AGENCY: United States International Trade Commission.
ACTION: Notice.

SUMMARY: The Commission hereby gives notice that it has instituted reviews

Pursuant to the Act, interested parties are requested to respond to this notice by submitting the information specified below to the Commission.

DATES: Effective June 1, 2017. To be assured of consideration, the deadline for responses is July 3, 2017. Comments on the adequacy of responses may be filed with the Commission by August 14, 2017.

11/2/92	Circular welded non-alloy steel pipe/Taiwan	731–TA–536	57 FR 49453

Following five-year reviews by Commerce and the Commission, effective August 22, 2000, Commerce issued a continuation of the countervailing duty order on imports of welded carbon steel pipe and tube from Turkey (65 FR 50960) and the

antidumping duty orders on imports of certain pipe and tube from Brazil, India, Korea, Mexico, Taiwan, Thailand, and Turkey (65 FR 50955–50958). Following second five-year reviews by Commerce and the Commission, effective August 8, 2006, Commerce issued a continuation

of (1) the countervailing duty order on imports of welded carbon steel standard pipe from Turkey, (2) the antidumping duty orders on imports of circular welded non-alloy pipes and tubes from Brazil, Korea, and Mexico, and (3) the antidumping duty orders on imports of

welded carbon steel pipe from India, Thailand, and Turkey (71 FR 44996). Effective August 14, 2006, Commerce issued a continuation of the antidumping duty orders on imports of certain circular welded carbon steel pipes and tubes from Taiwan and circular welded non-alloy steel pipe from Taiwan (71 FR 46447). Following third five-year reviews by Commerce and the Commission, effective July 17, 2012, Commerce issued a continuation of (1) the countervailing duty order on imports of circular welded carbon steel pipes and tubes from Turkey; (2) the antidumping duty orders on imports of certain circular welded carbon steel pipes and tubes from India, Thailand, and Turkey; (3) the antidumping duty orders on imports of certain circular welded non-alloy steel pipe from Brazil, Korea, Mexico, and Taiwan; and (4) the antidumping duty order on imports of certain circular welded carbon steel pipes and tubes from Taiwan. The Commission is now conducting fourth reviews pursuant to section 751(c) of the Act, as amended (19 U.S.C. 1675(c)), to determine whether revocation of the orders would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. Provisions concerning the conduct of this proceeding may be found in the Commission's Rules of Practice and Procedure at 19 CFR parts 201, subparts A and B and 19 CFR part 207, subparts A and F. The Commission will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct full or expedited reviews. The Commission's determinations in any expedited reviews will be based on the facts available, which may include information provided in response to this notice.

Definitions.—The following definitions apply to these reviews:

(1) *Subject Merchandise* is the class or kind of merchandise that is within the scope of the five-year reviews, as defined by the Department of Commerce.

(2) The *Subject Countries* in these reviews are Brazil, India, Korea, Mexico, Taiwan, Thailand, and Turkey.

(3) The *Domestic Like Product* is the domestically produced product or products which are like, or in the absence of like, most similar in characteristics and uses with, the *Subject Merchandise*. In its original determinations, the Commission defined the *Domestic Like Product* as follows: (1) Small Diameter Circular Welded Carbon Steel Pipes and Tubes from Taiwan (Inv. No. 731-TA-132)—

small diameter circular pipes and tubes (*i.e.*, with an outside diameter of at least 0.375 inch but not more than 4.5 inches); (2) Certain Circular Welded Carbon Steel Pipes and Tubes from Thailand and Turkey (Inv. Nos. 731-TA-252 and 701-TA-253)—standard pipe up to and including 16 inches in outside diameter; (3) Certain Circular Welded Carbon Steel Pipes and Tubes from India and Turkey (Inv. Nos. 731-TA-271 and 273)—standard pipe of not more than 16 inches in outside diameter; and (4) Certain Circular Welded Carbon Steel Pipes and Tubes from Brazil, Korea, Mexico, and Taiwan (Inv. Nos. 731-TA-532-534 and 536)—circular welded, non-alloy steel pipes and tubes of not more than 16 inches in outside diameter, except (a) finished conduit other than finished rigid conduit and (b) mechanical tubing that is not cold-drawn or cold-rolled. In its full first five-year review determinations, the Commission found one *Domestic Like Product* concerning the reviews listed in items (1)–(4) above, that is, circular welded non-alloy steel pipes and tubes up to and including 16 inches in outside diameter, regardless of wall thickness. In its full second and third five-year review determinations, the Commission again defined one *Domestic Like Product* in the same manner as it did in the first five-year reviews. It defined the *Domestic Like Product* corresponding to the circular welded pipe orders under review to be all circular, welded, non-alloy steel pipes and tubes not more than 16 inches in outside diameter.

(4) The *Domestic Industry* is the U.S. producers as a whole of the *Domestic Like Product*, or those producers whose collective output of the *Domestic Like Product* constitutes a major proportion of the total domestic production of the product. In its original determinations and full first, second, and third five-year review determinations, the Commission defined the *Domestic Industry* as all U.S. circular welded pipe producers.

(5) An *Importer* is any person or firm engaged, either directly or through a parent company or subsidiary, in importing the *Subject Merchandise* into the United States from a foreign manufacturer or through its selling agent.

Participation in the proceeding and public service list.—Persons, including industrial users of the *Subject Merchandise* and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the proceeding as parties must file an entry of appearance with the Secretary to the Commission, as provided in section 201.11(b)(4) of the

Commission's rules, no later than 21 days after publication of this notice in the **Federal Register**. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the proceeding.

Former Commission employees who are seeking to appear in Commission five-year reviews are advised that they may appear in a review even if they participated personally and substantially in the corresponding underlying original investigation or an earlier review of the same underlying investigation. The Commission's designated agency ethics official has advised that a five-year review is not the same particular matter as the underlying original investigation, and a five-year review is not the same particular matter as an earlier review of the same underlying investigation for purposes of 18 U.S.C. 207, the post employment statute for Federal employees, and Commission rule 201.15(b) (19 CFR 201.15(b)), 79 FR 3246 (Jan. 17, 2014), 73 FR 24609 (May 5, 2008). Consequently, former employees are not required to seek Commission approval to appear in a review under Commission rule 19 CFR 201.15, even if the corresponding underlying original investigation or an earlier review of the same underlying investigation was pending when they were Commission employees. For further ethics advice on this matter, contact Carol McCue Verratti, Deputy Agency Ethics Official, at 202-205-3088.

Limited disclosure of business proprietary information (BPI) under an administrative protective order (APO) and APO service list.—Pursuant to section 207.7(a) of the Commission's rules, the Secretary will make BPI submitted in this proceeding available to authorized applicants under the APO issued in the proceeding, provided that the application is made no later than 21 days after publication of this notice in the **Federal Register**. Authorized applicants must represent interested parties, as defined in 19 U.S.C. 1677(9), who are parties to the proceeding. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

Certification.—Pursuant to section 207.3 of the Commission's rules, any person submitting information to the Commission in connection with this proceeding must certify that the information is accurate and complete to the best of the submitter's knowledge. In making the certification, the submitter will acknowledge that information submitted in response to this request for

information and throughout this proceeding or other proceeding may be disclosed to and used: (i) By the Commission, its employees and Offices, and contract personnel (a) for developing or maintaining the records of this or a related proceeding, or (b) in internal investigations, audits, reviews, and evaluations relating to the programs, personnel, and operations of the Commission including under 5 U.S.C. Appendix 3; or (ii) by U.S. government employees and contract personnel, solely for cybersecurity purposes. All contract personnel will sign appropriate nondisclosure agreements.

Written submissions.—Pursuant to section 207.61 of the Commission's rules, each interested party response to this notice must provide the information specified below. The deadline for filing such responses is July 3, 2017. Pursuant to section 207.62(b) of the Commission's rules, eligible parties (as specified in Commission rule 207.62(b)(1)) may also file comments concerning the adequacy of responses to the notice of institution and whether the Commission should conduct expedited or full reviews. The deadline for filing such comments is August 14, 2017. All written submissions must conform with the provisions of section 201.8 of the Commission's rules; any submissions that contain BPI must also conform with the requirements of sections 201.6, 207.3, and 207.7 of the Commission's rules. The Commission's Handbook on E-Filing, available on the Commission's Web site at <https://edis.usitc.gov>, elaborates upon the Commission's rules with respect to electronic filing. Also, in accordance with sections 201.16(c) and 207.3 of the Commission's rules, each document filed by a party to the proceeding must be served on all other parties to the proceeding (as identified by either the public or APO service list as appropriate), and a certificate of service must accompany the document (if you are not a party to the proceeding you do not need to serve your response).

No response to this request for information is required if a currently valid Office of Management and Budget (OMB) number is not displayed; the OMB number is 3117 0016/USITC No. 17-5-388, expiration date June 30, 2017. Public reporting burden for the request is estimated to average 15 hours per response. Please send comments regarding the accuracy of this burden estimate to the Office of Investigations, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436.

Inability to provide requested information.—Pursuant to section

207.61(c) of the Commission's rules, any interested party that cannot furnish the information requested by this notice in the requested form and manner shall notify the Commission at the earliest possible time, provide a full explanation of why it cannot provide the requested information, and indicate alternative forms in which it can provide equivalent information. If an interested party does not provide this notification (or the Commission finds the explanation provided in the notification inadequate) and fails to provide a complete response to this notice, the Commission may take an adverse inference against the party pursuant to section 776(b) of the Act (19 U.S.C. 1677e(b)) in making its determinations in the reviews.

(c) the quantity and value of your firm's(s') exports to the United States of *Subject Merchandise* and, if known, an estimate of the percentage of total exports to the United States of *Subject Merchandise* from each *Subject Country* accounted for by your firm's(s') exports.

Supply conditions to consider include technology; production methods; development efforts; ability to increase production (including the shift of production facilities used for other products and the use, cost, or availability of major inputs into production); and factors related to the ability to shift supply among different national markets (including barriers to importation in foreign markets or changes in market demand abroad).
