INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701-TA-531-532 and 731-TA-1270-1273 (Review)]

Polyethylene Terephthalate (PET) Resin From Canada, China, India, and Oman

Determinations

On the basis of the record¹ developed in the subject five-year reviews, the United States International Trade Commission ("Commission") determines, pursuant to the Tariff Act of 1930 ("the Act"), that revocation of the countervailing duty orders on polyethylene terephthalate ("PET") resin from China and India and the antidumping duty orders on PET resin from Canada, China, India, and Oman would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.

Background

The Commission instituted these reviews on April 1, 2021 (86 FR 17197) and determined on July 7, 2021 that it would conduct full reviews (86 FR 37343, July 15, 2021). Notice of the scheduling of the Commission's reviews and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** on October 20, 2021 (86 FR 58101). The Commission conducted its hearing on January 27, 2022. All persons who requested the opportunity were permitted to participate.

The Commission made these determinations pursuant to section 751(c) of the Act (19 U.S.C. 1675(c)). It completed and filed its determinations in these reviews on March 30, 2022. The views of the Commission are contained in USITC Publication 5298 (March 2022), entitled *Polyethylene Terephthalate (PET) Resin from Canada, China, India, and Oman: Investigation Nos. 701-TA-531-532 and 731-TA-1270-1273 (Review)*.

By order of the Commission.

Issued: March 30, 2022.

BILLING CODE 7020-02-P

DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Consent Decree Under the Clean Air Act

On March 29, 2022, the Department of Justice lodged a proposed Consent Decree with the United States District Court for the District of Utah in the lawsuit entitled *United States and the State of Utah v. EP Energy E&P Company, L.P.*, Civil Action No. 2:22-cv-00225-DBB.

This is a civil action for injunctive relief and civil penalties brought by the United States and the State of Utah against EP Energy E&P Company L.P. ("EP Energy") under the Clean Air Act. The Complaint alleges unlawful emissions of volatile organic compounds from storage vessels and their associated vapor control systems that were part of EP Energy's oil and natural gas production systems in the Uinta Basin oil and natural gas production well operations in Utah. The Consent Decree requires EP Energy to institute a comprehensive injunctive program to help ensure it will design, operate, and maintain approximately 250 production facilities in compliance with federal and state law. EP Energy will also pay a \$700,000 penalty, to be split evenly between the United States and Utah, and implement a mitigation project at a cost of approximately \$1.2 million that will reduce EP Energy's volatile organic compound and methane emissions.

The publication of this notice opens a period for public comment on the proposed Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States and the State of Utah v. EP Energy E&P Company, L.P.*, D.J. Ref. No. 90-5-2-1-12299/1. All comments must be submitted no later than thirty (30) days after the publication date of this notice. Comments may be submitted either by email or by mail:
