

UNITED STATES INTERNATIONAL TRADE COMMISSION

WASHINGTON, DC 20436

October 28, 2011

To Whom It May Concern:

The enclosed questionnaire pertains to the United States International Trade Commission's investigations concerning circular welded carbon-quality steel pipe. The investigations are being conducted under the provisions of sections 701 and 731 of the Tariff Act of 1930.

In these investigations the Commission must determine whether an industry in the United States is materially injured or is threatened with material injury, or the establishment of an industry in the United States is materially retarded, by reason of imports from circular welded carbon-quality steel pipe from India, Oman, United Arab Emirates, and Vietnam that are allegedly subsidized and/or sold in the United States at less than fair value. A copy of the Commission's notice of these investigations is enclosed and will be published in the *Federal Register*.

The business proprietary information you supply in this questionnaire or in connection therewith will be so treated by the Commission and will not be disclosed except as may be required by law. Your response will be consolidated with the responses of other firms and will form much of the statistical base for the Commission's determination. The questions in the questionnaire have been reviewed with market participants to ensure that issues of concern are adequately addressed and that data requests are sufficient, meaningful, and as limited as possible.

Please return the completed questionnaire to the Commission by **no later than November 9, 2011**. If you have any questions concerning the questionnaire or other matters related to the investigations, please contact Keysha Martinez (202-205-2136) of the Commission's staff. Electronic submission is strongly encouraged. Please see the instruction booklet at page 4 for details.

Sincerely,

FOR
Catherine DeFilippo
Director
