SUPPLEMENTARY INFORMATION: On March 18, 2024, the Commission instituted this investigation based on a complaint filed by Samsara of San Francisco, CA. 89 FR 19356 (March 18, 2024). The complaint alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 USC 1337, based upon the importation into the United States, the sale for importation, and the sale within the United States after importation of certain vehicle telematics, fleet management, and video-based safety systems, devices, and components thereof by reason of the infringement of certain claims of U.S. Patent Nos. 11,190,373; 11,127,130; and 11,611,621 (“the ’621 patent”). The Commission’s notice of investigation (“NOI”) named Motive Technologies Inc. (“Motive”) of San Francisco, CA as the respondent. *Id.* The Office of Unfair Import Investigations (“OUII”) was also named as a party in this investigation. *Id.*

On November 20, 2024, Samsara filed an unopposed motion for partial termination of the investigation by withdrawal of claims 9 and 15-19 of the ’621 patent. *See* ID at 1. In its motion,

Samsara states that “there are no agreements, written or oral, express or implied between Samsara and Motive concerning the subject matter of the Investigation.” *Id.* at 2. On November 21, 2024, OUII filed a response supporting the motion. *Id.* In its response, OUII states that that it “is not aware of any extraordinary circumstances that warrant denial of Samsara’s request for partial termination of these claims.” *Id.*

On December 11, 2024, the ALJ issued the subject ID (Order No. 47), granting Samsara’s motion for partial termination of the investigation pursuant to Commission Rule 210.21(a)(1) (19 CFR 210.21(a)(1)). The ID finds that “there are no extraordinary circumstances that warrant denying Samsara’s motion and that the motion otherwise complies with Commission Rule 210.21(a)(1).” *Id.*

No party filed a petition for review of the subject ID.

The Commission has determined not to review the subject ID (Order No. 47). The following claims are terminated from this investigation: claims 9 and 15-19 of the ’621 patent.

The Commission vote for this determination took place on January 10, 2025.

The authority for the Commission’s determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in Part 210 of the Commission’s Rules of Practice and Procedure (19 CFR Part 210).

By order of the Commission.
