**Filing Information**

As a courtesy, we are making information related to sunset proceedings, including copies of the Department's regulations regarding sunset reviews (19 CFR 351.218) and *Sunset Policy Bulletin*, the Department's schedule of sunset reviews, case history information (i.e., previous margins, duty absorption determinations and scope language), and service lists available to the public on the Department's sunset Internet Web site at the following address: <http://ia.ita.doc.gov/sunset/>.

All submissions in these sunset reviews must be filed in accordance with the Department's regulations regarding format, translation, service, and certification of documents. These rules can be found at 19 CFR 351.303. Also, we suggest that parties check the Department's sunset Web site for any updates to the service list before filing any submissions. The Department will make additions to and/or deletions from the service list provided on the sunset Web site based on notifications from parties and participation in these reviews. Specifically, the Department will delete from the service list all

parties that do not submit a substantive response to the notice of initiation.

Because deadlines in a sunset review are, in many instances, very short, we urge interested parties to apply for access to proprietary information under administrative protective order ("APO") immediately following publication in the **Federal Register** of the notice of initiation of the sunset review. The Department's regulations on submission of proprietary information and eligibility to receive access to business proprietary information under APO can be found at 19 CFR 351.304-306.

**Information Required From Interested Parties**

Domestic interested parties (defined in sections 771(9)(C), (D), (E), (F), and (G) of the Act and 19 CFR 351.102(b)) wishing to participate in these sunset reviews must respond not later than 15 days after the date of publication in the **Federal Register** of the notice of initiation by filing a notice of intent to participate. The required contents of the notice of intent to participate are set forth at 19 CFR 351.218(d)(1)(ii). In accordance with the Department's regulations, if we do not receive a notice

of intent to participate from at least one domestic interested party by the 15-day deadline, the Department will automatically revoke the orders without further review. See 19 CFR 351.218(d)(1)(iii).

If we receive an order-specific notice of intent to participate from a domestic interested party, the Department's regulations provide that *all parties* wishing to participate in the sunset review must file complete substantive responses not later than 30 days after the date of publication in the **Federal Register** of the notice of initiation. The required contents of a substantive response, on an order-specific basis, are set forth at 19 CFR 351.218(d)(3). Note that certain information requirements differ for respondent and domestic parties. Also, note that the Department's information requirements are distinct from the International Trade Commission's information requirements. Please consult the Department's regulations for information regarding the Department's

conduct of sunset reviews.<sup>1</sup> Please consult the Department's regulations at 19 CFR part 351 for definitions of terms and for other general information concerning antidumping and countervailing duty proceedings at the Department.

This notice of initiation is being published in accordance with section 751(c) of the Act and 19 CFR 351.218(c).

Dated: November 24, 2004.

Heavy Forged Hand Tools, Finished or Unfinished, With or Without Handles, From the People's Republic of China: Notice of Amended Final Results of Antidumping Duty Administrative Reviews

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of amended final results of antidumping duty administrative reviews.

EFFECTIVE DATE: December 1, 2004.

FOR FURTHER INFORMATION CONTACT: Tom Martin or Mark Manning at (202) 482-3936 and (202) 482-5253, respectively; Office of AD/CVD Enforcement, Office 4, Import Administration, Room 1870, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230.

SUMMARY: The Department of Commerce ("the Department") is amending the final results of the administrative reviews of the antidumping duty orders on Heavy Forged Hand Tools, Finished or Unfinished, With or Without Handles ("HFHTs") from the People's Republic of China ("PRC") to reflect the correction of ministerial errors in those final results. The period of review ("POR") is February 1, 2002, through January 31, 2003.

<sup>1</sup> In comments made on the interim final sunset regulations, a number of parties stated that the proposed five-day period for rebuttals to substantive responses to a notice of initiation was insufficient. This requirement was retained in the final sunset regulations at 19 CFR 351.218(d)(4). As provided in 19 CFR 351.302(b), however, the Department will consider individual requests for extension of that five-day deadline based upon a showing of good cause.

SUPPLEMENTARY INFORMATION:

Background

On September 15, 2004, the Department published the final results of administrative reviews of the antidumping duty orders on HFHTs from the PRC. See *Heavy Forged Hand Tools, Finished or Unfinished, With or Without Handles, From the People's Republic of China: Final Results of Antidumping Duty Administrative Reviews, Final Partial Rescission of Antidumping Duty Administrative Reviews, and Determination Not To Revoke in Part*, 69 FR 55581 (September 15, 2004) ("Final Results"). On September 17, 2004, the petitioner, Ames True Temper, submitted comments alleging that the Department made certain ministerial errors in the Final Results regarding the cash deposit rate for the PRC-wide entity for hammers/sledges, the assessment rate for the PRC-wide entity for all four HFHTs orders, and the assessment instructions for tampers. On September 20, 2004, the respondents<sup>1</sup> filed rebuttal comments.

Scope of the Review

The products covered by these administrative reviews are HFHTs comprising the following classes or kinds of merchandise: (1) Hammers and sledges with heads over 1.5 kg (3.33 pounds) (hammers/sledges); (2) bars over 18 inches in length, track tools and wedges (bars/wedges); (3) picks and mattocks (picks/mattocks); and (4) axes, adzes and similar hewing tools (axes/adzes).

HFHTs include heads for drilling hammers, sledges, axes, mauls, picks and mattocks, which may or may not be painted, which may or may not be finished, or which may or may not be imported with handles; assorted bar products and track tools including wrecking bars, digging bars, and tampers; and steel woodsplitting wedges. HFHTs are manufactured through a hot forge operation in which steel is sheared to required length, heated to forging temperature, and formed to final shape on forging equipment using dies specific to the desired product shape and size. Depending on the product, finishing operations may include shot blasting, grinding, polishing and painting, and the insertion of handles for handled

<sup>1</sup> The respondents in this review are Shangdong Huarong Machinery Co., Ltd. ("Huarong"), Liaoning Machinery Import & Export Corporation and Liaoning Machinery Import & Export Corporation, Ltd. ("LMC/LIMAC"), Shandong Machinery Import & Export Corporation ("SMC"), and Tianjin Machinery Import & Export Corporation ("TMC").

products. HFHTs are currently provided for under the following Harmonized Tariff Schedule of the United States ("HTSUS") subheadings: 8205.20.60, 8205.59.30, 8201.30.00, and 8201.40.60. Specifically excluded from these investigations are hammers and sledges with heads 1.5 kg (3.33 pounds) in weight and under, hoes and rakes, and bars 18 inches in length and under.

The Department has issued four conclusive scope rulings regarding the merchandise covered by these orders: (1) On August 16, 1993, the Department found the "Max Multi-Purpose Axe," imported by the Forrest Tool Company, to be within the scope of the axes/adzes order; (2) on March 8, 2001, the Department found "18-inch" and "24-inch" pry bars, produced without dies, imported by Olympia Industrial, Inc. and SMC Pacific Tools, Inc., to be within the scope of the bars/wedges order; (3) on March 8, 2001, the Department found the "Pulaski" tool, produced without dies by TMC, to be within the scope of the axes/adzes order; and (4) on March 8, 2001, the Department found the "skinning axe," imported by Import Traders, Inc., to be within the scope of the axes/adzes order.

Amended Final Results

After reviewing the ministerial error allegations and the rebuttal comments, we have determined that the Department did make clerical errors in completing the Final Results, and we have amended the Final Results accordingly. For a detailed discussion of the Department's analysis of the ministerial error allegations, see Memorandum from Mark Manning, Acting Program Manager, to Holly A. Kuga, Senior Director, "Analysis of Ministerial Error Allegations," dated concurrently with this notice.

Pursuant to section 751(h) of the Tariff Act of 1930, as amended ("the Act"), we have amended the Final Results by correcting a ministerial error that affected the margin for the PRC-wide entity in the hammers/sledges order. We will issue amended cash-deposit instructions to U.S. Customs and Border Protection ("CBP") to reflect the amendment of the final results of these reviews. Pursuant to these amended results, we revised the following dumping margin:

| Manufacturer/exporter                  | Margin (percent) |
|--|------------------|
| PRC-wide entity: Hammers/Sledges ..... | 45.42.           |
