**SUPPLEMENTARY INFORMATION:** The Commission instituted this investigation on May 15, 2018, based on a complaint filed by Syneron Medical Ltd. of Yokneam Illit, Israel; Candela Corporation of Wayland, Massachusetts; and General Hospital Corporation d/b/a Massachusetts General Hospital of Boston, Massachusetts (together, “Complainants”). 83 FR 22515-16. The complaint, as supplemented, alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, in the importation

into the United States, the sale for importation, and the sale within the United States after importation of certain radio frequency micro-needle dermatological treatment devices and components thereof that infringe one or more claims of U.S. Patent Nos. 9,510,899 and 9,095,357. *Id.* at 22515. The Commission's notice of investigation named numerous respondents, including the Jeisys respondents. *Id.* at 22516. The Office of Unfair Import Investigations is not participating in this investigation. *Id.*

On March 13, 2019, Complainants and the Jeisys respondents filed a joint motion to terminate the investigation with respect to the Jeisys respondents pursuant to a settlement agreement. No party filed a response to the motion.

On March 26, 2019, the ALJ issued the subject ID, granting the motion pursuant to Commission Rule 210.21(b) (19 CFR 210.21(b)) and terminating the investigation with respect to the Jeisys respondents. The ALJ found that the motion complied with Rule 210.21(b) and that there is no evidence that termination by settlement has any adverse effect on the public interest. No petitions for review of the ID were filed.

The Commission has determined not to review the subject ID.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in part 210 of the Commission's Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.
