GENERAL INFORMATION

Background.--These investigations were instituted in response to a petition filed on March 24, 2004 by the U.S. PET Resin Producers' Coalition, Washington, DC. Countervailing and/or antidumping duties may be assessed on the subject imports as a result of these investigations if the Commission makes affirmative determinations of injury, threat, or material retardation, and if the U.S. Department of Commerce makes affirmative determinations of subsidization and/or dumping.

Additional questionnaires will be supplied promptly upon request, or photocopies of the enclosed questionnaire(s) may be used. Address all correspondence to the United States International Trade Commission, Washington, DC 20436. Hearing-impaired individuals can obtain information regarding these investigations via the Commission's TDD terminal (202-205-1810).

Due date of questionnaire(s).--Return the completed questionnaire(s) to the United States International Trade Commission by no later than **January 25, 2005**. Although the enclosed postpaid envelope may be used to return the completed questionnaire, use of an overnight mail service may be necessary to ensure that your response actually reaches the Commission by **January 25, 2005**. If you do not use the enclosed envelope, please make sure the completed questionnaire is sent to the attention of **Russell Duncan**. **Return only one copy of the completed questionnaire(s), but please keep a copy for your records so that you can refer to it if the Commission staff contacts you with any questions during the course of the investigation.**

Service of questionnaire response(s).--In the event that your firm is a party to these investigations, you are required to serve a copy of the questionnaire(s), once completed, on parties to the proceeding that are subject to administrative protective order (see 19 CFR § 207.7). A list of such parties is maintained by the Commission's Secretary and may be obtained by calling 202-205-1803. A certificate of service must accompany the copy of the completed questionnaire(s) you submit (see 19 CFR § 207.7).

Such confidential information will not be published in a manner that will reveal the individual operations of your firm; however, nonnumerical characterizations of numerical business proprietary information (such as discussion of trends) will be treated as confidential business information only at the request of the submitter for good cause shown.

Verification.--**The information submitted in the enclosed questionnaire(s) is subject to audit and verification by the Commission. To facilitate possible verification of data, please keep all your workpapers and supporting documents used in the preparation of the questionnaire response(s).**
