

will provide a platform for leading U.S. institutional investors, such as state pension and teacher retirement funds, and African government officials to discuss and implement best practices for reducing governance risk, strengthening capital markets and increasing long-term investment flows. At the same time, the program will help U.S. financial institutions and exporters to learn about and how to pursue opportunities to participate in large-scale business opportunities arising from transformational infrastructure projects in Africa. The goal of the Roadshow is to bring a new level of transparent and flexible private sector funding while providing private sector tools to improve the investment climate to allow more U.S. companies to close business deals.

The Roadshow is an initiative developed by the U.S. Department of Commerce in response to the need expressed by African leaders and the U.S. private sector for increased access to long-term private capital to fund large scale infrastructure projects in Africa. It is a direct follow-up to the 2014 U.S.-Africa Business Forum and an official recommendation made by the President's Advisory Council on Doing Business in Africa. For more information on the Roadshow concept, please see the official recommendations made by the President's Advisory Council on Doing Business in Africa: http://www.trade.gov/pac-dbia/docs/PAC-DBIA-Report_Final.pdf. The inaugural launch in New York, New York will be the first event in a series of high-level engagements that are expected to be scheduled to take place across the continent of Africa. The Global Market's Office of Europe, Middle East and Africa has entered into a joint project with McKinsey and Company to organize and hold the launch event. The launch event will comprise of approximately 20–25 individuals consisting of U.S. Government officials, government officials from African countries (expected to include at least some government Ministers and one or more heads of state), and representatives of U.S. institutional investors. The program will include keynote speeches, panels, and other presentations by attendees from both government and business. The program will include an overview of the financial business climate, a discussion of some of the leading proposed African infrastructure projects, and roundtable discussions on reactions to the proposed projects (including how to structure projects to attract foreign investment and factors

that the U.S. private sector looks for and considers when assessing whether to invest).

Public Participation: U.S. institutional investors or U.S. investment fund managers that represent U.S. institutional investors (state pension and teacher retirement funds), are eligible to apply for participation. Please note that space is limited at the launch event and applying does not guarantee participation. All applicants will be evaluated based on their ability to meet certain conditions and best satisfy the selection criteria as outlined below. Due to space limitations, participation is limited to no more than two representatives of each participating U.S. institutional investor or U.S. investment fund managers that represent U.S. institutional investors. If you are interested in being considered as a participant for the September 29, 2015 launch event, you must apply by sending an email to the address below by September 18th, 2015. The email must include the name of the proposed participant(s), title(s), company name, business contact information, a brief bio of the proposed participant(s), and a description of the company's interest in the event (including any relevant past, on-going, or planned investments or intent to invest in infrastructure and/or in Africa). Investment fund managers also must certify that they represent U.S. institutional investors. Do not include any business confidential or proprietary information in the request. Requests to participate in the launch event will be evaluated by the Department of Commerce and McKinsey and Company based on (1) level of institutional interest, knowledge of, or experience investing in infrastructure projects and/or in Africa, (2) experience and ability of the proposed participant to engage in a substantive discussion of factors influencing U.S. institutional investment decisions in the infrastructure sector in African markets, and (3) level of proposed participant within the company to be represented. Decisions will be made without regard to political considerations; referrals from political organizations and any documents containing references to partisan political activities (including political contributions) will be removed from an applicant's submission and not considered during the selection process.

To apply send an email to: Roadshow@trade.gov.

If you are interested in being added to the distribution list for information about this program and about upcoming events, send an email to Roadshow@trade.gov with your name and contact information.

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* September 3, 2015.

SUMMARY: On May 1, 2015, the Department initiated the second sunset review of the Order on Floor-Standing, Metal-Top Ironing Tables and Certain Parts Thereof (ironing tables) from the People's Republic of China (PRC) pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).¹ The Department determined that it was appropriate to conduct an expedited review. The Department finds that revocation of this antidumping duty order would be likely to lead to continuation or recurrence of dumping up to the rate identified in the “Final Results of Review” section of this notice.

The Department received a notice of intent to participate from Home Products International, Inc. (Petitioner), within the deadline specified in 19 CFR 351.218(d)(1)(i). Petitioners are manufacturers of a domestic like product in the United States and, accordingly, are domestic interested parties pursuant to section 771(9)(C) of the Act.

On May 27, 2015, the Department received an adequate substantive response to the notice of initiation from Petitioners within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i). The Department did not receive any responses from the respondent interested parties, *i.e.*, ironing tables producers or exporters from the PRC. On the basis of the notice of intent to participate and adequate substantive response filed by Petitioners and the inadequate response from any respondent interested party, the Department decided to conduct an expedited sunset review of this order pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C).

Scope of the Order

The merchandise subject to the order consists of floor-standing, metal-top ironing tables, assembled or unassembled, complete or incomplete, and certain parts thereof. The subject tables are designed and used principally for the hand ironing or pressing of garments or other articles of fabric. They are typically imported under heading 9403.20.0011 of the Harmonized Tariff Schedule of the United States (HTSUS), with the subject metal top and leg components are imported under heading 9403.90.8040. Although the HTSUS subheadings are provided for convenience and customs purposes, the written product description is dispositive. A full description of the scope of the order is contained in the "Issues and Decision Memorandum for Final Results of Expedited Second Sunset Review of Antidumping Duty Order on Floor-Standing, Metal-Top Ironing Tables and Certain Parts Thereof from the People's Republic of China," (Decision Memorandum) dated concurrently with and hereby adopted by this notice.

Analysis of Comments Received

The issues discussed in the Decision Memorandum are the likelihood of continuation or recurrence of dumping, and the magnitude of the margins of dumping likely to prevail if the order was revoked. The analysis addresses the impact of the *Final Modification for*

*Reviews*⁴ on this review. Parties can find a complete discussion of all issues raised in this review and the corresponding recommendations in the Decision Memorandum, which is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). In addition, a complete version of the Decision Memorandum can be accessed directly on the Internet at <http://trade.gov/enforcement/>. The signed Decision Memorandum and electronic versions of the Decision Memorandum are identical in content.

Final Results of Sunset Review

Pursuant to sections 752(c)(1) and (3) of the Act, we determine that revocation of the antidumping order of ironing tables from the PRC would be likely to lead to continuation or recurrence of dumping at weighted-average margins up to 157.68 percent.

Notification to Interested Parties

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a). Timely written notification of the destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.
