

Pantech that are entered, or withdrawn from warehouse, for consumption on or after the date 90 days prior to the date of publication of this notice in the **Federal Register** and require a cash deposit for such entries as noted below. Since we did not find that critical circumstances exist with respect to exporters or producers in the all-others group, we will instruct CBP to suspend liquidation of all other entries of WSPP from Malaysia entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the **Federal Register**.

Pursuant to section 733(d) of the Act and 19 CFR 351.205(d), we will instruct CBP to require cash deposits<sup>29</sup> equal to the weighted-average dumping margins indicated in the chart above. These suspension of liquidation instructions will remain in effect until further notice.

#### **International Trade Commission (“ITC”) Notification**

In accordance with section 733(f) of the Act, we will notify the ITC of our preliminary affirmative determination of sales at LTFV. Because the preliminary determination in this proceeding is affirmative, section 735(b)(2) of the Act requires that the ITC make its final determination as to whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports of WSPP from Malaysia before the later of 120 days after the date of this preliminary determination or 45 days after our final determination. Because we are postponing the deadline for our final determination to 135 days from the date of the publication of this preliminary determination, as discussed above, the ITC will make its final determination no later than 45 days after our final determination.

This determination is issued and published in accordance with sections 733(f) and 777(i)(1) of the Act and 19 CFR 351.205(c).

Dated: December 30, 2013.

#### **Welded Stainless Pressure Pipe From Thailand: Preliminary Determination of Sales at Less Than Fair Value and Postponement of Final Determination**

**AGENCY:** Enforcement and Compliance, formerly Import Administration, International Trade Administration, Department of Commerce.

**SUMMARY:** The Department of Commerce (“Department”) preliminarily determines that welded stainless pressure pipe (“WSPP”) from Thailand is being, or is likely to be, sold in the United States at less than fair value (“LTFV”), as provided in section 733(b) of the Tariff Act of 1930, as amended (“the Act”). The period of investigation (“POI”) is April 1, 2012, through March 31, 2013. The estimated weighted-average dumping margin of sales at LTFV is shown in the “Preliminary Determination” section of this notice. Interested parties are invited to comment on this preliminary determination. Pursuant to requests from respondents, we are postponing for 60 days the final determination and extending provisional measures from a four-month period to not more than six months. Accordingly, the final determination will be issued not later than 135 days after publication of this preliminary determination in the **Federal Register**.

**DATES:** *Effective Date:* January 7, 2014,

**FOR FURTHER INFORMATION CONTACT:** Brandon Farlander or Trisha Tran, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–0182 or (202) 482–4852, respectively.

#### **SUPPLEMENTARY INFORMATION:**

##### **Scope of the Investigation**

The merchandise covered by this investigation is circular welded austenitic stainless pressure pipe not greater than 14 inches in outside diameter. For purposes of this investigation, references to size are in nominal inches and include all products within tolerances allowed by pipe specifications. This merchandise includes, but is not limited to, the American Society for Testing and Materials (ASTM) A–312 or ASTM A–778 specifications, or comparable domestic or foreign specifications. ASTM A–358 products are only

included when they are produced to meet ASTM A–312 or ASTM A–778 specifications, or comparable domestic or foreign specifications.

Excluded from the scope are: (1) Welded stainless mechanical tubing, meeting ASTM A–554 or comparable domestic or foreign specifications; (2) boiler, heat exchanger, superheater, refining furnace, feedwater heater, and condenser tubing, meeting ASTM A–249, ASTM A–688 or comparable domestic or foreign specifications; and (3) specialized tubing, meeting ASTM A269, ASTM A–270 or comparable domestic or foreign specifications.

The subject imports are normally classified in subheadings 7306.40.5005, 7306.40.5040, 7306.40.5062, 7306.40.5064, and 7306.40.5085 of the Harmonized Tariff Schedule of the United States (HTSUS). They may also enter under HTSUS subheadings 7306.40.1010, 7306.40.1015, 7306.40.5042, 7306.40.5044, 7306.40.5080, and 7306.40.5090. The HTSUS subheadings are provided for convenience and customs purposes only; the written description of the scope of these investigations is dispositive.

#### **Tolling of Deadlines for Preliminary Determination**

As explained in the memorandum from the Assistant Secretary for Enforcement and Compliance, the Department has exercised its discretion to toll deadlines for the duration of the closure of the Federal Government from October 1, through October 16, 2013.<sup>1</sup> Therefore, all deadlines in this segment of the proceeding have been extended by 16 days. If the new deadline falls on a non-business day, in accordance with the Department’s practice, the deadline will become the next business day. The revised deadline for the preliminary determination of this investigation is now December 30, 2013.

#### **Methodology**

The Department has conducted this investigation in accordance with section 731 of the Act. Export prices have been calculated in accordance with section 772 of the Act. Normal value (“NV”) has been calculated in accordance with section 773 of the Act.

For a full description of the methodology underlying our conclusions, see “Decision Memorandum for the Preliminary Determination of Antidumping Duty Investigation: Welded Stainless Pressure

Pipe from Thailand,” (“Preliminary Decision Memorandum”) from Abdelali Elouaradia, Director, Office IV, Antidumping and Countervailing Duty Operations, to Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, dated concurrently with this determination and hereby adopted by this notice. The Preliminary Decision Memorandum is a public document and is made available to the public via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (“IA ACCESS”). IA ACCESS is available to registered users at <https://iaaccess.trade.gov>, and is available to all parties in the Department’s Central Records Unit, located at room 7046 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be found on the Internet at <http://www.trade.gov/enforcement/>. The signed Preliminary Decision Memorandum and the electronic versions of the Preliminary Decision Memorandum are identical in content.

#### Preliminary Determination

The preliminary weighted-average dumping margins are as follows:

Exporter/manufacturer	Weighted-average dumping margin (percent)
Ametai Co., Ltd./Thareus Co., Ltd. ....	7.16
Thai-German Products Public Company Limited .....	10.92
All Others .....	7.22

#### All Others Rate

The “All Others” rate is derived exclusive of all *de minimis* or zero margins and margins based entirely on adverse facts available. Specifically, this rate of 7.22 percent is based on a weighted average using each company’s publicly ranged values for U.S. exports of subject merchandise.<sup>2</sup> Because we cannot apply our normal methodology of calculating a weighted-average margin due to requests to protect business-proprietary information, we find this rate to be the best proxy of the actual weighted-average margin determined for these respondents. *See, e.g., Certain Frozen Warmwater Shrimp*

<sup>2</sup> See Memorandum from Brandon Farlander, International Trade Compliance Analyst, AD/CVD Operations, Office IV, to the File, “Welded Stainless Steel Pressure Pipe from Thailand: Calculation of the Preliminary Margin for the All Other’s Rate” (December 30, 2013).

#### Disclosure and Public Comment

We will disclose the calculations performed to parties in this proceeding within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

Case briefs or other written comments may be submitted to the Assistant Secretary for Enforcement and Compliance no later than seven days after the date on which the final verification report is issued in this proceeding, and rebuttal briefs, limited to issues raised in case briefs, may be submitted no later than five days after the deadline date for case briefs.<sup>3</sup> A table of contents, list of authorities used, and an executive summary of issues should accompany any briefs submitted to the Department. This summary should be limited to five pages total, including footnotes. Interested parties who wish to request a hearing, or to participate if one is requested, must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce. All documents must be filed electronically using IA ACCESS. An electronically filed document must be received successfully in its entirety by the Department’s electronic records system, IA ACCESS, by 5:00 p.m. Eastern Standard Time, within 30 days after the date of publication of this notice.<sup>4</sup> Requests should contain the party’s name, address, and telephone number, the number of participants, and a list of the issues to be discussed. If a request for a hearing is made, the Department intends to hold the hearing at the U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230, at a time and location to be determined. Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

#### Postponement of Final Determination and Extension of Provisional Measures

Pursuant to requests from respondents, we are postponing the final determination and extending the provisional measures from a four-month period to not more than six months. Accordingly, we will make our final determination no later than 135 days after the date of publication of this

<sup>3</sup> See 19 CFR 351.309.

<sup>4</sup> See 19 CFR 351.310(c).

preliminary determination, pursuant to section 735(a)(2) of the Act.<sup>5</sup>

#### Suspension of Liquidation

In accordance with section 733(d)(2) of the Act, we are directing U.S. Customs and Border Protection (“CBP”) to suspend liquidation of all entries of WSPP from Thailand as, described in the scope of the investigation section entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the **Federal Register**.

Pursuant to 19 CFR 351.205(d), we will instruct CBP to require a cash deposit<sup>6</sup> equal to the weighted-average amount by which the NV exceeds Export price, as indicated in the chart above. This suspension of liquidation instructions will remain in effect until further notice.

#### International Trade Commission (“ITC”) Notification

In accordance with section 733(f) of the Act, we have notified the ITC of our preliminary affirmative determination of sales at LTFV. Because the preliminary determination in this proceeding is affirmative, section 735(b)(2) of the Act requires that the ITC make its final determination as to whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports of WSPP from Thailand before the later of 120 days after the date of this preliminary determination or 45 days after our final determination. Because we are postponing the deadline for our final determination to 135 days from the date of the publication of this preliminary determination, as discussed above, the ITC will make its final determination no later than 45 days after our final determination.

This determination is issued and published in accordance with sections 733(f) and 777(i)(1) of the Act and 19 CFR 351.205(c).

Dated: December 30, 2013.

**DEPARTMENT OF COMMERCE**

**National Oceanic and Atmospheric Administration**

RIN 0648-XD035

**Magnuson-Stevens Act Provisions; Fisheries of the Northeastern United States; Northeast Multispecies Fishery; Approved Monitoring Service Providers**

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice, approved monitoring service providers.

**SUMMARY:** NMFS has approved five companies to provide at-sea monitoring services to Northeast (NE) multispecies vessels in fishing year (FY) 2014. Regulations implementing Amendment 16 to the NE Multispecies Fishery Management Plan (Amendment 16) require third-party at-sea monitoring

service providers to apply to, and be approved by, NMFS in a manner consistent with the Administrative Procedure Act in order to be eligible to provide at-sea monitoring services to sectors.

**ADDRESSES:** Copies of the list of NMFS-approved sector monitoring service providers are available at <http://www.nero.noaa.gov/sfd/sfdmultisector.html> or by sending a written request to:

- Fax: (978) 281-9135, Attn: Mark Grant.
- Mail: 55 Great Republic Drive, Gloucester, MA 01930, Attn: Mark Grant.

For service provider contact information, see the **SUPPLEMENTARY INFORMATION** section of this notice.

**FOR FURTHER INFORMATION CONTACT:** Mark Grant, Sector Policy Analyst, (978) 281-9145, fax (978) 281-9135, email [Mark.Grant@NOAA.gov](mailto:Mark.Grant@NOAA.gov).

**SUPPLEMENTARY INFORMATION:** Amendment 16 (75 FR 18262; April 9, 2010) expanded the sector management program, including requirements to ensure accurate monitoring of sector at-sea catch and dockside landings, and common pool dockside landings. Framework Adjustment 48 to the FMP (Framework 48, 78 FR 26118, May 3, 2013) removed dockside monitoring requirements and revised the goals and objectives for sector monitoring programs.

**Standards for Approving At-Sea Monitoring Service Providers**

Regulations at 50 CFR 648.87(b)(4) describe the criteria for NMFS approval of at-sea monitoring service providers. NMFS is approving service providers for FY 2014 (beginning May 1, 2014) based on: (1) Completeness of applications, (2) determination of the applicant's ability to perform the duties and responsibilities of a sector monitoring

service provider, and (3) performance as NMFS-funded providers in FY 2013. NE multispecies sectors are required to design and implement independent, third-party at-sea monitoring programs in FY 2014, and are responsible for the costs of these monitoring requirements, unless otherwise instructed by NMFS.

NMFS first approved service providers for FY 2010, based upon the completeness of their application addressing the regulatory requirements (§ 648.87(b)(4)(i)), and a determination of the applicant's ability to perform the duties and responsibilities of a monitoring service provider. For FY 2013, NMFS approved service providers based on completeness of applications, determination of ability, and performance during FY 2012. During FY 2012 and 2013, at-sea monitoring has been conducted by A.I.S., Inc.; East West Technical Services, LLC; and MRAG Americas, Inc. under contract with NMFS.

Once approved, providers must document having met performance requirements in order to maintain eligibility (§ 648.87(b)(4)(ii)). NMFS can disapprove any previously approved service provider during the FY if the service provider in question ceases to meet the performance standards. NMFS must notify service providers of disapproval in writing.

**Approved Monitoring Service Providers**

NMFS received complete applications from five companies interested in providing at-sea monitoring services in FY 2014. Four of the applicants were previously approved to provide at-sea monitoring services to sectors. The fifth application was received from Fathom Research, a new applicant. The Regional Administrator has approved the following service providers as eligible to provide at-sea monitoring services in FY 2014:
