Brass Sheet and Strip from France, Italy, Germany, and Japan: Continuation of Antidumping Duty Orders

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the determinations by the Department of Commerce ("the Department") and the International Trade Commission ("ITC")

¹ In comments made on the interim final sunset regulations, a number of parties stated that the proposed five-day period for rebuttals to substantive responses to a notice of initiation was insufficient. This requirement was retained in the final sunset regulations at 19 CFR 351.218(d)(4). As provided in 19 CFR 351.302(b), however, the Department will consider individual requests for extension of that five-day deadline based upon a showing of good cause.

that revocation of the antidumping duty orders on brass sheet and strip from France, Italy, Germany, and Japan would likely lead to continuation or recurrence of dumping, and material injury to an industry in the United States, the Department is publishing notice of continuation of these antidumping duty orders.

EFFECTIVE DATE: April 3, 2006.

SUPPLEMENTARY INFORMATION:

Background

On April 1, 2005, the Department initiated and on March 31, 2005, the ITC instituted sunset reviews of the antidumping duty orders on brass sheet and strip from France, Italy, Germany, and Japan pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act").¹

As a result of its review, the Department found that revocation of the antidumping duty orders would likely lead to continuation or recurrence of dumping, and notified the ITC of the magnitude of the margins likely to prevail were the orders to be revoked.² On March 6, 2006, the ITC determined pursuant to section 751(c) of the Act, that revocation of the antidumping duty orders on brass sheet and strip from France, Italy, Germany, and Japan would likely lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.³

Scope of the Orders

The product covered by these orders is brass sheet and strip ("BSS"), other than leaded and tinned BSS. The chemical composition of the covered product is currently defined in the
