

CHAPTER 62

ARTICLES OF APPAREL AND CLOTHING ACCESSORIES, NOT KNITTED OR CROCHETED

XI
62-1Notes

1. This chapter applies only to made up articles of any textile fabric other than wadding, excluding knitted or crocheted articles (other than those of heading 6212).
2. This chapter does not cover:
 - (a) Worn clothing or other worn articles of heading 6309;
 - (b) Orthopedic appliances, surgical belts, trusses or the like (heading 9021).
3. For the purposes of headings 6203 and 6204:
 - (a) The term "suit" means a set of garments composed of two or three pieces made up in identical fabric and comprising:
 - one garment designed to cover the lower part of the body and consisting of trousers, breeches or shorts (other than swimwear), a skirt or a divided skirt, having neither braces nor bibs, and
 - one suit coat or jacket the outer shell of which, exclusive of sleeves, consists of four or more panels, designed to cover the upper part of the body, possibly with a tailored waistcoat in addition.

All of the components of a suit must be of the same fabric construction, style, color and composition; they must also be of corresponding or compatible size. If several separate components to cover the lower part of the body area entered together (e.g., trousers and shorts, or a skirt or divided skirt and trousers), the constituent lower part shall be the trousers, or, in the case of women's or girls' suits, the skirt or divided skirt, the other garments being considered separately.

The term "suit" includes the following sets of garments whether or not they fulfill all the above conditions:

 - morning dress, comprising a plain jacket (cutaway) with rounded tails hanging well down at the back and striped trousers;
 - evening dress (tailcoat), generally made of black fabric, the jacket of which is relatively short at the front, does not close and has narrow skirts cut in at the hips and hanging down behind;
 - dinner jacket suits, in which the jacket is similar in style to an ordinary jacket (though perhaps revealing more of the shirt front), but has shiny silk or imitation silk lapels.
 - (b) The term "ensemble" means a set of garments (other than suits and articles of heading 6207 or 6208) composed of several pieces made up in identical fabric, put up for retail sale, and comprising:
 - one garment designed to cover the upper part of the body, with the exception of waistcoats which may also form a second upper garment, and
 - one or two different garments, designed to cover the lower part of the body and consisting of trousers, bib and brace overalls, breeches, shorts (other than swimwear), a skirt or a divided skirt.

All of the components of an ensemble must be of the same fabric construction, style, color and composition; they also must be of corresponding or compatible size. The term "ensemble" does not apply to track suits or ski-suits of heading 6211.
4. For the purposes of heading 6209:
 - (a) The expression "babies' garments and clothing accessories" means articles for young children of a body height not exceeding 86 centimeters; it also covers babies' diapers;
 - (b) Articles which are, prima facie, classifiable both in heading 6209 and in other headings of this chapter are to be classified in heading 6209.
5. Garments which are, prima facie, classifiable both in heading 6210 and in other headings of this chapter, excluding heading 6209, are to be classified in heading 6210.

6. For the purposes of heading 6211, "ski-suits" means garments or sets of garments which, by their general appearance and texture, are identifiable as intended to be worn principally for skiing (cross-country or alpine). They consist either of:
 - (a) A "ski overall," that is, a one-piece garment designed to cover the upper and the lower parts of the body; in addition to sleeves and a collar the ski overall may have pockets or footstraps; or
 - (b) A "ski ensemble," that is, a set of garments composed of two or three pieces, put up for retail sale and comprising:
 - one garment such as an anorak, windbreaker or similar article, closed by a slide fastener (zipper), possibly with a waistcoat in addition, and
 - one pair of trousers whether or not extending above waist level, one pair of breeches or one bib and brace overall.

The "ski ensemble" may also consist of an overall similar to the one mentioned in paragraph (a) above and a type of padded, sleeveless jacket worn over the overall.

All the components of a "ski ensemble" must be made up in a fabric of the same texture, style and composition whether or not of the same color; they also must be of corresponding or compatible size.
7. Scarves and articles of the scarf type, square or approximately square, of which no side exceeds 60 centimeters, are to be classified as handkerchiefs (heading 6213). Handkerchiefs of which any side exceeds 60 centimeters are to be classified in heading 6214.
8. Articles of this chapter which cannot be identified as either men's or boys' garments or as women's or girls' garments are to be classified in the headings covering women's or girls' garments.
9. Articles of this chapter may be made of metal thread.

Additional U.S. Notes

1. For the purpose of heading 6209, the term "sets" means two or more different garments of headings 6111, 6209 or 6505 imported together, of corresponding sizes and intended to be worn together by the same person.
2. For the purposes of subheadings 6201.92.15, 6201.93.30, 6202.92.15, 6202.93.45, 6203.43.15, 6203.43.35, 6204.63.12, 6204.63.30 and 6211.20.15, the term "water resistant" means that garments classifiable in those subheadings must have a water resistance (see ASTM designations D 3600-81 and D 3781-79) such that, under a head pressure of 600 millimeters, not more than 1.0 gram of water penetrates after two minutes when tested in accordance with AATCC Test Method 35-1985. This water resistance must be the result of a rubber or plastics application to the outer shell, lining or inner lining.

Statistical Notes

1. For the purposes of subheadings 6203.21.00, 6203.22.30, 6203.23.00, 6203.29.20, 6204.21.00, 6204.22.30, 6204.23.00 and 6204.29.20, merchandise entered together and classified for customs purposes as an ensemble, shall be reported statistically as separate articles and reported under the most appropriate 10-digit reporting number within the same 8-digit tariff subheading which provides for the ensemble.
2. Imports of "made to measure" suits from Hong Kong, which do not accompany a returning traveler, are subject to a special agreement. Suits made to the specific measurements of a particular person require a "made to measure" export license from the government of Hong Kong. These "made to measure" suits of Hong Kong origin must be identified by the importer by the placing of the symbol "G" as a prefix to the appropriate tariff number.
3. Certain garments of chapter 62 assembled abroad from components formed and cut in the United States which, after assembly have been subject to bleaching, garment dyeing stone-washing, acid-washing or perma-pressing abroad, may be eligible for entry under a Special Access Program or Special Regime. Eligibility must be established under a bilateral agreement, and entry must be in compliance with procedures established by the Committee for the implementation of Textile Agreements. The importer is required to identify such garments on the entry summary or withdrawal forms by placing the symbol "H" as a prefix to the appropriate 10-digit chapter 62 tariff number.

6201		Men's or boys' overcoats, carcoats, capes, cloaks, anoraks (including ski-jackets), windbreakers and similar articles (including padded, sleeveless jackets), other than those of heading 6203:
