UNITED STATES DISTRICT COURT FOR THE EASTERN DISTRICT OF MICHIGAN

United States of America and State of Michigan, and Plaintiffs, v. Hillsdale Community Health Center, W.A. Foote Memorial Hospital, D/B/A Allegiance Health, Community Health Center of Branch County, and ProMedica Health System, Inc., Defendants.

Case No.: 2:15-cv-12311-JEL-DRG
Hon. Judith E. Levy
Mag. Judge David R. Grand

COMPLAINT

The United States of America and the State of Michigan bring this civil antitrust action to enjoin agreements by Defendants Hillsdale Community Health Center (“Hillsdale”), W.A. Foote Memorial Hospital, d/b/a Allegiance Health (“Allegiance”), Community Health Center of Branch County (“Branch”), and ProMedica Health System, Inc. (“ProMedica”) (collectively, “Defendants”) that unlawfully allocate territories for the marketing of competing healthcare services and limit competition among Defendants.

NATURE OF THE ACTION

1. Defendants are healthcare providers in Michigan that operate the only general acute-care hospital or hospitals in their respective counties. Defendants directly compete with each other to provide healthcare services to the residents of south-central Michigan. Marketing is a key component of this competition and includes advertisements, mailings to patients, health fairs, health screenings, and outreach to physicians and employers.

2. Allegiance, Branch, and ProMedica’s Bixby and Herrick Hospitals (“Bixby and Herrick”) are Hillsdale’s closest Michigan competitors. Hillsdale orchestrated agreements to limit marketing of competing healthcare services. Allegiance explained in a 2013 oncology marketing plan: “[A]n agreement exists with the CEO of Hillsdale Community Health Center, Duke Anderson, to not conduct marketing activity in Hillsdale County.” Branch’s CEO described the Branch agreement with Hillsdale as a “gentlemen’s agreement not to market services.” A ProMedica communications specialist described the ProMedica agreement with Hillsdale

² The Commission also finds that imports of wire rod subject to Commerce’s affirmative critical circumstances determination are not likely to undermine seriously the remedial effect of the antidumping duty order on South Africa.
