SUPPLEMENTARY INFORMATION:

Background.—On June 1, 2007, the Commission determined that responses to its notice of institution of the subject five-year reviews were such that full reviews pursuant to section 751(c)(5) of

the Act should proceed (72 FR 30627, June 1, 2007). A record of the Commissioners' votes, the Commission's statement on adequacy, and any individual Commissioner's statements are available from the Office of the Secretary and at the Commission's Web site.

A party that filed a notice of appearance following publication of the Commission's notice of institution of the reviews need not file an additional notice of appearance. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the reviews.

Limited disclosure of business proprietary information (BPI) under an administrative protective order (APO) and BPI service list.—Pursuant to section 207.7(a) of the Commission's rules, the Secretary will make BPI gathered in these reviews available to authorized applicants under the APO issued in the reviews, provided that the application is made by 45 days after publication of this notice. Authorized applicants must represent interested parties, as defined by 19 U.S.C. 1677(9), who are parties to the reviews. A party granted access to BPI following publication of the Commission's notice of institution of the reviews need not reapply for such access. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

Staff report.—The prehearing staff report in the reviews will be placed in the nonpublic record on January 29, 2008, and a public version will be issued thereafter, pursuant to section 207.64 of the Commission's rules.

Requests to appear at the hearing should be filed in writing with the Secretary to the Commission on or before February 11, 2008. A nonparty who has testimony that may aid the Commission's deliberations may request permission to present a short statement at the hearing. All parties and

nonparties desiring to appear at the hearing and make oral presentations should attend a prehearing conference to be held at 9:30 a.m. on February 14, 2008, at the U.S. International Trade Commission Building. Oral testimony and written materials to be submitted at the public hearing are governed by sections 201.6(b)(2), 201.13(f), 207.24, and 207.66 of the Commission's rules. Parties must submit any request to present a portion of their hearing testimony *in camera* no later than 7 business days prior to the date of the hearing.

Prehearing briefs must conform with the provisions of section 207.65 of the Commission's rules; the deadline for filing is February 8, 2008. Parties may also file written testimony in connection with their presentation at the hearing, as provided in section 207.24 of the Commission's rules, and posthearing briefs, which must conform with the provisions of section 207.67 of the Commission's rules. The deadline for filing posthearing briefs is February 29, 2008; witness testimony must be filed no later than three days before the hearing. In addition, any person who has not entered an appearance as a party to the reviews may submit a written statement of information pertinent to the subject of the reviews on or before February 29, 2008. On April 1, 2008, the Commission will make available to parties all information on which they have not had an opportunity to comment. Parties may submit final comments on this information on or before April 3, 2008, but such final comments must not contain new factual information and must otherwise comply with section 207.68 of the Commission's rules. All written submissions must conform with the provisions of section 201.8 of the Commission's rules; any submissions that contain BPI must also conform with the requirements of sections 201.6, 207.3, and 207.7 of the Commission's rules. The Commission's rules do not authorize filing of submissions with the Secretary by facsimile or electronic means, except to the extent permitted by section 201.8 of the Commission's rules, as amended, 67 Fed. NUCLEAR REGULATORY COMMISSION

[Docket No. 70-143]

Eastman Kodak Company; Environmental Assessment and Finding of No Significant Impact Related to Proposed License Amendment Authorizing Exemption to 10 CFR 70.24

AGENCY: Nuclear Regulatory Commission.

ACTION: Environmental Assessment and Finding of No Significant Impact.

FOR FURTHER INFORMATION CONTACT:

Mary T. Adams, Fuel Manufacturing Branch, Division of Fuel Cycle Safety and Safeguards, Office of Nuclear Material Safety and Safeguards, U.S. Nuclear Regulatory Commission, Mail Stop E-2C40M, Washington, DC 20555-0001, telephone (301) 492-3113 and e-mail mta@nrc.gov.

SUPPLEMENTARY INFORMATION:

I. Introduction

The U.S. Nuclear Regulatory Commission (NRC) staff is considering a request to amend Materials License SNM-1513, issued to Eastman Kodak Company (Kodak), to authorize an exemption to the criticality accident alarm system requirements of 10 CFR 70.24. The NRC has prepared an Environmental Assessment (EA) in support of this action. Based upon the EA, the NRC has concluded that a Finding of No Significant Impact (FONSI) is appropriate and, therefore, an Environmental Impact Statement (EIS) will not be prepared.

II. Environmental Assessment

Introduction: Eastman Kodak Company (Kodak) in Rochester, New York, has been licensed since 1966 to possess and use special nuclear material (SNM) in a research and development (R&D) facility. This license was issued pursuant to 10 CFR part 70, Domestic Licensing of Special Nuclear Material. In July 2006, Kodak notified NRC that it had ceased principal activities and intended to decommission the facility and terminate the SNM license. Before decommissioning activities can begin, Kodak intends to remove the SNM by packaging the material and transporting it to a Department of Energy facility.

Kodak possessed and used the SNM in the R&D facility with an exemption from nuclear criticality accident alarm system requirements of 10 CFR 70.24; NRC granted this exemption because the configuration of the SNM was fixed and a criticality accident was not credible. Kodak will change the SNM configuration during packaging, and will provide portable criticality accident alarms for the packaging activity. After packaging the SNM, Kodak will move the packages from the R&D facility through a long corridor to a loading dock where the packages will be loaded onto a truck for transport off the Kodak site. Kodak requested an exemption from the alarm system requirements for the corridor and loading dock, on the basis that the configuration of the SNM in the transportation packages was not that an accidental criticality is not credible. NRC staff reviewed the exemption request and determined that
