#### Note:

1. Access to an electronic copy of this memorandum is available at [http://www.usitc.gov/tariff\\_affairs/congress\\_reports/](http://www.usitc.gov/tariff_affairs/congress_reports/).
2. In regard to the country(ies) of origin listed in section III, this report focuses on dutiable imports and does not take into account any tariff preference programs or special rates of duty.

**II. Suggested article description(s) for enactment (including appropriate HTS subheading(s)):**

Parts of frames and mountings for spectacles, goggles or the like (provided for in subheading 9003.90.00)

(If enacted, the tariff relief provided for in this bill would be available to any entity that imports the product that is covered by the bill.)

Description above compared with bill as introduced:

- Same
- Different (see Technical Comments section)

**III. Other product information, including uses/applications and source(s) of imports**

Parts of frames and mountings for spectacles, goggles, and the like include spectacle side pieces and side piece cores, hinges or joints, eye-rims, bridges, nose-pieces, spring devices for pince-nez, and other parts. The side pieces, or temples, usually curve around the wearer's ears. Hinges and joints connect the temples and eye rims holding the lenses to the frame front. Spring devices are used to clip pince-nez, which are eyeglasses held in place only by means of a clip over the bridge of the nose. Austria, China, Italy, Japan, and Switzerland are the primary sources of U.S. imports of such parts.

**IV. Estimated effect on customs revenue**

Subject product HTS subheading(s)	9003.90.00				
Item	2013	2014	2015	2016	2017
Col.1-general rate of duty (%) or percentage point reduction	1.5	1.5	1.5	1.5	1.5
Estimated value of <i>dutiable</i> imports (\$)	28,000,000	28,050,000	28,100,000	28,150,000	28,200,000
Customs revenue loss (\$)	420,000	420,750	421,500	422,250	423,000

Note: Customs revenue loss is provided for 5 years, although the effective period of the proposed legislation may differ. Regarding the HTS subheading listed in the article description of the bill, the Commission may express an opinion on the HTS classification of a product to facilitate consideration of the bill. However, by law, only U.S. Customs and Border Protection is authorized to issue a binding ruling on this matter. The Commission believes that Customs should be consulted prior to enactment of the bill.

Dutiable imports were based on (more than one may apply):

- Official statistics of the U.S. Department of Commerce
- Provided by industry sources
- Industry information
- Commission estimates

Duty reduction notes:

- This bill is not a duty reduction
- This bill is a temporary duty reduction. Rates are shown below.

Col.1-general duty rate (%)  Temporary rate (%)  Percentage point reduction (%)

**V. Technical comments**

We suggest deleting the comma after "goggles" to be consistent with HTS usage, which omits the comma after the penultimate item in a series.

**VI. Continuation**

The estimated customs revenue loss is based on a temporary reduction of the general rate of duty from 2.5 percent ad valorem to 1.0 percent, a reduction of 1.5 percentage points.
