**AGENCY:** United States International Trade Commission.

**ACTION:** Notice.

**SUMMARY:** The Commission hereby gives notice of the scheduling of the final phase of antidumping and countervailing duty investigation Nos. 701-TA-679-680 and 731-TA-1585-1586 (Final) pursuant to the Tariff Act of 1930 ("the Act") to determine whether an industry in the United States is materially injured or threatened with material injury, or the establishment of an industry in the United States is materially retarded, by reason of imports of sodium nitrite from India and Russia, provided for in subheading 2834.10.10 of the Harmonized Tariff Schedule of the United States, for which imports from Russia have been preliminarily determined by the Department of Commerce ("Commerce") to be subsidized by the Government of Russia, imports from India and Russia are alleged to be sold at less-than-fair-value, and imports from India are alleged to be subsidized by the Government of India.

**DATES:** April 15, 2022.

**FOR FURTHER INFORMATION CONTACT:** Peter Stebbins ((202) 205-2039), Office of Investigations, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission's TDD terminal on 202-205-1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2000. The public record for these investigations may be viewed on the Commission's electronic docket (EDIS) at <https://edis.usitc.gov>.

**SUPPLEMENTARY INFORMATION:**

*Scope.*—For purposes of these investigations, Commerce has defined the subject merchandise as “sodium nitrite in any form, at any purity level. In addition, the sodium nitrite covered by these investigations may or may not contain an anti-caking agent. Examples of names commonly used to reference sodium nitrite are nitrous acid, sodium salt, anti-rust, diazotizing salts, erinitrit, and filmerine. Sodium nitrite’s chemical composition is  $\text{NaNO}_2$ , and it is generally classified under subheading 2834.10.1000 of the Harmonized Tariff Schedule of the United States (HTSUS). The American Chemical Society Chemical Abstract Service (CAS) has assigned the name “sodium nitrite” to sodium nitrite. The CAS registry number is 7632–00–0. For purposes of the scope of these investigations, the narrative description is dispositive, not the tariff heading, CAS registry number or CAS name, which are provided for convenience and customs purposes.”

*Background.*—The final phase of these investigations is being scheduled pursuant to section 705(b) of the Tariff Act of 1930 (19 U.S.C. 1671d(b)), as a result of an affirmative preliminary determination by Commerce that certain benefits which constitute subsidies within the meaning of section 703 of the Act (19 U.S.C. 1671b) are being provided to manufacturers, producers, or exporters in Russia of sodium nitrite. Commerce’s determinations with respect to imports of sodium nitrite from India and Russia that are alleged to be sold at less-than-fair-value, and imports from India that are alleged to be subsidized by the Government of India are pending. The investigations were requested in petitions filed on January 13, 2022, by Chemtrade Chemicals US LLC, Parsippany, NJ.

Please note the Secretary’s Office will accept only electronic filings during this time. Filings must be made through the Commission’s Electronic Document Information System (EDIS, <https://edis.usitc.gov>.) No in-person paper-based filings or paper copies of any electronic filings will be accepted until further notice.

*Limited disclosure of business proprietary information (BPI) under an administrative protective order (APO) and BPI service list.*—Pursuant to section 207.7(a) of the Commission’s rules, the Secretary will make BPI gathered in the final phase of these investigations available to authorized applicants under the APO issued in the investigations, provided that the application is made no later than 21 days prior to the hearing date specified in this notice. Authorized applicants must represent interested parties, as defined by 19 U.S.C. 1677(9), who are parties to the investigations. A party granted access to BPI in the preliminary phase of the investigations need not reapply for such access. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

*Staff report.*—The prehearing staff report in the final phase of these investigations will be placed in the nonpublic record on June 7, 2022, and a public version will be issued thereafter, pursuant to section 207.22 of the Commission’s rules.

Additional written submissions to the Commission, including requests pursuant to section 201.12 of the Commission’s rules, shall not be accepted unless good cause is shown for accepting such submissions, or unless the submission is pursuant to a specific request by a Commissioner or Commission staff.

In accordance with sections 201.16(c) and 207.3 of the Commission’s rules, each document filed by a party to the investigations must be served on all other parties to the investigations (as

## DEPARTMENT OF JUSTICE

### Notice of Lodging of Proposed Amendment To Consent Decree Under the Safe Drinking Water Act

On April 13, 2022, the Department of Justice lodged a proposed amendment to the consent decree with the United States District Court for the Eastern District of New York in *United States v. City of New York and New York City Department of Environmental Protection*, Civil Action No. CV-19-1519 (E.D.N.Y.).

The United States filed this lawsuit in 2019 under the Safe Drinking Water Act ("Act"). The complaint sought injunctive relief and civil penalties for violations of the Act related to the City's failure to install a cover for its Hillview Reservoir, a finished water storage facility located in Yonkers, New York, in violation of the Long Term 2 Enhanced Surface Water Treatment Rule, 40 CFR 141, subpart W. A consent decree was entered by the Court on May 15, 2019, which requires the City to design and construct the cover for the Reservoir, as well as design and construct two major predecessor projects necessary to achieve compliance with the cover requirement.

One of these major predecessor projects is a set of repairs and improvements to the Hillview Reservoir facilities known as the "Hillview Reservoir Improvements." Under the existing consent decree, the Hillview Reservoir Improvements includes the construction of a new hydraulic interconnection between the Hillview Reservoir and two of the City's distribution tunnels (the "East Basin Interconnection") as one of the subprojects. Since the entry of the consent decree in 2019, the City has conducted additional studies and design work which indicate that construction of the East Basin Interconnection as part of the Hillview Reservoir Improvements would not facilitate other repairs that are part of the Hillview Reservoir Improvements as originally anticipated and would unnecessarily complicate operation of the East Basin of the Reservoir prior to its shutdown for cover construction. Accordingly, the proposed amendment to the consent decree provides for the deferral of the East Basin Interconnection subproject to the Hillview Cover Project phase of the consent decree, which will allow the East Basin Interconnection to be constructed at a time when the East Basin of the Reservoir would not be in operation anyway as it would be shut down for cover construction. The revised schedule in the amendment to
