**SUPPLEMENTARY INFORMATION:** OMB regulations at 5 CFR 1320, which implement provisions of the Paperwork Reduction Act of 1995 (Pub. L. 104-13), require that interested members of the public and affected agencies have an opportunity to comment on information collection and recordkeeping activities [see 5 CFR 1320.8 (d)]. This notice identifies an information collection that OSM will be submitting to OMB for extension. This collection is contained in 30 CFR part 869, Abandoned Mine Reclamation Fund—Fee Collection and Coal Production Reporting and the form it implements, the OSM-1, Coal Reclamation Fee Report. This request consolidates these requirements with the excess moisture deduction provisions found in § 870.18, approved separately by OMB under control number 1029-0090.

OSM has revised burden estimates, where appropriate, to reflect current reporting levels or adjustments based on reestimates of burden and respondents. OSM will request a 3-year term of approval for each information collection activity.

Comments are invited on: (1) The need for the collection of information for the performance of the functions of the agency; (2) the accuracy of the agency's burden estimates; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the information collection burden on respondents, such as use of automated means of collection of the information. A summary of the public comments will be included in OSM's submissions of the information collection requests to OMB.

This notice provides the public with 60 days in which to comment on the following information collection activities:

*Title:* Abandoned Mine Reclamation Fund—Fee Collection and Coal Production Reporting, 30 CFR 870.

*OMB Control Number:* 1029-0063.

Individual reclamation fee payment liability is based on this information. Without the collection of information OSM could not implement its regulatory responsibilities and collect the fee.

*Bureau Form Number:* OSM-1.

*Frequency of Collection:* Quarterly.  
*Description of Respondents:* Coal mine permittees.

*Total Annual Responses:* 11,192.  
*Total Annual Burden Hours:* 2,462.

#### SUPPLEMENTARY INFORMATION:

**Background.**—On August 5, 2005, the Commission determined that the domestic interested party group response to its notice of institution (70 FR 22694, May 2, 2005) of the subject five-year review was adequate and that the respondent interested party group response was inadequate. The Commission did not find any other circumstances that would warrant conducting a full review.<sup>1</sup> Accordingly, the Commission determined that it would conduct an expedited review pursuant to section 751(c)(3) of the Act.

**Staff report.**—A staff report containing information concerning the subject matter of the review will be placed in the nonpublic record on August 31, 2005, and made available to persons on the Administrative Protective Order service list for this review. A public version will be issued thereafter, pursuant to section 207.62(d)(4) of the Commission's rules.

**Written submissions.**—As provided in section 207.62(d) of the Commission's rules, interested parties that are parties to the review and that have provided individually adequate responses to the notice of institution,<sup>2</sup> and any party other than an interested party to the review, may file written comments with the Secretary on what determination the Commission should reach in the review. Comments are due on or before September 6, 2005, and may not contain new factual information. Any person that is neither a party to the five-year review nor an interested party may

submit a brief written statement (which shall not contain any new factual information) pertinent to the review by September 6, 2005. However, should the Department of Commerce extend the time limit for its completion of the final results of its review, the deadline for comments (which may not contain new factual information) on Commerce's final results is three business days after the issuance of Commerce's results. If comments contain business proprietary information (BPI), they must conform with the requirements of sections 201.6, 207.3, and 207.7 of the Commission's rules. The Commission's rules do not authorize filing of submissions with the Secretary by facsimile or electronic means, except to the extent permitted by section 201.8 of the Commission's rules, as amended, 67 FR 68036 (November 8, 2002). Even where electronic filing of a document is permitted, certain documents must also be filed in paper form, as specified in II (C) of the Commission's Handbook on Electronic Filing Procedures, 67 FR 68168, 68173 (November 8, 2002).

In accordance with sections 201.16(c) and 207.3 of the rules, each document filed by a party to the review must be served on all other parties to the review (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.

**Authority:** This review is being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to section 207.12 of the Commission's rules.

By order of the Commission.

Issued: August 24, 2005.
