#### Extension of Final Determination

On February 2, 2004, the Department initiated a sunset review of the antidumping order on Sorbitol from France. *See Initiation of Five-Year (Sunset) Reviews*, 69 FR 4921 (February 2, 2004). The Department determined that it would conduct an expedited (120 day) sunset review of this order based on responses from the domestic and

<sup>1</sup> The Department normally will issue its final results in an expedited sunset review not later than 120 days after the date of publication in the **Federal Register** of the notice of initiation. However, if the Secretary determines that a sunset review is extraordinarily complicated under section 751(c)(5)(C) of the Act, the Secretary may extend the period for issuing final results by not more than 90 days. *See* section 751(c)(5)(B) of the Act.

respondent interested parties to the notice of initiation. The Department's final results of this review were scheduled for June 1, 2004. However, issues have arisen over the appropriate magnitude of the dumping margin likely to prevail for certain companies subject to the sunset review. Because of these complex issues, the Department will extend the deadline. Thus, the Department intends to issue the final results not later than June 15, 2004 in accordance with section 751(c)(5)(B).

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**SUMMARY:** The Department of Commerce is extending the time limit for the preliminary determinations in the countervailing duty investigations of Bottle-Grade Polyethylene Terephthalate Resin ("BG PET Resin") from India and Thailand from June 17, 2004, until no later than August 21, 2004. This extension is made pursuant to section 703(c)(1)(A) of the Tariff Act of 1930, as amended (the Act).

#### Postponement of Preliminary Determination:

On April 13, 2004, the Department initiated the countervailing duty investigations of BG PET Resin from India and Thailand. *See Notice of Initiation of Countervailing Duty Investigations: Bottle-Grade Polyethylene Terephthalate Resin from India and Thailand*, 69 FR 21086 (April 20, 2004). On May 21, 2004, the United

States PET Resin Producers Coalition ("petitioners") made a timely request pursuant to 19 CFR 351.205(e) for the postponement of the preliminary determinations in accordance with section 703(c)(1) of the Act. Petitioners requested a postponement in order to allow time for the Department to conduct full and complete investigations of the programs set forth in the notice of initiation.

Because the Department finds no compelling reason to deny petitioners' request, we are postponing the time limit for the preliminary determinations in the countervailing duty investigations of BG PET Resin from India and Thailand until no later than August 21, 2004. Because August 21, 2004, is a Saturday, the actual due date for these preliminary determinations will be Monday, August 23, 2004. This extension is made pursuant to section 703(c)(1)(A) of the Act.

This notice of postponement is published pursuant to section 703(c)(2) of the Act.
