Tariff Affairs contact:

Telephone:

Note:

1. Access to an electronic copy of this memorandum is available at http://www.usitc.gov/tariff_affairs/congress_reports/.
2. In regard to the country(ies) of origin listed in section III, this report focuses on dutiable imports and does not take into account any tariff preference programs or special rates of duty.

II. Suggested article description(s) for enactment (including appropriate HTS subheading(s)):

Toasters, each having a removable crumb tray, the foregoing having painted metal side walls and a stainless steel overlay covering the top and end walls (provided for in subheading 8516.72.00)

(If enacted, the tariff relief provided for in this bill would be available to any entity that imports the product that is covered by the bill.)

Description above compared with bill as introduced:

- Same
 Different (see Technical Comments section)

III. Other product information, including uses/applications and source(s) of imports

The subject product are toasters with a removable crumb tray. Toasters are primarily used for toasting slices of bread, sliced bagels, or certain pre-made tarts. Toasters typically have either two or four slots in which the bread is placed for toasting. A lever is depressed, allowing the toast to fall into the slots for toasting. After a few minutes, the bread will pop out of the slot in a toasted condition. Many toasters have settings allowing the user to determine the degree of toasting or to adjust the temperature depending on the product being toasted. Most toasters have a crumb tray for the removal of toasted bread particles that accumulate at the bottom of the toaster. Some toasters have only a single slot for toast, wide enough to accommodate multiple slices of bread. The subject toasters have a stainless steel overlay covering and painted metal side walls. Other toasters may have outer walls or plastics or unpainted metal. The principal source for U.S. imports of toasters is China. Opposition to the bill is noted in the Contacts table.

IV. Estimated effect on customs revenue

Subject product HTS subheading(s)	8516.72.00				
Item	2013	2014	2015	2016	2017
Col.1-general rate of duty or percentage point reduction (%)	5.3	5.3	5.3	5.3	5.3
Estimated value of <i>dutiable</i> imports (\$)	9,000,000	9,000,000	9,000,000	9,000,000	9,000,000
Customs revenue loss (\$)	477,000	477,000	477,000	477,000	477,000

Note: Customs revenue loss is provided for 5 years, although the effective period of the proposed legislation may differ. Regarding the HTS subheading listed in the article description of the bill, the Commission may express an opinion on the HTS classification of a product to facilitate consideration of the bill. However, by law, only U.S. Customs and Border Protection is authorized to issue a binding ruling on this matter. The Commission believes that Customs should be consulted prior to enactment of the bill.

Dutiable imports were based on (more than one may apply):

- Official statistics of the U.S. Department of Commerce
 Provided by industry sources
 Industry information
 Commission estimates

Duty reduction notes:

- This bill is not a duty reduction
 This bill is a temporary duty reduction. Rates are shown below.

Col.1-general duty rate (%) Temporary rate (%) Percentage point reduction (%)

Dear Mr. Anderson:

Thank you the opportunity to comment on each of the bills referenced in your email.

As I stated on the phone, unless Congress removes the duty on ALL electric appliances coming from China, we are opposed to all of these bills, regardless of whether we make the product or not. Please understand that the categories listed are very narrow, yet they compete with other items - some of which are in the same class (e.g., grills with floating locks compete with our electric grills, griddles and skillets) and in some cases against the entire class of small appliances, e.g., a customer like Sam's or Costco does not carry a full line of electrical appliances, so that each appliance effectively competes with the other for limited shelf space devoted to kitchen appliances. If one is dutiable while another is not, that provides an unfair advantage to the dutiable item. At this point, all of these products are being manufactured in China - no one makes them in the U.S.

Accordingly, I'd recommend that the duties either be maintained or all duties on Chinese-made kitchen appliances be dropped.

Per your request, I will leave a comment to the above effect on each bill using the HR web site prior to the June 22, comment deadline period.

112TH CONGRESS
2D SESSION

S. 2362

To suspend temporarily the duty on certain toasters.

IN THE SENATE OF THE UNITED STATES

APRIL 25, 2012

Mr. LEVIN introduced the following bill; which was read twice and referred to the Committee on Finance

A BILL

To suspend temporarily the duty on certain toasters.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. CERTAIN TOASTERS.**

4 (a) IN GENERAL.—Subchapter II of chapter 99 of
5 the Harmonized Tariff Schedule of the United States is
6 amended by inserting in numerical sequence the following
7 new heading:

“	9902.01.00	Toasters, each having a removable crumb tray, the foregoing having painted metal side walls and a stainless steel overlay covering the top and end walls (provided for in subheading 8516.72.00) ...	Free	No change	No change	On or before 12/31/2015	”.
---	------------	--	------	-----------	-----------	-------------------------	----

1 (b) EFFECTIVE DATE.—The amendment made by
2 subsection (a) applies with respect to goods entered, or
3 withdrawn from warehouse for consumption, on or after
4 the 15th day after the date of the enactment of this Act.
