#### Note:

1. Access to an electronic copy of this memorandum is available at [http://www.usitc.gov/tariff\\_affairs/congress\\_reports/](http://www.usitc.gov/tariff_affairs/congress_reports/).
2. In regard to the country(ies) of origin listed in section III, this report focuses on dutiable imports and does not take into account any tariff preference programs or special rates of duty.

**II. Suggested article description(s) for enactment (including appropriate HTS subheading(s)):**

Methyl hydroxyethyl cellulose with a 77% or greater content of 2-hydroxyethylmethyl ether cellulose (CAS No. 9032-42-2) (provided for in subheading 3912.39.00)

(If enacted, the tariff relief provided for in this bill would be available to any entity that imports the product that is covered by the bill.)

Description above compared with bill as introduced:

- Same
- Different (see Technical Comments section)

**III. Other product information, including uses/applications and source(s) of imports**

The subject product is a cellulose polymer used in dispersion-based and cement-based building material systems to improve workability properties, such as water retention of the final product. It is used in cement and gypsum-based building material systems (e.g., cement tile adhesives and plaster). The subject product is imported from Germany. Although the title of the bill has no legal significance, it should be noted that the proposed action is a renewal of the temporary duty reduction that expired rather than an extension as the title says.

**IV. Estimated effect on customs revenue**

Subject product HTS subheading(s)	3912.39.00				
Item	2013	2014	2015	2016	2017
Col.1-general rate of duty or percentage point reduction (%)	4.2	4.2	4.2	4.2	4.2
Estimated value of <i>dutiable</i> imports (\$)	8,000,000	8,000,000	8,000,000	8,000,000	8,000,000
Customs revenue loss (\$)	336,000	336,000	336,000	336,000	336,000

Note: Customs revenue loss is provided for 5 years, although the effective period of the proposed legislation may differ. Regarding the HTS subheading listed in the article description of the bill, the Commission may express an opinion on the HTS classification of a product to facilitate consideration of the bill. However, by law, only U.S. Customs and Border Protection is authorized to issue a binding ruling on this matter. The Commission believes that Customs should be consulted prior to enactment of the bill.

Dutiable imports were based on (more than one may apply):

- Official statistics of the U.S. Department of Commerce
- Provided by industry sources
- Industry information
- Commission estimates

Duty reduction notes:

- This bill is not a duty reduction
- This bill is a temporary duty reduction. Rates are shown below.

Col.1-general duty rate (%)  Temporary rate (%)  Percentage point reduction (%)

**V. Technical comments**

The article description was modified to correct capitalization.

**VI. Continuation**
