

(TSIJ).² On December 7, 2017, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act) and 19 CFR 351.221(c)(1)(i), we initiated an administrative review of the order on HR Steel from the Netherlands with respect to TSIJ.³ Commerce exercised its discretion to toll all deadlines affected by the closure of the Federal Government from January 20 through 22, 2018. If the new deadline falls on a non-business day, in accordance with Commerce's practice, the deadline will become the next business day.⁴ On March 12, 2018, the petitioners timely withdrew their request for an administrative review of TSIJ.⁵ No other party requested a review.

Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review "in whole or in part, if a party that requested a review withdraws the request within 90 days of the date of publication of notice of initiation of the requested review." The petitioners withdrew their request for review within the 90-day time limit. Because we received no other requests for review of TSIJ, and no other requests for the review of the order on HR Steel from the Netherlands, we are rescinding the administrative review of the order in full, in accordance with 19 CFR 351.213(d)(1).

Assessment

Commerce will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries of HR Steel products from the Netherlands during the POR at rates equal to the cash deposit rate of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue appropriate assessment instructions to CBP 15 days after publication of this notice in the **Federal Register**.

⁵ See the petitioners' Letter, "Re Hot-Rolled Steel Flat Products from the Netherlands/Withdrawal of Request for Administrative Review," dated March 12, 2018.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification Regarding Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213(d)(4).

Dated: March 22, 2018.

In addition, we determine that critical circumstances exist with respect to certain imports of the subject merchandise. The period of

investigation (POI) is January 1, 2016 through December 31, 2016.

SUPPLEMENTARY INFORMATION:

Background

On October 31, 2017, Commerce published the *Preliminary Determination* of sales at LTFV of wire rod from Spain.¹ On November 7, 2017, Commerce published the postponement of the final determinations of LTFV investigation and extension of provisional measures.² On December 7, 2017, Commerce published the *Amended Preliminary Determination* of sales at LTFV of wire rod from Spain.³ Commerce has exercised its discretion to toll deadlines affected by the closure of the Federal Government from January 20 through 22, 2018. Scope of the Investigation

The product covered by this investigation is wire rod from Spain. For a complete description of the scope of this investigation, see Appendix I.

Scope Comments

During the course of this investigation, Commerce received numerous scope comments from interested parties. Prior to the *Preliminary Determination*, Commerce issued a Preliminary Scope Decision Memorandum to address these comments. As a result of these comments, Commerce made no changes to the scope of this investigation as it appeared in the *Initiation Notice*.⁶

In September 2017, we received scope case and rebuttal briefs. On November 20, 2017, we issued the Final Scope Decision Memorandum in response to the comments received.⁷ We did not change the scope of this investigation.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs by parties in this investigation are addressed in the Issues and Decision Memorandum. A list of the issues raised is attached to this notice as Appendix II. Verification

As provided in section 782(i) of the Tariff Act of 1930, as amended (the Act), in November and December 2017, we conducted verification of the sales and cost information submitted by Global Steel Wire S.A. (GSW), CELSA Atlantic S.A., and Compañía Española de Laminación (collectively, CELSA) for use in our final determination. We used standard verification procedures, including an examination of relevant accounting and production records, and original source documents provided by CELSA.⁸

Changes Since the Preliminary Determination

Based on our analysis of the comments received and our findings at verification, we made certain changes to the margin calculations for CELSA. For a discussion of these changes, see the "Margin Calculations" section of the Issues and Decision Memorandum.

Adverse Facts Available

In the *Preliminary Determination*, because mandatory respondent ArcelorMittal Espana S.A. (AME) failed to respond to Commerce's questionnaire, we applied adverse facts available (AFA) to AME in accordance with sections 776(a) and (b) of the Act and 19 CFR 351.308. We corroborated the petition dumping margin of 32.64 percent to the extent practicable within the meaning of section 776(c) of the Act. This is the sole rate identified in the petition, and, thus, we assigned this dumping margin to AME as AFA.

All-Others Rate

Section 735(c)(5)(A) of the Act provides that the estimated all-others rate shall be an amount equal to the

⁸ For discussion of our verification findings, see the following memoranda: Memorandum, "Verification of the Cost Response of Global Steel Wire S.A., CELSA Atlantic S.A., and Compañía Española de Laminación in the Less-Than-Fair-Value Investigation of Carbon and Alloy Steel Wire Rod from Spain," dated January 8, 2018; and Memorandum, "Verification of the Sales Response of Global Steel Wire S.A., CELSA Atlantic S.A., and Compañía Española de Laminación in the Antidumping Investigation of Carbon Alloy Steel Wire Rod from Spain," dated January 18, 2018.

weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero or *de minimis* margins and margins determined entirely under section 776 of the Act. CELSA is the only respondent for which Commerce calculated a company-specific margin that is not zero, *de minimis*, or based entirely on facts otherwise available. Therefore, for purposes of determining the "all-others" rate and pursuant to section 735(c)(5)(A) of the Act, we are using the dumping margin calculated for CELSA, as referenced in the "Final Determination" section below.

Final Determination

The final weighted-average dumping margins are as follows:

Exporter/manufacturer	Weighted-average dumping margins (percent)
Global Steel Wire S.A./ CELSA Atlantic S.A./ Compañía Española de Laminación ⁹	11.08
ArcelorMittal Espana S.A.	32.64
All-Others	11.08

Affirmative Determination of Critical Circumstances

In accordance with section 735(a)(3) of the Act and 19 CFR 351.206, Commerce continues to find that critical circumstances do not exist for CELSA and all-other companies, but do exist for AME, for the reasons described in the Issues and Decision Memorandum. For a full description of the methodology and results of Commerce's critical circumstances analysis, see the "Critical Circumstances" section of the Issues and Decision Memorandum.

Disclosure

We will disclose the calculations performed within five days of the date of publication of this notice to parties in this proceeding in accordance with 19 CFR 351.224(b).

Continuation of Suspension of Liquidation

In accordance with section 735(c)(1)(B) of the Act, Commerce will

⁹ No interested party commented on our preliminary determination that Global Steel Wire S.A., CELSA Atlantic S.A., and Compañía Española de Laminación are affiliated within the meaning of section 771(33)(F) of the Act, and that these companies should be treated as a single entity pursuant to 19 CFR 351.401(f). See *Preliminary Determination*, 82 FR 50389. Accordingly, we are continuing to find these companies affiliated and to treat them as a single entity for these final results.

instruct U.S. Customs and Border Protection (CBP) to continue to suspend liquidation of all appropriate entries of wire rod from Spain, which were entered, or withdrawn from warehouse, for consumption on or after October 31, 2017, the date of publication of the preliminary determination of this investigation in the **Federal Register**. For entries made by AME, in accordance with section 735(c)(4)(A) of the Act, because we continue to find that critical circumstances exist, we will instruct CBP to continue to suspend liquidation of all appropriate entries of wire rod from Spain which were entered, or withdrawn from warehouse, for consumption on or after August 2, 2017, which is 90 days prior to the date of publication of the preliminary determination of this investigation in the **Federal Register**.

Further, Commerce will instruct CBP to require a cash deposit equal to the estimated weighted-average dumping margins as shown above.

International Trade Commission (ITC) Notification

In accordance with section 735(d) of the Act, we will notify the ITC of the final affirmative determination of sales at LTFV. Because the final determination in this proceeding is affirmative, in accordance with section 735(b)(2) of the Act, the ITC will make its final determination as to whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports of wire rod from Spain sold in the United States at LTFV no later than 45 days after our final determination. If the ITC determines that material injury or threat of material injury does not exist, the proceeding will be terminated and all cash deposits will be refunded. If the ITC determines that such injury does exist, Commerce will issue an antidumping duty order directing CBP to assess, upon further instruction by Commerce, antidumping duties on all imports of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the effective date of the suspension of liquidation, as discussed above in the "Continuation of Suspension of Liquidation" section.

Notification Regarding Administrative Protective Orders (APO)

This notice serves as a reminder to parties subject to APO of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely notification of the return or destruction of APO materials, or conversion to

judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

This determination and this notice are issued and published pursuant to sections 735(d) and 777(i)(1) of the Act and 19 CFR 351.210(c).

Dated: March 19, 2018.

Gary Taverman,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.
