Final Results of Changed Circumstances Review: Antidumping Duty Order on Carbon and Certain Alloy Steel Wire Rod From Mexico

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On October 4, 2017, the Department of Commerce (the Department) published its notice of initiation and preliminary results of a changed circumstances review (CCR) of the antidumping duty order on carbon and certain alloy steel wire rod (wire rod) from Mexico to determine whether ArcelorMittal Mexico, S.A. de C.V. (AMM) is the successor-in-interest to ArcelorMittal Las Truchas, S.A. de C.V. (AMLT). No interested parties submitted case briefs or requested a hearing with respect to the Department’s notice of initiation and preliminary results. Therefore, based on the information on the record, we continue to determine that AMM is the successor-in-interest to AMLT.

DATES: Applicable November 16, 2017.

FOR FURTHER INFORMATION CONTACT: Keith Haynes, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–5139.

SUPPLEMENTARY INFORMATION:

Background

The Department published in the *Federal Register* the initiation and preliminary results of an expedited CCR on October 4, 2017, preliminarily finding that AMM is the successor-in-interest to AMLT.¹ In the *Preliminary Results*, we provided interested parties 30 days from the date of publication to submit case briefs or request a hearing. No interested parties submitted case briefs or requested a hearing.

Scope of the Order

The merchandise covered by the order is carbon and certain alloy steel wire rod. The product is currently classified under the Harmonized Tariff Schedule of the United States (HTSUS) item numbers 7213.91.3000, 7213.91.3010, 7213.91.3011, 7213.91.3015,

7213.91.3020, 7213.91.3090, 7213.91.3091, 7213.91.3092, 7213.91.3093, 7213.91.4500, 7213.91.4510, 7213.91.4590, 7213.91.6000, 7213.91.6010, 7213.91.6090, 7213.99.0030, 7213.99.0031, 7213.99.0038, 7213.99.0090, 7227.20.0000, 7227.20.0010, 7227.20.0020, 7227.20.0030, 7227.20.0080, 7227.20.0090, 7227.20.0095, 7227.90.6010, 7227.90.6020, 7227.90.6030, 7227.90.6035, 7227.90.6050, 7227.90.6051, 7227.90.6053, 7227.90.6058, 7227.90.6059, 7227.90.6080, and 7227.90.6085 of the HTSUS. Although the HTSUS numbers are provided for convenience and customs purposes, the written product description remains dispositive.²

Final Results of Changed Circumstances Review

Because no party submitted a case brief in response to the Department’s *Preliminary Results*, and because the record contains no other information or evidence that calls into question the *Preliminary Results*, the Department continues to find that AMM is the successor-in-interest to AMLT, and is entitled to AMLT’s cash deposit rate with respect to entries of merchandise subject to the antidumping duty order on wire rod from Mexico.³

Instructions to U.S. Customs and Border Protection

Based on these final results, we will instruct U.S. Customs and Border Protection to suspend liquidation and collect estimated antidumping duties for all shipments of subject merchandise exported by AMM and entered, or withdrawn from warehouse, for consumption on or after the publication of this notice in the *Federal Register* at the current antidumping duty cash-deposit rate for AMLT (*i.e.*, 2.59 percent). This cash deposit requirement shall remain in effect until further notice.

² For a complete description of the scope of the order, see Memorandum from James Maeder, Senior Director performing the duties of Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, to Carole Showers, Executive Director, Office of Policy, performing the duties of the Deputy Assistant Secretary for Enforcement and Compliance, “Carbon and Certain Alloy Steel Wire Rod from Mexico Preliminary Decision Memorandum of Changed Circumstances Review,” dated September 28, 2017 (Preliminary Decision Memorandum).

³ For a complete discussion of the Department’s findings, which remain unchanged in these final results and which are herein incorporated by reference and adopted by this notice, see, generally, *Preliminary Results* and Preliminary Decision Memorandum.

Notification to Interested Parties

This notice serves as a final reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/ destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

We are issuing and publishing these final results in accordance with sections 751(b) and 777(i) of the Act, and 19 CFR 351.216.

Dated: November 13, 2017.

Gary Taverman,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Certain Tool Chests and Cabinets From the People’s Republic of China: Preliminary Affirmative Determination of Sales at Less Than Fair Value, Postponement of Final Determination, and Extension of Provisional Measures

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) preliminarily determines that certain tool chests and cabinets (tool chests) from the People’s Republic of China (the PRC) are being, or are likely to be, sold in the United States at less than fair value (LTFV). The period of investigation (POI) is October 1, 2016, through March 31, 2017.

DATES: Applicable November 16, 2017.

FOR FURTHER INFORMATION CONTACT: Yang Jin Chun or Andre Gziryan, AD/CVD Operations Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–5760 and (202) 482–2201, respectively.

SUPPLEMENTARY INFORMATION:

Background

This preliminary determination is made in accordance with section 733(b)

¹ See *Initiation and Preliminary Results of Changed Circumstances Review: Antidumping Duty Order on Carbon and Certain Alloy Steel Wire Rod from Mexico*, 82 FR 46222 (October 4, 2017) (*Preliminary Results*).

of the Tariff Act of 1930, as amended (the Act). The Department published the notice of initiation of this investigation on May 9, 2017.¹ On August 21, 2017, the Department postponed the preliminary determination of this investigation and the revised deadline is now November 7, 2017.² For a complete description of the events that followed the initiation of this investigation, see the Preliminary Decision Memorandum.³ A list of topics included in the Preliminary Decision Memorandum is included as Appendix II to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>, and to all parties in the Central Records Unit, Room B8024 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/>.

Scope of the Investigation

The products covered by this investigation are tool chests from the PRC. For a complete description of the

scope of this investigation, see Appendix I.

Scope Comments

In accordance with the preamble to the Department's regulations,⁴ the *Initiation Notice* set aside a period of time for parties to raise issues regarding product coverage (scope).⁵ Certain interested parties commented on the scope of the investigation as it appeared in the *Initiation Notice*. For a summary of the product coverage comments and rebuttal responses submitted to the record for this investigation, and accompanying discussion and analysis of all comments timely received, see the Preliminary Scope Decision Memorandum.⁶ The Department has preliminarily modified the scope language that appeared in the *Initiation Notice*. See the revised scope in Appendix I to this notice. The Department intends to address any scope comments received⁷ and issue a final scope decision along with the final determination in the concurrent countervailing duty (CVD) investigation on tool chests from the PRC.

Methodology

The Department is conducting this investigation in accordance with section 731 of the Act. The Department has calculated export prices and constructed

export prices in accordance with sections 772(a) and (b) of the Act, respectively. Because the PRC is a non-market economy, within the meaning of section 771(18) of the Act, the Department has calculated normal value (NV) in accordance with section 773(c) of the Act. In addition, pursuant to section 776(a) and (b) of the Act, the Department preliminarily has relied on facts otherwise available, with adverse inferences, for the PRC-wide entity. For a full description of the methodology underlying the Department's preliminary determination, see the Preliminary Decision Memorandum.

Combination Rates

In the *Initiation Notice*,⁸ the Department stated that it would calculate producer/exporter combination rates for the respondents that are eligible for a separate rate in this investigation. Policy Bulletin 05.1 describes this practice.⁹ In this investigation, we calculated producer/exporter combination rates for respondents eligible for separate rates.

Preliminary Determination

The Department preliminarily determines that the following estimated weighted-average dumping margins exist:¹⁰

Suspension of Liquidation

In accordance with section 733(d)(2) of the Act, the Department will direct U.S. Customs and Border Protection (CBP) to suspend liquidation of subject merchandise as described in the scope of the investigation section entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the **Federal Register**, as discussed below. Further, pursuant to section 733(d)(1)(B) of the Act and 19 CFR 351.205(d), the Department will instruct CBP to require a cash deposit equal to the weighted-average amount by which normal value exceeds U.S. price, as indicated in the chart above as follows: (1) For the producer/exporter combinations listed in the table above, the cash deposit rate is equal to the estimated weighted-average dumping margin listed for that combination in the table; (2) for all combinations of PRC producers/exporters of merchandise under consideration that have not established eligibility for their own separate rates, the cash deposit rate will be equal to the estimated weighted-average dumping margin established for the PRC-wide entity; and (3) for all third-country exporters of merchandise under consideration not listed in the table above, the cash deposit rate is the cash deposit rate applicable to the PRC producer/exporter combination (or the PRC-wide entity) that supplied that third-country exporter.

To determine the cash deposit rate, the Department normally adjusts the estimated weighted-average dumping margin by the amount of domestic subsidy pass-through and export subsidies determined in a companion CVD proceeding when CVD provisional measures are in effect. Accordingly, where the Department has made a preliminary affirmative determination for domestic subsidy pass-through or export subsidies, the Department has offset the calculated estimated weighted-average dumping margin by the appropriate rate(s). Any such adjusted rates may be found in the Preliminary Determination Section's

chart of estimated weighted-average dumping margins above.

Should provisional measures in the companion CVD investigation expire prior to the expiration of provisional measures in this LTFV investigation, the Department will direct CBP to begin collecting cash deposits at a rate equal to the estimated weighted-average dumping margins calculated in this preliminary determination unadjusted for the passed-through domestic subsidies or for export subsidies at the time the CVD provisional measures expire.

These suspension of liquidation instructions will remain in effect until further notice.

Disclosure

The Department intends to disclose to interested parties the calculations performed in connection with this preliminary determination within five days of its public announcement or, if there is no public announcement, within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

Verification

As provided in section 782(i)(1) of the Act, the Department intends to verify information relied upon in making its final determination.

Public Comment

Case briefs or other written comments, with the exception of scope case briefs or scope comments,¹¹ may be submitted to the Assistant Secretary for Enforcement and Compliance no later than seven days after the date on which the last final verification report is issued in this investigation, unless the Department alters the time limit. Rebuttal briefs, limited to issues raised in case briefs, may be submitted no later than five days after the deadline date for case briefs.¹² Pursuant to 19 CFR 351.309(c)(2) and (d)(2), parties who submit case briefs or rebuttal briefs in

this investigation are encouraged to submit with each argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, limited to issues raised in the case and rebuttal briefs, must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce, within 30 days after the date of publication of this notice. Requests should contain the party's name, address, and telephone number, the number of participants, whether any participant is a foreign national, and a list of the issues to be discussed. If a request for a hearing is made, the Department intends to hold the hearing at the U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230, at a time and date to be determined. Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

All documents must be filed electronically using ACCESS. An electronically-filed request must be received successfully in its entirety by ACCESS no later than 5:00 p.m. Eastern Time on the established due date.

Postponement of Final Determination and Extension of Provisional Measures

Section 735(a)(2) of the Act provides that a final determination may be postponed until not later than 135 days after the date of the publication of the preliminary determination if, in the event of an affirmative preliminary determination, a request for such postponement is made by exporters who account for a significant proportion of exports of the subject merchandise, or in the event of a negative preliminary determination, a request for such postponement is made by the petitioners. Pursuant to 19 CFR 351.210(e)(2), the Department requires that requests by respondents for postponement of a final antidumping determination be accompanied by a request for extension of provisional

¹¹ As explained above, the actual deadline for the scope case briefs was Monday, October 16, 2017.

¹² See 19 CFR 351.309; see also 19 CFR 351.303 (for general filing requirements).

measures from a four-month period to a period not more than six months in duration.

On October 6, 2017, pursuant to 19 CFR 351.210(e)(2), Geelong and the Tongrun Single Entity requested that the Department postpone the final determination and that provisional measures be extended to a period not to exceed six months.¹³ In accordance with section 735(a)(2)(A) of the Act and 19 CFR 351.210(b)(2)(ii), because (1) the preliminary determination is affirmative; (2) the requesting exporters account for a significant proportion of exports of the subject merchandise; and (3) no compelling reasons for denial exist, the Department is postponing the final determination and extending the provisional measures from a four-month period to a period not greater than six months. Accordingly, the Department's final determination will be published no later than 135 days after the date of publication of this preliminary determination.

International Trade Commission Notification

In accordance with section 733(f) of the Act, the Department will notify the International Trade Commission (ITC) of its preliminary determination of sales at LTFV. If the final determination is affirmative, the ITC will determine before the later of 120 days after the date of this preliminary determination or 45 days after the final determination whether imports of the subject merchandise are materially injuring, or threaten material injury to, the U.S. industry.

Notification to Interested Parties

This determination is issued and published in accordance with sections 733(f) and 777(i)(1) of the Act and 19 CFR 351.205(c).

Appendix I

Scope of the Investigation

The scope of this investigation covers certain metal tool chests and tool cabinets, with drawers, (tool chests and cabinets), from the People's Republic of China (the PRC). The scope covers all metal tool chests and cabinets, including top chests, intermediate chests, tool cabinets and side cabinets, storage units, mobile work benches, and work stations and that have the following physical characteristics:

- (1) A body made of carbon, alloy, or stainless steel and/or other metals;
- (2) two or more drawers for storage in each individual unit;
- (3) a width (side to side) exceeding 15 inches for side cabinets and exceeding 21 inches for all other individual units but not exceeding 60 inches;
- (4) a body depth (front to back) exceeding 10 inches but not exceeding 24 inches; and
- (5) prepackaged for retail sale.

For purposes of this scope, the width parameter applies to each individual unit, *i.e.*, each individual top chest, intermediate top chest, tool cabinet, side cabinet, storage unit, mobile work bench, and work station.

Prepackaged for retail sale means the units may, for example, be packaged in a cardboard box, other type of container or packaging, and may bear a Universal Product Code, along with photographs, pictures, images, features, artwork, and/or product specifications. Subject tool chests and cabinets are covered whether imported in assembled or unassembled form. Subject merchandise includes tool chests and cabinets produced in the PRC but assembled, prepackaged for retail sale, or subject to other minor processing in a third country prior to importation into the United States. Similarly, it would include tool chests and cabinets produced in the PRC that are later found to be assembled, prepackaged for retail sale, or subject to other minor processing after importation into the United States.

Subject tool chests and cabinets may also have doors and shelves in addition to drawers, may have handles (typically mounted on the sides), and may have a work surface on the top. Subject tool chests and cabinets may be uncoated (*e.g.*, stainless steel), painted, powder coated, galvanized, or otherwise coated for corrosion protection or aesthetic appearance.

Subject tool chests and cabinets may be packaged as individual units or in sets. When

packaged in sets, they typically include a cabinet with one or more chests that stack on top of the cabinet. Tool cabinets act as a base tool storage unit and typically have rollers, casters, or wheels to permit them to be moved more easily when loaded with tools. Work stations and mobile work benches are tool cabinets with a work surface on the top that may be made of rubber, plastic, metal, wood, or other materials.

Top chests are designed to be used with a tool cabinet to form a tool storage unit. The top chests may be mounted on top of the base tool cabinet or onto an intermediate chest. They are often packaged as a set with tool cabinets or intermediate chests, but may also be packaged separately. They may be packaged with mounting hardware (*e.g.*, bolts) and instructions for assembling them onto the base tool cabinet or onto an intermediate tool chest which rests on the base tool cabinet. Smaller top chests typically have handles on the sides, while the larger top chests typically lack handles. Intermediate tool chests are designed to fit on top of the floor standing tool cabinet and to be used underneath the top tool chest. Although they may be packaged or used separately from the tool cabinet, intermediate chests are designed to be used in conjunction with tool cabinets. The intermediate chests typically do not have handles. The intermediate and top chests may have the capability of being bolted together.

Side cabinets are designed to be bolted or otherwise attached to the side of the base storage cabinet to expand the storage capacity of the base tool cabinet.

Subject tool chests and cabinets also may be packaged with a tool set included. Packaging a subject tool chest and cabinet with a tool set does not remove an otherwise covered subject tool chest and cabinet from the scope. When this occurs, the tools are not part of the subject merchandise.

All tool chests and cabinets that meet the above definition are included in the scope unless otherwise specifically excluded.

Excluded from the scope of the investigation are tool boxes, chests, and cabinets with bodies made of plastic, carbon fiber, wood, or other non-metallic substances.

Also excluded from the scope of the investigation are industrial grade steel tool chests and cabinets. The excluded industrial grade steel tool chests and cabinets are those:

- (1) Having a body that is over 60 inches in width; or
- (2) having each of the following physical characteristics:
 - (a) A body made of steel that is 0.047 inches or more in thickness;
 - (b) a body depth (front to back) exceeding 21 inches; and
 - (c) a unit weight that exceeds the maximum unit weight shown below for each width range:

Weight to Width Ratio Tool Chests		Weight to Width Ratio Tool Cabinets	
Inches	Maximum Pounds	Inches	Maximum Pounds
21 > ≤ 25	90	21 > ≤ 25	155
25 > ≤ 28	115	25 > ≤ 28	170

56 > ≤ 58	260	56 > ≤ 58	360
58 > ≤ 60	270	58 > ≤ 60	370

Also excluded from the scope of the investigation are service carts. The excluded service carts have all of the following characteristics:

(1) Casters, wheels, or other similar devices which allow the service cart to be rolled from place to place;

(2) a flat top or flat lid on top of the unit that opens;

(3) a space or gap between the casters, wheels, or other similar devices, and the bottom of the enclosed storage space (e.g., drawers) of at least 10 inches; and

(4) a total unit height, including casters, of less than 48 inches.

Also excluded from the scope of the investigation are non-mobile work benches. The excluded non-mobile work benches have all of the following characteristics:

(1) A solid top working surface;

(2) no drawers, one drawer, or two drawers in a side-by-side configuration; and

(3) the unit is supported by legs and has no solid front, side, or back panels enclosing the body of the unit.

Also excluded from the scope of this investigation are metal filing cabinets that are configured to hold hanging file folders and are classified in the Harmonized Tariff Schedule of the United States (HTSUS) at subheading 9403.10.0020.

Merchandise subject to this investigation is classified under HTSUS categories 9403.20.0021, 9403.20.0026, 9403.20.0030 and 7326.90.8688, but may also be classified under HTSUS category 7326.90.3500. While HTSUS subheadings are provided for convenience and Customs purposes, the

written description of the scope of this investigation is dispositive.
