UNITED STATES INTERNATIONAL TRADE COMMISSION

---

WASHINGTON, DC 20436

November 1, 2006

To Whom It May Concern:

The enclosed questionnaire pertains to the United States International Trade Commission's investigation concerning coated free sheet paper. The investigations are being conducted under the provisions of sections 701 and 731 of the Tariff Act of 1930.

In these investigations the Commission must determine whether there is a reasonable indication that an industry in the United States is materially injured or is threatened with material injury, or the establishment of an industry in the United States is materially retarded, by reason of imports from China, Indonesia, and/or China of coated free sheet paper that are allegedly subsidized and sold in the United States at less than fair value. A copy of the Commission's notice of these investigations is enclosed and will be published in the *Federal Register*.

The business proprietary information you supply in this questionnaire or in connection therewith will be so treated by the Commission and will not be disclosed except as may be required by law. Your response will be consolidated with the responses of other firms and will form much of the statistical base for the Commission's determinations. The questions in the questionnaire have been reviewed with market participants to ensure that issues of concern are adequately addressed and that data requests are sufficient, meaningful, and as limited as possible.

Please return the completed questionnaire to the Commission by no later than November 14, 2006. If you have any questions concerning the investigative process please contact Debra Baker (202-205-3180 - [Debra.Baker@usitc.gov](mailto:Debra.Baker@usitc.gov)) of the Commission's staff. Any questions concerning parts I and II of the producers' questionnaire and parts I and II of the importers' questionnaire (general questions and trade information) may also be addressed to Debra Baker. Any questions concerning part III of the producers' questionnaire (financial information) should be addressed to Justin Jee (202-205-3186 - [Justin.Jee@usitc.gov](mailto:Justin.Jee@usitc.gov)); any questions concerning part IV of the producers' questionnaire or part III of the importers' questionnaire (pricing and related information) should be addressed to Nancy Bryan (202-205-2088 - [Nancy.Bryan@usitc.gov](mailto:Nancy.Bryan@usitc.gov)). Correspondence may be sent to the above address or via FAX to 202-205-3205.

Sincerely,

Robert Carpenter  
Director
