Note:

1. Access to an electronic copy of this memorandum is available at [http://www.usitc.gov/tariff\\_affairs/congress\\_reports/](http://www.usitc.gov/tariff_affairs/congress_reports/).
2. In regard to the country(ies) of origin listed in section III, this report focuses on dutiable imports and does not take into account any tariff preference programs or special rates of duty.

**II. Suggested article description(s) for enactment (including appropriate HTS subheading(s)):**

Electromechanical wine bottle openers, each with self-contained electric motor powered by one or more batteries designed to be recharged when such opener is placed in an associated base unit (provided for in subheading 8509.80.50)

(If enacted, the tariff relief provided for in this bill would be available to any entity that imports the product that is covered by the bill.)

Description above compared with bill as introduced:

- Same
- Different (see Technical Comments section)

**III. Other product information, including uses/applications and source(s) of imports**

The subject product is a cordless electric wine bottle opener that opens traditional stoppered wine bottles (whether the cork is natural or synthetic) and then is stored by the user in a base that recharges the corkscrew's battery. A foil cutter may be built in or otherwise included with the product. The subject product is primarily imported from China. Opposition to this bill is noted in the Contacts table.

**IV. Estimated effect on customs revenue**

Subject product HTS subheading(s)	8509.80.50				
Item	2013	2014	2015	2016	2017
Col.1-general rate of duty or percentage point reduction (%)	4.2	4.2	4.2	4.2	4.2
Estimated value of <i>dutiable</i> imports (\$)	10,000,000	10,000,000	10,000,000	10,000,000	10,000,000
Customs revenue loss (\$)	420,000	420,000	420,000	420,000	420,000

Note: Customs revenue loss is provided for 5 years, although the effective period of the proposed legislation may differ. Regarding the HTS subheading listed in the article description of the bill, the Commission may express an opinion on the HTS classification of a product to facilitate consideration of the bill. However, by law, only U.S. Customs and Border Protection is authorized to issue a binding ruling on this matter. The Commission believes that Customs should be consulted prior to enactment of the bill.

Dutiable imports were based on (more than one may apply):

- Official statistics of the U.S. Department of Commerce
- Provided by industry sources
- Industry information
- Commission estimates

Duty reduction notes:

- This bill is not a duty reduction
- This bill is a temporary duty reduction. Rates are shown below.

Col.1-general duty rate (%)  Temporary rate (%)  Percentage point reduction (%)

**V. Technical comments**

The article description was modified for greater clarity. H.R. 5609 as drafted referred to an HTS subheading at the 6-digit level, while S. 2958 specifies an 8-digit HTS subheading.

**VI. Continuation**

Dear Mr. Anderson:

Thank you the opportunity to comment on each of the bills referenced in your email.

As I stated on the phone, unless Congress removes the duty on ALL electric appliances coming from China, we are opposed to all of these bills, regardless of whether we make the product or not. Please understand that the categories listed are very narrow, yet they compete with other items - some of which are in the same class (e.g., grills with floating locks compete with our electric grills, griddles and skillets) and in some cases against the entire class of small appliances, e.g., a customer like Sam's or Costco does not carry a full line of electrical appliances, so that each appliance effectively competes with the other for limited shelf space devoted to kitchen appliances. If one is dutiable while another is not, that provides an unfair advantage to the dutiable item. At this point, all of these products are being manufactured in China - no one makes them in the U.S.

Accordingly, I'd recommend that the duties either be maintained or all duties on Chinese-made kitchen appliances be dropped.

Per your request, I will leave a comment to the above effect on each bill using the HR web site prior to the June 22, comment deadline period.
