waived as a matter of administrative discretion.

(4) Within ten calendar days of receipt of a request for expedited processing, the Secretary will decide whether to grant it and will notify the requester of the decision. If a request for expedited treatment is granted, the request will be given priority and will be processed as soon as practicable. If a request for expedited processing is denied, any appeal of that decision will be acted on expeditiously.

(c) Public reading room. The Commission maintains a public reading room in the Office of the Secretary for access to the records that the FOIA requires to be made regularly available for public inspection and copying. Reading room records created by the Commission on or after November 1, 1996, are available electronically. This includes a current subject-matter index of reading room records, which will indicate which records are available electronically.

(d) Acknowledgment. The Secretary will provide to a requester an acknowledgment of the receipt of a request and an individualized tracking number for each request. The requester may obtain information about the status of the request and/or contact the Commission's FOIA Public Liaison by telephone (202-205-2595) or email (foia.se.se@usitc.gov). The FOIA Public Liaison is responsible for assisting in reducing delays, increasing transparency and understanding of the status of requests, and assisting in the resolution of disputes.

(e) First-party requests. The FOIA applies to third-party requests for documents concerning the general activities of the government and of the Commission in particular. When a U.S. citizen or an alien lawfully admitted for permanent residence requests access to his or her own records, i.e., makes a first-party request, it is considered a Privacy Act request. Although requests are considered either FOIA requests or Privacy Act requests, the Commission processes first-party requests in accordance with both laws, which provides the greatest degree of lawful access while safeguarding an individual's personal privacy.

(f) Referrals. If the Secretary refers a request or a portion thereof to another agency, the Secretary will notify the requester of the referral and the part of the request that has been referred. If feasible, the Secretary will provide the requester with a point of contact within the receiving agency regarding the referral.

(g) Records management. (1) The Secretary shall preserve all correspondence pertaining to requests received as well as copies of all requested records, until disposition or destruction is authorized by a General Records Schedule of the National Archives and Records Administration (NARA) or other NARA-approved records schedule.
(2) Materials that are identified as responsive to a FOIA request will not be disposed of or destroyed while the request or a related appeal or lawsuit is pending. This is true even if they would otherwise be authorized for disposition under a General Records Schedule or other NARA-approved records schedule.

§201.18 Denial of requests, appeals from denial.

(a) Written requests for inspection or copying of records shall be denied only by the Secretary or Acting Secretary, or, for records maintained by the Office of Inspector General, the Inspector General. A denial shall be in writing and shall provide information on the exemptions that justify withholding and the amount of information withheld. The denial also shall advise the person requesting of the right to appeal to the Commission.

(b) An appeal from a denial of a request must be received within ninety days of the date of the letter of denial and shall be made to the Commission and addressed to the Chairman, United States International Trade Commission, 500 E Street SW., Washington, DC 20436. Any such appeal shall be in writing, and shall indicate clearly in the appeal, and if the appeal is in paper form on the envelope, that it is a “Freedom of Information Act Appeal.” An appeal may be made either in paper form, or electronically by contacting the Commission at http://www.usitc.gov/foia.htm.

(c) Except when expedited treatment is requested and granted, appeals will be decided in the order in which they are filed, but in any case within twenty days (excepting Saturdays, Sundays, and legal holidays) unless an extension, noticed in writing with the reasons therefor, has been provided to the person making the request. Notice of the decision on appeal and the reasons therefor will be made promptly after a decision. Requests for expedited treatment should conform with the requirements in §201.17(c) of this part.

(d) The extensions of time mentioned in paragraph (c) of this section shall be made only for one or more of the following reasons:

(1) The need to search for and collect the requested records from field facilities or other establishments that are separate from the office processing the request;

(2) The need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records which are requested in a single communication; or

(3) The need for consultation, which shall be conducted with all practicable speed, with another agency having a substantial interest in the determination of the request or among two or more components of the agency having a substantial subject-matter interest therein.

(e) The extensions of time mentioned in paragraph (c) of this section shall not exceed ten working days in the aggregate.

(f) A response to an appeal will advise the requester that the Commission’s FOIA Public Liaison officer and the Office of Government Information Services both offer mediation services to resolve disputes between FOIA requesters and Federal agencies as a non-exclusive alternative to litigation. The requester may contact the Commission’s FOIA Public Liaison officer by telephone (202-205-2595) or
§201.19 Notification regarding requests for confidential business information.

(a) In general. Business information provided to the Commission by a business submitter which the Commission has designated as “confidential business information” will not be disclosed pursuant to a Freedom of Information Act (FOIA) request except in accordance with this section.

(b) Definitions. The following definitions are to be used in reference to this section:

Confidential business information means commercial or financial information that has been designated as confidential business information by the Commission under §201.6 of this part.

Submitter means any person or entity who provides confidential business information, directly or indirectly, to the Commission. The term includes, but is not limited to, corporations, producers, importers, and state and federal governments, as well as others who have an administrative relationship with the Commission such as contractors, bidders and vendors.

(c) Notice to submitters. Except as provided for in paragraph (e) of this section, the Commission will, to the extent permitted by law, provide a submitter with prompt written notice of a FOIA request or administrative appeal encompassing its confidential business information whenever required under paragraph (d) of this section, in order to afford the submitter an opportunity to object to disclosure pursuant to paragraph (f) of this section. Such written notice will describe the nature of the confidential business information requested. The requester will also be notified that notice and opportunity to object to are being provided to a submitter.

(d) When notice is required. Notice will be given to a submitter in writing at submitter’s last known address whenever:

(1) The information the subject of the FOIA request or appeal has been designated by the Commission as confidential business information; and

(2) The Commission has reason to believe that the information may not be protected from disclosure under FOIA Exemptions 3 or 4.

(e) Exceptions to notice requirement. The notice requirements of paragraph (c) of this section will not apply if:

(1) The Commission determines that the information should not be disclosed;

(2) The information lawfully has been published or has been officially made available to the public; or

(3) Disclosure of the information is required by law (other than 5 U.S.C. 552).

(f) Opportunity to object to disclosure. Through the notice described in paragraph (c) of this section, the Commission will afford a submitter an opportunity, within the period afforded to the
Commission to make its decision in response to the FOIA request, to provide the Commission with a
detailed written statement of any objection to disclosure. Such statement shall be filed by a deadline set
by the Secretary, and it shall specify all grounds for withholding any of the information under any
exemption of FOIA. In the case of FOIA Exemptions 3 or 4, it shall demonstrate why the information
should continue to be considered confidential business information within the meaning of §201.6 of this
part and should not be disclosed. The submitter's claim of continued confidentiality should be supported
by a certification by an officer or authorized representative of the submitter. Information provided by a
submitter pursuant to this paragraph may itself be subject to disclosure under FOIA.

(g) Notice of intent to disclose. The Commission will consider carefully a submitter's objections
and specific grounds for nondisclosure prior to determining whether to disclose the information.
Whenever the Commission decides to disclose such information over the objection of a submitter, the
Commission will forward to the submitter a written notice which will include:

(1) A statement of the reasons for which the submitter's disclosure objections were not
sustained;
(2) A description of the information to be disclosed; and
(3) A specified disclosure date.

Such notice of intent to disclose will be forwarded to the submitter a reasonable number of days
prior to the specified disclosure date and the requester will be notified likewise.

(h) Notice of FOIA lawsuit. Whenever a requester brings suit seeking to compel disclosure of
information that the Commission has designated as confidential business information, the Commission
will promptly notify the submitter at its last known address. For the purpose of this paragraph, the
Secretary may assume such address to be that given on the submission.

§201.20 Fees.

(a) In general. Fees pursuant to 5 U.S.C. 552 shall be assessed according to the schedule
contained in paragraph (b) of this section for services rendered by agency personnel in responding to
and processing requests for records under this subpart. All fees so assessed shall be charged to the
requester, except where the charging of fees is limited under paragraph (c) of this section or where a
waiver or reduction of fees is granted under paragraph (d) of this section. The Secretary will collect all
applicable fees. Requesters shall pay fees by check or money order made payable to the Treasury of the
United States.

(b) Charges. In responding to requests under this subpart, the following fees shall be assessed,
unless a waiver or reduction of fees has been granted pursuant to paragraph (d) of this section:

(1) Search. (i) No search fee shall be assessed with respect to requests by educational
institutions, noncommercial scientific institutions, and representatives of the news media as defined in
paragraphs (j) (6), (7), and (8) of this section, respectively. Search fees shall be assessed with respect to
all other requests, subject to the limitations of paragraph (c) of this section. The secretary may assess
fees for time spent searching even if agency personnel fail to locate any respective record or where records located are subsequently determined to be entirely exempt from disclosure.

(ii) For each quarter-hour spent by agency personnel in salary grades GS-2 through GS-10 in searching for and retrieving a requested record, the fee shall be $4.00. When the time of agency personnel in salary grades GS-11 and above is required, the fee shall be $6.50 for each quarter hour of search and retrieval time spent by such personnel.

(iii) For computer searches of records, which may be undertaken through the use of existing programming, requester shall be charged the actual direct costs of conducting the search, although certain requesters (as defined in paragraph (c)(2) of this section) shall be entitled to the cost equivalent of two hours of manual search time without charge. These direct costs shall include the cost of operating a central processing unit for that portion of operating time that is directly attributable to searching for records responsive to a request, as well as the costs of operator/programmer salary apportionable to the search (at no more than $6.50 per quarter hour of time so spent).

(2) Duplication. Duplication fees shall be assessed with respect to all requesters, subject to the limitations of paragraph (c) of this section. For a paper photocopy of a record (no more than one copy of which need be supplied), the fee shall be $0.10 per page. For copies produced by computer, such as tapes or printouts, the Secretary shall charge the actual direct costs, including operator time, of producing the copy. For other methods of duplication, the Secretary shall charge the actual direct costs of duplicating a record.

(3) Review. (i) Review fees shall be assessed with respect to only those requesters who seek records for a commercial use, as defined in paragraph (j)(5) of this section. For each quarter-hour spent by agency personnel in reviewing a requested record for possible disclosure, the fee shall be $6.50.

(ii) Review fees shall be assessed only for the initial record review, i.e., all of the review undertaken when a component analyzes the applicability of a particular exemption to a particular record or record portion at the initial request level. No charge shall be assessed for review at the administrative appeal level of an exemption already applied. However, records or record portions withheld pursuant to an exemption that is subsequently determined not to apply may be reviewed again to determine the applicability of other exemptions not previously considered. The costs of such a subsequent review are properly assessable, particularly where that review is made necessary by a change of circumstances.

(c) Limitations on charging fees. (1) No search or review fee shall be charged for a quarter-hour period unless more than half of that period is required for search or review.

(2) Except for requesters seeking records for a commercial use (as defined in paragraph (j)(5) of this section), the Secretary shall provide without charge—

(i) The first 100 pages of duplication (or its cost equivalent), and

(ii) The first two hours of search (or its cost equivalent).

(3) Whenever a total fee calculated under paragraph (b) of this section is $25.00 or less, no fee shall be charged.
The provisions of paragraphs (c)(2) and (3) of this section work together. For requesters other than those seeking records for a commercial use, no fee shall be charged unless the cost of search is in excess of two hours plus the cost of duplication in excess of 100 pages exceeds $25.00.

The Commission will not charge fees if it fails to comply with any time limit under the FOIA or these regulations, and if it has not timely notified the requester, in writing, that an unusual circumstance exists. If an unusual circumstance exists, and timely written notice is given to the requester, the Commission will have an additional 10 working days to respond to the request before fees are automatically waived under this paragraph.

If the Commission determines that unusual circumstances apply and that more than 5,000 pages are necessary to respond to a request, it may charge fees if it has provided a timely written notice to the requester and discusses with the requester via mail, Email, or telephone how the requester could effectively limit the scope of the request (or make at least three good faith attempts to do so).

If a court has determined that exceptional circumstances exist, a failure to comply with time limits imposed by these regulations or FOIA shall be excused for the length of time provided by court order.

(d) Waiver or reduction of fees. (1) Records responsive to a request under 5 U.S.C. 552 shall be furnished without charge or at a charge reduced below that established under paragraph (b) of this section where the Secretary determines, based upon information provided by a requester in support of a fee waiver request or otherwise made known to the Secretary that disclosure of the requested information is in the public interest, because it is likely to contribute significantly to public understanding of the operations or activities of the Government and is not primarily in the commercial interest of the requester. Requests for a waiver or reduction of fees shall be considered on a case-by-case basis.

(2) In order to determine whether the first fee waiver requirement is met—i.e., that disclosure of the requested information is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government—the Secretary shall consider the following four factors in sequence:

(i) The subject of the request: Whether the subject of the requested records concerns “the operations or activities of the government.” The subject matter of the requested records, in the context of the request, must specifically concern identifiable operations or activities of the federal government—with a connection that is direct and clear, not remote or attenuated. Furthermore, the records must be sought for their informative value with respect to those government operations or activities; a request for access to records for their intrinsic informational content alone will not satisfy this threshold consideration.

(ii) The informative value of the information to be disclosed: Whether the disclosure is “likely to contribute” to an understanding of government operations or activities. The disclosable portions of the requested records must be meaningfully informative on specific government operations or activities in order to hold potential for contributing to increased public understanding of those operations and activities. The disclosure of information that already is in the public domain, in either a duplicative or a
substantially identical form, would not be likely to contribute to such understanding, as nothing new would be added to the public record.

(iii) The contribution of an understanding of the subject by the public likely to result from disclosure: Whether disclosure of the requested information will contribute to “public understanding.” The disclosure must contribute to the understanding of the public at large, as opposed to the individual understanding of the requester or a narrow segment of interested persons. A requester's identity and qualifications—e.g., expertise in the subject area and ability and intention to effectively convey information to the general public—shall be considered. It will be presumed that a representative of the news media (as defined in paragraph (j)(8) of this section) who has access to the means of public dissemination readily will be able to satisfy this consideration. Requests from libraries or other record repositories (or requesters who intend merely to disseminate information to such institutions) shall be analyzed, like those of other requesters, to identify a particular person who represents that he actually will use the requested information in scholarly or other analytic work and then disseminate it to the general public.

(iv) The significance of the contribution to public understanding: Whether the disclosure is likely to contribute “significantly” to public understanding of government operations or activities. The public's understanding of the subject matter in question, as compared to the level of public understanding existing prior to the disclosure, must be likely to be enhanced by the disclosure to a significant extent. The Secretary shall not make separate judgments as to whether information, even though it in fact would contribute significantly to public understanding of the operations or activities of the government, is “important” enough to be made public.

(3) In order to determine whether the second fee waiver requirement is met—i.e., that disclosure of the requested information is not primarily in the commercial interest of the requester—the Secretary shall consider the following two factors in sequence:

(i) The existence and magnitude of a commercial interest: Whether the requester has a commercial interest that would be furthered by the requested disclosure. The Secretary shall consider all commercial interests of the requester (with reference to the definition of commercial use in paragraph (j)(5) of this section), or any person on whose behalf the requester may be acting, but shall consider only those interests which would be furthered by the requested disclosure. In assessing the magnitude of identified commercial interests, consideration shall be given to the role that such FOIA-disclosed information plays with respect to those commercial interests, as well as to the extent to which FOIA disclosures serve those interests overall. Requesters shall be given a reasonable opportunity in the administrative process to provide information bearing upon this consideration.

(ii) The primary interest in disclosure: Whether the magnitude of the identified commercial interest of the requester is sufficiently large, in comparison with the public interest in disclosure, that disclosure is “primarily in the commercial interest of the requester.” A fee waiver or reduction is warranted only where, once the “public interest” standard set out in paragraph (d)(2) of this section is satisfied, that public interest can fairly be regarded as greater in magnitude than that of the requester's commercial interest in disclosure. The Secretary shall ordinarily presume that, where a news media requester has satisfied the “public interest” standard, that will be the interest primarily served by disclosure to that requester. Disclosure to data brokers or others who compile and market government information for direct economic return shall not be presumed to primarily serve the “public interest.”
(4) Where only a portion of the requested records satisfies both of the requirements for a waiver or reduction of fees under this paragraph, a waiver or reduction shall be granted only as to that portion.

(5) Requests for the waiver or reduction of fees shall address each of the factors listed in paragraphs (d) (2) and (3) of this section, as they apply to each record request.

(e) Notice of anticipated fees in excess of $25.00. Where the Secretary determines or estimates that the fees to be assessed under this section may amount to more than $25.00, he shall notify the requester as soon as practicable of the actual or estimated amount of the fees, unless the requester has indicated in advance his willingness to pay fees as high as those anticipated. (If only a portion of the fee can be estimated readily, the Secretary shall advise the requester that the estimated fee may be only a portion of the total fee.) In cases where a requester has been notified that actual or estimated fees may amount to more than $25.00, the request will be deemed not to have been received until the requester has agreed to pay the anticipated total fee. A notice of the requester pursuant to this paragraph shall offer him the opportunity to confer with agency personnel in order to reformulate his request to meet his needs at a lower cost.

(f) Aggregating requests. Where the Secretary reasonably believes that a requester or a group of requesters acting in concert is attempting to divide a request into a series of requests for the purpose of evading the assessment of fees, the Secretary may aggregate any such requests and charge accordingly. The Secretary may presume that multiple requests of such type made within a 30-day period have been made in order to evade fees. Where requests are separated by a longer period, the Secretary shall aggregate them only where there exists a reasonable basis for determining that said aggregation is warranted, e.g., where the requests involve clearly related matters. Multiple requests involving unrelated matters shall not be aggregated.

(g) Advance payments. (1) Where the Secretary estimates that a total fee to be assessed under this section is likely to exceed $250.00, the Secretary may require the requester to make an advance payment of an amount up to the entire estimated fee before beginning to process the request, except where the Secretary receives a satisfactory assurance of full payment from a requester with a history of prompt payment.

(2) Where a requester has previously failed to pay a records access fee within 30 days of the date of billing, the Secretary may require the requester to pay the full amount owed, plus any applicable interest (as provided for in paragraph (h) of this section), and to make an advance payment of the full amount of any estimated fee before he begins to process a new request or continues to process a pending request from that requester.

(3) For requests other than those described in paragraphs (g) (1) and (2) of this section, the Secretary shall not require the requester to make an advance payment, i.e., a payment made before work is commenced or continued on a request. Payment owed on work already completed is not an advance payment.

(4) Where the Secretary acts under paragraph (g) (1) or (2) of this section, the administrative time limits described in subsection (a)(6) of the FOIA for the processing of an initial request or an appeal,
plus permissible extensions of these time limits, shall be deemed not to begin to run until the Secretary has received payment of the assessed fee.

(h) **Charging interest.** The Secretary may assess interest charges on an unpaid bill starting on the 31st day following the day on which the bill was sent to the requester. Once a fee payment has been received by the Secretary, even if not processed, the accrual of interest shall be stayed. Interest charges shall be assessed at the rate prescribed in section 3717 of title 31 U.S.C. and shall accrue from the date of the billing. The Secretary shall follow the provisions of the Debt Collection Act of 1982, Pub. L. 97-265 (Oct. 25, 1982), and its implementing procedures, including the use of consumer reporting agencies, collection agencies, and offset.

(i) **Other statutes specifically providing for fees.** (1) The fee schedule of this section does not apply with respect to the charging of fees under a statute specifically providing for setting the level of fees for particular types of records—i.e., any statute that specifically requires a government entity such as the Government Printing Office or the National Technical Information Service, to set and collect fees for particular types of records—in order to:

(i) Serve both the general public and private sector organizations by conveniently making available government information;

(ii) Ensure that groups and individuals pay the cost of publications and other services that are for their special use so that these costs are not borne by the general taxpaying public;

(iii) Operate an information-dissemination activity on a self-sustaining basis to the maximum extent possible; or

(iv) Return revenue to the Treasury for defraying, wholly or in part, appropriate funds used to pay the costs of disseminating government information.

(2) Where records responsive to requests are maintained for distribution by agencies operating statutorily based fee schedule programs, the Secretary shall inform requesters of the steps necessary to obtain records from those sources.

(j) **Definitions.** For the purpose of this section:

(1) **The term direct costs** means those expenditures which the agency actually incurs in searching for and duplicating (and, in the case of commercial use requesters, reviewing) records to respond to a FOIA request. Direct costs include, for example the salary of the employee performing the work (the basic rate of pay for the employee plus 16 percent of that rate to cover benefits) and the cost of operating duplicating machinery. Not included in direct costs are overhead expenses such as costs of space and heating or lighting of the facility in which the records are stored.

(2) **The term search** includes all time spent looking for material that is responsive to a request, including page-by-page or line-by-line identification of material within documents. The Secretary shall ensure, however, that searches are undertaken in the most efficient and least expensive manner reasonably possible; thus, for example, the Secretary shall not engage in line-by-line search where merely duplicating an entire document would be quicker and less expensive.
The term *duplication* refers to the process of making a copy of a record necessary to respond to a FOIA request. Such copies can take the form of paper copy, microform, audio-visual materials, or machine-readable documentation (e.g., magnetic tape or disk), among others. The copy provided shall be in a form that is reasonably usable by requesters.

The term *review* refers to the process of examining a record located in response to a request in order to determine whether any portion of it is permitted to be withheld. It also includes processing any record for disclosure, e.g., doing all that is necessary to excise it and otherwise prepare it for release, although review costs shall be recoverable even where there ultimately is no disclosure of a record. Review time does not include time spent resolving general legal or policy issues regarding the application of exemptions.

The term *commercial use* in the context of a request refers to a request from or on behalf of one who seeks information for a use or purpose that furthers the commercial, trade, or profit interests of the requester or the person on whose behalf the request is made, which can include furthering those interests through litigation. The Secretary shall determine, as well as reasonably possible, the use to which a requester will put the records requested. Where the circumstances of a request suggest that the requester will put the records sought to a commercial use, either because of the nature of the request itself or because the Secretary otherwise has reasonable cause to doubt a requester’s stated use, the Secretary shall provide the requester a reasonable opportunity to submit further clarification.

The term *educational institution* refers to a preschool, a public or private elementary or secondary school, an institution of undergraduate higher education, an institution of graduate higher education, an institution of professional education, and an institution of vocational education, which operates a program or programs of scholarly research. To be eligible for inclusion in this category, a requester must show that the request is being made as authorized by and under the auspices of a qualifying institution and that the records are not sought for a commercial use but are sought in furtherance of scholarly research.

The term *noncommercial scientific institution* refers to an institution that is not operated on a “commercial” basis as that term is referenced in paragraph (j)(5) of this section, and which is operated solely for the purpose of conducting scientific research the results of which are not intended to promote any particular product or industry. To be eligible for inclusion in this category, a requester must show that the request is being made as authorized by and under the auspices of a qualifying institution and that the records are not sought for a commercial use but are sought in furtherance of scientific research.

The term *representative of the news media* refers to any person or entity that gathers information of potential interest to a segment of the public, uses its editorial skills to turn the raw materials into a distinct work, and distributes that work to an audience. The term ‘news’ means information that is about current events or that would be of current interest to the public. Examples of news-media entities are television or radio stations broadcasting to the public at large and publishers of periodicals (but only if such entities qualify as disseminators of ‘news’) who make their products available for purchase by or subscription by or free distribution to the general public. These examples are not all-inclusive. Moreover, as methods of news delivery evolve (for example, the adoption of the electronic dissemination of newspapers through telecommunications services), such alternative media shall be considered to be news-media entities. A freelance journalist shall be regarded as working for a news-media entity if the journalist can demonstrate a solid basis for expecting publication through that
entity, whether or not the journalist is actually employed by the entity. A publication contract would
present a solid basis for such an expectation; the Government may also consider the past publication
record of the requester in making such a determination.

(9) The term requester category means one of the three categories that requesters are placed in
for the purpose of determining whether a requester will be charged fees for search, review and
duplication, including commercial requesters; non-commercial scientific or educational institutions or
news media requesters, and all other requesters.

(10) The term fee waiver means the waiver or reduction of processing fees if a requester can
demonstrate that certain statutory standards are satisfied including that the information is in the public
interest and is not requested for a commercial interest.

(k) Charges for other services and materials. Apart from the other provisions of this section,
where the Secretary elects, as a matter of administrative discretion, to comply with a request for a
special service or materials, such as certifying that records are true copies or sending them other than
by ordinary mail, the actual direct costs of providing the service or materials shall be charged.

86577, Dec. 1, 2016]

§201.21   Availability of specific records.

(a) Records available. The following information, on request to the Secretary of the Commission,
is available for public inspection and copying: (1) final opinions, including concurring and dissenting
opinions, as well as orders, made in the adjudication of cases; (2) those statements of policy and
interpretations which have been adopted by the agency; and (3) administrative staff manuals and
instructions to staff that affect a member of the public. Available information includes, but is not limited
to: (i) Applications, petitions, and other formal documents filed with the Commission, (ii) notices to the
public concerning Commission matters, (iii) transcripts of testimony taken and exhibits submitted at
hearings, (iv) reports to the President, to either or both Houses of Congress, or to Committees of
Congress, release of which has been authorized by the President or the legislative body concerned, (v)
reports and other documents issued for general distribution. Much of the information described above
also is available on the Commission's World Wide Web site. The Commission's home page is at
http://www.usitc.gov. The Web site also includes information subject to repeated Freedom of
Information Act requests. Persons accessing the Web site can find instructions on how to locate
Commission information by following the “Freedom of Information Act” link on the home page.

(b) Records not available. Information specifically exempted from disclosure by 5 U.S.C. 552(b),
including reports to the President, to either or both Houses of Congress, or to Committees of Congress,
the release of which has not been authorized by the President or the legislative body concerned, and
confidential business data as defined in 18 U.S.C. 1905 and 19 CFR 201.06 are not available to the public.

(c) Information requested in cases or matters to which the Commission is not a party. (1) The
procedure specified in this section will apply to all demands directed to Commission employees for the
production of documents or for testimony that relates in any way to the employees' official duties.
These procedures will also apply to demands directed to former employees if the demands seek
nonpublic materials or information acquired during Commission employment. The provisions of
paragraph (c)(2) of this section will also apply to demands directed to the agency. For purposes of this section, the term demand means any request, order or subpoena for testimony or production of documents; the term subpoena means any compulsory process in a case or matter to which the Commission is not a party; the term nonpublic includes any material or information which, under §201.21(b), is exempt from availability for public inspection and copying; the term employee means any current or former officer or employee of the Commission; the term documents means all records, papers or official files, including without limitation, official letters, telegrams, memoranda, reports, studies, calendar and diary entries, graphs, notes, charts, tabulations, data analysis, statistical or information accumulations, records of meetings and conversations, film impressions, magnetic tapes, and sound or mechanical reproductions; the term case or matter means any civil proceeding before a court of law, administrative board, hearing officer, or other body conducting a legal or administrative proceeding in which the Commission is not a named party.

(2) Prior to or simultaneously with a demand to a Commission employee for the production of documents or for testimony concerning matters relating to official duties, the party seeking such production or testimony must serve upon the General Counsel of the Commission an affidavit, or if that is not feasible, then a statement which sets forth the title of the case, the forum, the party's interest in the case, the reasons for the request, and a showing that the desired testimony or documents are not reasonably available from any other source. Where testimony is sought, the party must also provide a summary of the testimony desired, the intended use of the testimony, and show that Commission records could not be provided and used instead of the requested testimony. A subpoena for testimony from a Commission employee concerning official matters or for the production of documents shall be served in accordance with Rule 45 of the Federal Rules of Civil Procedure and a copy of the subpoena shall be sent to the General Counsel.

(3) Any employee or former employee who is served with a subpoena or other demand shall promptly advise the General Counsel of the service of the subpoena or other demand, the nature of the documents or information sought, and all relevant facts and circumstances.

(4) Absent written authorization from the Chairman of the Commission ("Chairman"), the employee shall respectfully decline to produce the requested documents, to testify, or to otherwise disclose requested information. If a court rules that the demand must be complied with despite the absence of such written authorization, the employee upon whom the demand is made shall respectfully refuse to comply based upon these regulations and Touhy v. Ragan, 340 U.S. 462 (1951).

(5) The Chairman will consider and act upon subpoenas under this section with due regard for statutory restrictions, the Commission's rules and the public interest, taking into account such factors as the need to conserve employees' time for conducting official business, the need to prevent the expenditure of the United States government's time and money for private purposes, the need to maintain impartiality between private litigants in cases where no substantial governmental interest is involved, and the relevant legal standards for determining whether justification exists for the disclosure of nonpublic information and documents. If the Chairman determines that the subpoenaed documents or information are protected by a privilege or that the Commission has a duty in law or equity to protect such documents or information from disclosure, the General Counsel shall move the court to quash the subpoena or for other appropriate action.
(6) The General Counsel may consult or negotiate with counsel or the party seeking testimony or documents to refine and limit the demand so that compliance is less burdensome, or obtain information necessary to make the determination described in paragraph (c)(5) of this section. Failure of the counsel or party seeking the testimony or documents to cooperate in good faith to enable the General Counsel to make an informed recommendation to the Chairman under paragraph (c)(5) of this section may serve as the basis for a determination not to comply with the demand.

(7) Permission to testify will, in all cases, be limited to the information set forth in the affidavit as described in paragraph (c)(2) of this section, or to such portions thereof as the Chairman deems proper.

(8) If the Chairman authorizes the testimony of an employee, then the General Counsel shall arrange for the taking of the testimony by methods that are least disruptive of the official duties of the employee. Testimony may, for example, be provided by affidavits, answers to interrogatories, written depositions, or depositions transcribed, recorded, or preserved by any other means allowable by law. Costs of providing testimony, including transcripts, will be borne by the party requesting the testimony. Such costs shall also include reimbursing the Commission for the usual and ordinary expenses attendant upon the employee's absence from his or her official duties in connection with the case or matter, including the employee's salary and applicable overhead charges and any necessary travel expenses.

(9) The Secretary in consultation with the General Counsel is further authorized to charge reasonable fees to parties demanding documents or information. Such fees, calculated to reimburse the government for the expense of responding to such demand, may include the costs of time expended by Commission employees to process and respond to the demand, attorney time for reviewing the demand and for related legal work in connection with the demand, and expenses generated by equipment used to search for, produce and copy the responsive information. In general, such fees will be assessed at the rates and in the manner specified in §201.20 of this part.

(10) This section does not affect the rights and procedures governing the public access to official documents pursuant to the Freedom of Information Act or the Privacy Act.

(11) This section is intended to provide instructions to Commission employees and does not create any right or benefit, substantive or procedural, enforceable by any party against the Commission.
