**DETERMINATIONS**

On the basis of the record<sup>1</sup> developed in the subject investigations, the United States International Trade Commission (“Commission”) determines,<sup>2 3</sup> pursuant to the Tariff Act of 1930 (“the Act”), that an industry in the United States is materially injured by reason of imports of carbon and alloy (other than stainless) steel large diameter welded line pipe from Canada, Korea, and Turkey provided for in subheadings 7305.11.10, 7305.11.50, 7305.12.10, 7305.12.50, 7305.19.10, and 7305.19.50 of the Harmonized Tariff Schedule of the United States (“HTSUS”) that have been found by the U.S. Department of Commerce (“Commerce”) to be sold in the United States at less than fair value (“LTFV”) and subsidized by the government of Korea. The Commission also determines that an industry in the United States is threatened with material injury by reason of LTFV imports of carbon and alloy (other than stainless) steel large diameter welded line pipe from Greece. Further, the Commission terminates the countervailing duty investigation on carbon and alloy (other than stainless) steel large diameter welded line pipe from Turkey.

The Commission also determines that an industry in the United States is materially injured by reason of imports of carbon and alloy (other than stainless) steel large diameter welded structural pipe from Canada, Korea, and Turkey provided for in subheadings 7305.31.40, 7305.31.60, 7305.39.10, and 7305.39.50 of the HTSUS that have been found by Commerce to be sold in the United States at LTFV and subsidized by the governments of Korea

## **BACKGROUND**

The Commission, pursuant to sections 705(b) and 735(b) of the Act (19 U.S.C. 1671d(b) and 19 U.S.C. 1673d(b)), instituted these investigations effective January 17, 2018, following receipt of a petition filed with the Commission and Commerce by American Cast Iron Pipe Company (Birmingham, Alabama), Berg Steel Pipe Corp. (Panama City, Florida), Berg Spiral Pipe Corp. (Mobile, Alabama), Dura-Bond Industries, Inc. (Export, Pennsylvania), Skyline Steel (Newington, Virginia), and Stupp Corporation (Baton Rouge, Louisiana). Effective August 27, 2018, the Commission established a general schedule for the conduct of the final phase of its investigations on large diameter welded pipe, following notification of preliminary determinations by Commerce that imports of large diameter welded pipe from China, India, Korea, and Turkey were subsidized within the meaning of section 703(b) of the Act (19 U.S.C. 1671b(b)) and that imports of large diameter welded pipe from Canada, China, Greece, India, Korea, and Turkey were being sold at LTFV within the meaning of 733(b) of the Act (19 U.S.C. 1673b(b)). Notice of the scheduling of the final phase of the Commission's investigations and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the *Federal Register* on September 6, 2018 (83 FR 45279). The hearing was held in Washington, DC, on November 6, 2018, and all persons who requested the opportunity were permitted to appear in person or by counsel. On January 30, 2019, the Commission issued final affirmative determinations in its antidumping and countervailing duty investigations of carbon and alloy (other than stainless) steel welded large diameter line pipe from India, its antidumping investigation of carbon and alloy (other than stainless) steel welded large diameter line pipe from China, and its antidumping and countervailing duty investigations of carbon and alloy (other than stainless) steel welded large diameter structural pipe from China; final negative determinations in its antidumping and countervailing duty investigations of stainless steel welded large diameter pipe from China and India; and terminated its countervailing duty investigation of carbon and alloy (other than stainless) steel welded large diameter line pipe from China, and its antidumping and countervailing duty investigations of carbon and alloy (other than stainless) steel welded large diameter structural pipe from India

(84 FR 1785, February 5, 2019).<sup>4</sup> Following notification of final determinations by Commerce that imports of large diameter welded pipe from Canada, Greece, Korea, and Turkey were being sold at LTFV within the meaning of section 735(a) of the Act (19 U.S.C. 1673d(a)),<sup>5</sup> and subsidized by the governments of Korea and Turkey within the meaning of section 705(a) of the Act (19 U.S.C. 1671d(a)),<sup>6</sup> notice of the supplemental scheduling of the final phase of the Commission's antidumping and countervailing duty investigations with respect to Canada, Greece, Korea, and Turkey was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the Federal Register of March 12, 2019 (84 FR 8892).

The Commission made these determinations pursuant to sections 705(b) and 735(b) of the Act (19 U.S.C. 1671d (b) and 19 U.S.C. 1673d (b)). It completed and filed its determinations in these investigations on April 15, 2019.
