2. In regard to the country(ies) of origin listed in section III, this report focuses on dutiable imports and does not take into account any tariff preference programs or special rates of duty.

II. Suggested article description(s) for enactment (including appropriate HTS subheading(s)):

Accordion-style file folders with outer surface of plastic sheeting, each designed to be closed by a flap secured by a snap, magnet or elastic band and hook closure, not exceeding 203.2 mm in height, width or depth and divided into two or more internal spaces for organizing coupons or other contents (provided for in subheading 4202.32.20)

(If enacted, the tariff relief provided for in this bill would be available to any entity that imports the product that is covered by the bill.)

Description above compared with bill as introduced:

- Same
 Different (see Technical Comments section)

III. Other product information, including uses/applications and source(s) of imports

The subject products are small, portable file folders designed to be carried in the handbag or in a pocket. Each has an interior comprising two or more pouches or pockets and an outer surface of plastic sheeting. They are specifically designed for organizing coupons or other printed matter, but also allow for organization of other contents. Each file folder closes with a flap which is secured by a snap, magnet, or elastic band and hook closure. These file folders are primarily imported from China.

IV. Estimated effect on customs revenue

Subject product HTS subheading(s)	4202.32.20

Note: Customs revenue loss is provided for 5 years, although the effective period of the proposed legislation may differ. Regarding the HTS subheading listed in the article description of the bill, the Commission may express an opinion on the HTS classification of a product to facilitate consideration of the bill. However, by law, only U.S. Customs and Border Protection is authorized to issue a binding ruling on this matter. The Commission believes that Customs should be consulted prior to enactment of the bill.

Dutiable imports were based on (more than one may apply):

- Official statistics of the U.S. Department of Commerce
 Provided by industry sources
 Industry information
 Commission estimates

Duty reduction notes:

- This bill is not a duty reduction
 This bill is a temporary duty reduction. Rates are shown below.

Col.1-general duty rate (%) Temporary rate (%) Percentage point reduction (%)

V. Technical comments

The article description set forth above was modified for greater clarity and for consistency with the permanent HTS provision. The companion bill S. 2957 has a slightly different article description; however, we suggest that the language set forth above should be used in both bills.
