Description above compared with bill as introduced:

- Same
- Different (see Technical Comments section)

III. Other product information, including uses/applications and source(s) of imports

The subject product is a fungicide adapted for use as a wood preservative. It is imported from Switzerland, this bill should renew the Chapter 99 provision (9902.24.79) covering these mixtures. The provision expired on December 31, 2009.

IV. Estimated effect on customs revenue

Note: Customs revenue loss is provided for 5 years, although the effective period of the proposed legislation may differ. Regarding the HTS subheading listed in the article description of the bill, the Commission may express an opinion on the HTS classification of a product to facilitate consideration of the bill. However, by law, only U.S. Customs and Border Protection is authorized to issue a binding ruling on this matter. The Commission believes that Customs should be consulted prior to enactment of the bill.

Dutiable imports were based on (more than one may apply):

- Official statistics of the U.S. Department of Commerce
- Provided by industry sources
- Industry information
- Commission estimates

Duty reduction notes:

- This bill is not a duty reduction
- This bill is a temporary duty reduction. Rates are shown below.

Col.1-general duty rate (%) Temporary rate (%) Percentage point reduction (%)

V. Technical comments

The modified article description reflects the text of the Chapter 99 provision to be renewed (9902.24.79). Staff recommends drafting of language that will renew the existing provision rather than enacting a new provision.
