BILLING CODE 9111–14–P

DEPARTMENT OF THE INTERIOR

National Park Service

[NPS–WASO–NRNHL–DTS#–28832; PPWOCRADIO, PCU00RP14.R50000]

National Register of Historic Places; Notification of Pending Nominations and Related Actions

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: The National Park Service is soliciting comments on the significance of properties nominated before August 31, 2019, for listing or related actions in the National Register of Historic Places.

DATES: Comments should be submitted by October 3, 2019.

ADDRESSES: Comments may be sent via U.S. Postal Service and all other carriers to the National Register of Historic Places, National Park Service, 1849 C St. NW, MS 7228, Washington, DC 20240.

SUPPLEMENTARY INFORMATION: The properties listed in this notice are being considered for listing or related actions in the National Register of Historic Places. Nominations for their consideration were received by the National Park Service before August 31, 2019. Pursuant to Section 60.13 of 36 CFR part 60, written comments are being accepted concerning the significance of the nominated properties under the National Register criteria for evaluation.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Nominations submitted by State Historic Preservation Officers:

ARIZONA

Maricopa County

Jefferson Hotel, 101 S Central Ave. (1 E Jefferson St.), Phoenix, SG100004509

DISTRICT OF COLUMBIA

District of Columbia

Wardman Flats, Square 519 bounded by 3rd, 4th & R Sts. & Florida Ave. NW, Washington, SG100004500

MISSISSIPPI

Covington County

Mount Olive Historic District, Roughly bounded by the N & S sides of Main St., extending from the jct. of Jaynesville Rd. to Old Hwy 49, Mount Olive, SG100004507

Hinds County

Upper Midtown Historic District, Roughly bounded by Duncan Ave., N West St., McTyere Ave., & N Mill St., Jackson, SG100004503

Southwest Midtown Historic District, Roughly bounded by Whitfield St., Blair St., East Bell St., and North Mill St., Jackson, SG100004504

Jackson County

Evergreen Cemetery, 1200 Sunset Dr., Ocean Springs, SG100004506

Lafayette County

Avent Acres Neighborhood Historic District, Roughly bounded by Lamar Ave., rear property line of Oxford Apts., Douglas Dr., Williams & Sisk Ave., Oxford, SG100004508

Leflore County

Downtown Greenwood Historic District, Roughly bounded by Front St., River Rd., Lamar, St., McLemore St., Pelican St., Avenue F, Henry St., West Johnson St., Vardaman St., & Dewey St., Greenwood, SG100004502

Warren County

Rolling Acres Historic District, Elizabeth Circle & intersecting streets, Vicksburg, SG100004505

Authority: Section 60.13 of 36 CFR part 60.

Dated: September 3, 2019.

Julie H. Ernstein,

Supervisory Archeologist, National Register of Historic Places/National Historic Landmarks Program.

BILLING CODE 4312–52–P

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 731–TA–1455–1457 (Preliminary)]

Polyethylene Terephthalate (PET) Sheet From Korea, Mexico, and Oman

Determinations

On the basis of the record ¹ developed in the subject investigations, the United

¹ The record is defined in sec. 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR 207.2(f)).

States International Trade Commission (“Commission”) determines, pursuant to the Tariff Act of 1930 (“the Act”), that there is a reasonable indication that an industry in the United States is materially injured by reason of imports of Polyethylene Terephthalate (PET) sheet from Oman and Korea, provided for in subheading 3920.62.00 of the Harmonized Tariff Schedule of the United States, that are alleged to be sold in the United States at less than fair value (“LTFV”).² The Commission further determines that imports of PET sheet from Mexico that are alleged to be sold in the United States at LTFV are negligible pursuant to section 771(24) of the Act, and its antidumping duty investigation with regard to PET sheet from Mexico is thereby terminated pursuant to section 703(a)(1) of the Act.³

Commencement of Final Phase Investigations

Pursuant to section 207.18 of the Commission's rules, the Commission also gives notice of the commencement of the final phase of its investigations. The Commission will issue a final phase notice of scheduling, which will be published in the **Federal Register** as provided in section 207.21 of the Commission's rules, upon notice from the U.S. Department of Commerce (“Commerce”) of affirmative preliminary determinations in the investigations under section 733(b) of the Act, or, if the preliminary determinations are negative, upon notice of affirmative final determinations in those investigations under section 735(a) of the Act. Parties that filed entries of appearance in the preliminary phase of the investigations need not enter a separate appearance for the final phase of the investigations. Industrial users, and, if the merchandise under investigation is sold at the retail level, representative consumer organizations have the right to appear as parties in Commission antidumping investigations. The Secretary will prepare a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigations.

Background

On July 9, 2019, Advanced Extrusion, Inc., Rogers, Minnesota; Ex-Tech Plastics, Inc., Richmond, Illinois; and Multi-Plastics Extrusions, Inc., Hazleton, Pennsylvania, filed petitions

² *Polyethylene Terephthalate Sheet From the Republic of Korea, Mexico, and the Sultanate of Oman: Initiation of Less-Than-Fair-Value Investigations*, 84 FR 44854, August 27, 2019.

³ Commissioner Randolph J. Stayin voted in the affirmative with respect to all investigations.

with the Commission and Commerce, alleging that an industry in the United States is materially injured or threatened with material injury by reason of LTFV imports of PET sheet from Korea, Mexico, and Oman. Accordingly, effective July 9, 2019, the Commission, pursuant to section 733(a) of the Act (19 U.S.C. 1673b(a)), instituted antidumping duty investigation Nos. 731-TA-1455-1457 (Preliminary).

Notice of the institution of the Commission's investigations and of a public conference to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of July 15, 2019 (84 FR 33785). The conference was held in Washington, DC, on July 30, 2019, and all persons who requested the opportunity were permitted to appear in person or by counsel. A revised schedule was published on August 6, 2019 (84 FR 38296).

The Commission made these determinations pursuant to section 733(a) of the Act (19 U.S.C. 1673b(a)). It completed and filed its determinations in these investigations on September 13, 2019. The views of the Commission are contained in USITC Publication 4970 (September 2019), entitled *Polyethylene Terephthalate (PET) sheet from Korea, Mexico, and Oman Investigation Nos. 731-TA-1455-1457 (Preliminary)*.

By order of the Commission.
Issued: September 13, 2019.

Lisa Barton,

Secretary to the Commission.

BILLING CODE 7020-02-P

NATIONAL SCIENCE FOUNDATION

Notice of Permit Applications Received Under the Antarctic Conservation Act of 1978

AGENCY: National Science Foundation.

ACTION: Notice of permit applications received.

SUMMARY: The National Science Foundation (NSF) is required to publish a notice of permit applications received to conduct activities regulated under the Antarctic Conservation Act of 1978. NSF has published regulations under the Antarctic Conservation Act in the Code of Federal Regulations. This is the required notice of permit applications received.

DATES: Interested parties are invited to submit written data, comments, or views with respect to this permit application by October 18, 2019. This application may be inspected by interested parties at the Permit Office, address below.

ADDRESSES: Comments should be addressed to Permit Office, Office of Polar Programs, National Science Foundation, 2415 Eisenhower Avenue, Alexandria, Virginia 22314.

FOR FURTHER INFORMATION CONTACT: Nature McGinn, ACA Permit Officer, at the above address, 703-292-8030, or ACApermits@nsf.gov.

SUPPLEMENTARY INFORMATION: The National Science Foundation, as directed by the Antarctic Conservation Act of 1978 (Pub. L. 95-541, 45 CFR 671), as amended by the Antarctic Science, Tourism and Conservation Act of 1996, has developed regulations for the establishment of a permit system for various activities in Antarctica and designation of certain animals and certain geographic areas requiring special protection. The regulations establish such a permit system to designate Antarctic Specially Protected Areas.

Application Details

Permit Application: 2020-004

1. *Applicant:* Leidos Innovations Corporation, 7400 South Tucson Way, Centennial, CO 80112.

Activity for Which Permit is Requested: Waste Management. The applicant, Leidos Innovations Corporations (hereafter "Leidos") proposes to conduct waste management activities associated with the implementation of the United States Antarctic Program (USAP). The USAP Master Waste permit would apply to all USAP activities, including major reconstruction and modernization efforts, conducted by all organizations supporting or supported by the Program. Leidos and other supporting organizations provide broad-based logistical support, technical support, and transportation services to the USAP. This would include the transport of both hazardous and non-hazardous waste from Antarctica to the United States. Leidos would include procure, transport, and track materials containing designated pollutants required for USAP operations and for NSF-supported grantees. Leidos would be responsible for fuel operations including fuel storage, distribution, and resupply; and record-keeping of fuel use. Leidos would collect, store, and ship both hazardous and non-hazardous waste

materials and would be responsible for the final disposition of these materials upon return to the United States. Leidos would provide training and technical guidance to enhance the safety and effectiveness of U.S. waste management practices in Antarctica.

Location: Antarctica.

Dates of Permitted Activities: October 1, 2019–September 30, 2024.

Permit Application: 2020-006

2. *Applicant:* John Kennedy, 917 Porphyry, Ophir, CO 81426.

Activity for Which Permit is Requested: Waste Management. The applicant proposes to operate a sailing yacht, conduct shore excursions, and operate a remotely piloted aircraft system in the Antarctic Peninsula region. The yacht would carry up to 1200 liters of diesel fuel in a combination of internal and external storage tanks, up to 50 liters of gasoline, and two, 8-kg bottles of propane. A spill kit and absorbent pads would be available during all fueling and fuel transfers. Garbage and food waste, including poultry products, would be stored onboard the vessel and disposed of outside Antarctica. Human waste generated during shore excursions would be contained, stored on the vessel, and disposed of outside Antarctica. The applicant would operate small, battery-operated remotely piloted aircraft systems (RPAS) consisting, in part, of a quadcopter equipped with cameras to aid in navigation and to collect footage of the Antarctic. The quadcopter would not be flown over wildlife, or over Antarctic Specially Protected Areas or Historic Sites and Monuments. The RPAS would only be operated by a pilot with extensive experience and flights would not occur if the aircraft cannot be flown in GPS mode. Several measures would be taken to prevent against loss of the quadcopters including painting them a highly visible color; only flying when the wind is less than 20 knots; terminating flights with at least 40% battery life remaining; having an observer on the lookout for wildlife, people, and other hazards; and ensuring that the separation between the operator and quadcopter does not exceed visual line of sight. The applicant is seeking a Waste Permit to cover any accidental releases that may result from operating the vessel, conducting shore excursions, or operating the RPAS.

Location: Antarctic Peninsula region.

Dates of Permitted Activities: December 1, 2019–February 15, 2023.
