1. Access to an electronic copy of this memorandum is available at http://www.usitc.gov/tariff_affairs/congress_reports/.
2. In regard to the country(ies) of origin listed in section III, this report focuses on dutiable imports and does not take into account any tariff preference programs or special rates of duty.

II. Suggested article description(s) for enactment (including appropriate HTS subheading(s)):

Pigment Red 185 (CAS No. 51920-12-8) (provided for in subheading 3204.17.04)

(If enacted, the tariff relief provided for in this bill would be available to any entity that imports the product that is covered by the bill.)

Description above compared with bill as introduced:

- Same
- Different (see Technical Comments section)

III. Other product information, including uses/applications and source(s) of imports

The subject product is a chemical used to color inks, coatings, and plastics. It is imported from Switzerland. Although the title of the bill has no legal significance, it should be noted that the proposed action is a renewal of the temporary duty reduction that expired on December 31, 2006 rather than an extension as the title says.

IV. Estimated effect on customs revenue

Regarding the HTS subheading listed in the article description of the bill, the Commission may express an opinion on the HTS classification of a product to facilitate consideration of the bill. However, by law, only U.S. Customs and Border Protection is authorized to issue a binding ruling on this matter. The Commission believes that Customs should be consulted prior to enactment of the bill.
