RECOMMENDED DETERMINATION ON REMEDY AND BOND**

(January 29, 2025)

Per the notice of investigation, 88 Fed. Reg. 84832 (Dec. 6, 2023), I issued the final initial determination today. 19 C.F.R. §§ 210.10(b), 210.42(a)(1)(i). As detailed there, I have determined that a violation of section 337 of the Tariff Act of 1930, as amended, has occurred in the importation into the United States and the sale within the United States after importation of certain video capable electronic devices, including computers, streaming devices, televisions, cameras, and components and modules thereof, by reason of patent infringement. The final initial determination concludes:

1. The Commission has statutory authority.
2. Nokia is the owner by assignment of the asserted patents.
3. The importation requirement is satisfied for the accused products.
4. Claims 1, 7, 10, 16, 21, 22, 29, 40, and 48 of the '808 patent have been shown to be infringed.
5. Claims 9, 11, and 13–15 of the '134 patent have not been shown to be infringed.

6. Claims 1, 7, 10, 16, 21, 22, 29, 40, and 48 of the '808 patent have not been shown to be invalid.
7. Claims 9, 11, and 13–15 of the '134 patent have not been shown to be invalid.
8. The technical prong of the domestic industry requirement has been satisfied with respect to the '808 patent.
9. The technical prong of the domestic industry requirement has not been satisfied with respect to the '134 patent.
10. The economic prong of the domestic industry requirement has been satisfied with respect to the asserted patents.
