Other bills on product (112th Congress only):

Nature of bill:

Expiration date:

Current or previous chapter 99 heading:

Retroactive date:

CAS number (if applicable):

Industry analyst:

Telephone:

Tariff Affairs contact:

Telephone:

Note:

1. Access to an electronic copy of this memorandum is available at http://www.usitc.gov/tariff_affairs/congress_reports/.
2. In regard to the country(ies) of origin listed in section III, this report focuses on dutiable imports and does not take into account any tariff preference programs or special rates of duty.

II. Suggested article description(s) for enactment (including appropriate HTS subheading(s)):

Hybrid golf club heads (provided for in subheading 9506.39.00)

(If enacted, the tariff relief provided for in this bill would be available to any entity that imports the product that is covered by the bill.)

Description above compared with bill as introduced:

- Same
- Different (see Technical Comments section)

III. Other product information, including uses/applications and source(s) of imports

The subject hybrid golf club heads are assembled with shafts and grips to produce finished clubs, specifically hybrids. A hybrid golf club's main use is in making shots down the fairway and/or from the fairway to the putting green. The loft of a hybrid club head face (not the upward direction of a golf swing) makes a golf ball leave the ground on an ascending outward trajectory. The principal import source of heads for hybrid golf club as well as other parts of golf clubs (shafts, grips, and club heads other than for hybrid clubs) is China. Taiwan is the leading alternative source for club heads. Opposition to this bill is noted below in the Contacts table.

IV. Estimated effect on customs revenue

Subject product HTS subheading(s)	9506.39.00				
Item	2013	2014	2015	2016	2017
Col.1-general rate of duty or percentage point reduction (%)	4.9	4.9	4.9	4.9	4.9
Estimated value of <i>dutiable</i> imports (\$)	45,000,000	45,000,000	45,000,000	45,000,000	45,000,000
Customs revenue loss (\$)	2,205,000	2,205,000	2,205,000	2,205,000	2,205,000

Note: Customs revenue loss is provided for 5 years, although the effective period of the proposed legislation may differ. Regarding the HTS subheading listed in the article description of the bill, the Commission may express an opinion on the HTS classification of a product to facilitate consideration of the bill. However, by law, only U.S. Customs and Border Protection is authorized to issue a binding ruling on this matter. The Commission believes that Customs should be consulted prior to enactment of the bill.

Dutiable imports were based on (more than one may apply):

- Official statistics of the U.S. Department of Commerce
- Provided by industry sources
- Industry information
- Commission estimates

Duty reduction notes:

- This bill is not a duty reduction
- This bill is a temporary duty reduction. Rates are shown below.

Col.1-general duty rate (%) Temporary rate (%) Percentage point reduction (%)

Mr. Patrick Schneider
International Trade Analyst
U.S. International Trade Commission
500 E Street, S.W.
Washington, D.C. 20436

Dear Mr. Schneider:

On behalf of the American Foundry Society (AFS), we are writing to express our opposition to a number of measures that are part of the Miscellaneous Tariff Bills to suspend temporarily the duty on certain castings which are highlighted in the attached list.

AFS is the major trade and technical association for the North American metalcasting industry, with over 7,000 members, representing 2,100 metalcasters in America. U.S. foundries provide employment for over 200,000 men and women directly and support thousands of other jobs indirectly. Metal castings (iron, steel, and aluminum) are the foundation for all other manufacturing, and have been a vital building block in every sector that relies on castings. In fact, 90 % of all manufactured goods incorporate engineered castings into their makeup. Foundries are predominantly small businesses, with 80% having less than 100 employees.

Imported castings now comprise nearly 25 percent of the market, with more than a quarter of these imports coming from China where energy, labor, tax and material costs are substantially lower partly due to government subsidies.

The specific products covered in the attached list would compete directly with castings that can be readily produced at competitive prices in the U.S. by a number of domestic foundries. The suspensions of duties and subsequent importation of these castings, will not only hurt the competitiveness of American foundries, but will result in lost jobs. For these reasons, we would object to the adoption of these measures, as stand-alone bills or their inclusion in any larger Miscellaneous Tariff Bills package compiled by Congress.

Thank you for your consideration of our views in this matter. Please feel free to contact me if you have any specific questions related to our position on this provision.

Sincerely,

Jerry Call
Executive Vice President
American Foundry Society

The American Foundry Society opposes the following bills contained in the

HR 4627 - To extend and make a technical correction to the temporary suspension of duty on certain cast stainless steel single-piece exhaust gas manifolds.

HR 4828 - To suspend temporarily the duty on certain aluminum alloy profiles.

HR 4950 - To suspend temporarily the duty on certain drive-axles.

HR 4951 - To suspend temporarily the duty on non-driving axles.

HR 4952 - To suspend temporarily the duty on gear boxes.

HR 5219 - To suspend temporarily the duty on check valves of steel, having an opening approximately 7.62 cm or more in diameter and certified by the importer as meeting ASME B16.34 certification requirements as approved for use in nuclear facilities.

HR 5220 - To suspend temporarily the duty on stop valves each designed to be actuated by steam turbine hydraulic control systems and thermostatically controlled by an electrohydraulic actuator, and parts thereof.

HR 5222 - To suspend temporarily the duty on hand operated globe type valves of steel, having an opening less than approximately 7.62 cm in diameter and certified by the importer as meeting ASME III certification requirements...for use in nuclear facilities.

HR 5223 - To suspend temporarily the duty on hand operate globe type valves of steel, having an opening less than approximately 7.62 cm in diameter and certified by the importer as meeting ASME B16.34 certification requirements...for use in nuclear facilities.

HR 5224 - To suspend temporarily the duty on hand operated globe type valves of steel, having an opening approximately 7.62 cm or more in diameter and certified by the importer as meeting ASME B16.34 certification requirements...for use in nuclear facilities.

HR 5225 - To suspend temporarily the duty on check valves of steel, having an opening approximately 7.62 cm or more in diameter and certified by the importer as meeting ASME B16.34 certification requirements as approved for use in nuclear facilities.

HR 5226 - To suspend temporarily the duty on check valves of steel, having an opening less than approximately 7.62 cm. in diameter and certified by the importer as meeting ASME III certification requirements (but not meeting ASME B16.34 certification requirements) as approved for use in nuclear facilities.

HR 5524 - To suspend temporarily the duty on cast-iron engine crankcases for marine propulsion engines, each measuring more than 1.1 meters in length.

HR 5527 - To suspend temporarily the duty on fuel injection pumps (for compression-ignition engines), each weighing 60 kilograms or more and functional in a common rail fuel system with a pressure.

HR 5551 - To reduce temporarily the duty on golf club driver heads.

HR 5553 - To reduce temporarily the duty on golf club iron heads.

HR 5554 - To reduce temporarily the duty on golf club putter heads.

HR 5555 - To reduce temporarily the duty on golf wedge club heads.

HR 5556 - To suspend temporarily the duty on hybrid golf club heads.

7/10/2012 – American Foundry Society

112TH CONGRESS
2D SESSION

H. R. 5556

To suspend temporarily the duty on hybrid golf club heads.

IN THE HOUSE OF REPRESENTATIVES

MAY 8, 2012

Mr. BILBRAY (for himself and Mr. NEAL) introduced the following bill; which was referred to the Committee on Ways and Means

A BILL

To suspend temporarily the duty on hybrid golf club heads.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. HYBRID GOLF CLUB HEADS.**

4 (a) IN GENERAL.—Subchapter II of chapter 99 of
5 the Harmonized Tariff Schedule of the United States is
6 amended by inserting in numerical sequence the following
7 new heading:

“	9902.01.00	Hybrid golf club heads (provided for in sub- heading 9506.39.00)	Free	No change	No change	On or before 12/31/2015	”.
---	------------	--	------	-----------	-----------	----------------------------	----

8 (b) EFFECTIVE DATE.—The amendment made by
9 subsection (a) applies to goods entered, or withdrawn from

- 1 warehouse for consumption, on or after the 15th day after
- 2 the date of the enactment of this Act.
