
On April 3, 2018, the parties filed a joint motion to terminate the investigation based on settlement and patent license agreements (“the Agreements”). On April 9, 2018, the ALJ issued the subject ID (Order No. 36) granting the parties’ joint motion. The ID finds that: “[t]he [joint] motion is fully compliant with the Commission Rules.” See id at 1. In particular, the ID notes that “[p]ursuant to Commission Rule 210.21(b)(1), 19 CFR 210.21(b)(1), the movants state: ‘There are no other agreements, written or oral, express or implied, between [the parties] concerning the subject matter of this Investigation.’” See id at 1–2. Furthermore, the ID “does not find any evidence” indicating that terminating the investigation would be “contrary” to the public interest. See id at 2 (citing 19 CFR 210.50(b)(2)).

No petition for review of the ID was filed. The Commission has determined not to review the ID.

The authority for the Commission’s determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in part 210 of the Commission’s Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.

Issued: April 26, 2018.

Lisa Barton, Secretary to the Commission.

Supplementary Information: Background:—On September 12, 2001, the Department of Commerce (“Commerce”) issued an antidumping duty order on imports of certain ammonium nitrate from Ukraine (66 FR 47451). Following the first five-year reviews by Commerce and the Commission, effective July 9, 2007, Commerce issued a continuation of the
antidumping duty order on imports of certain ammonium nitrate from Ukraine (72 FR 37195). Following the second five-year reviews by Commerce and the Commission, effective June 12, 2013, Commerce issued a continuation of the antidumping duty order on imports of certain ammonium nitrate from Ukraine (78 FR 35258). The Commission is now conducting a third review pursuant to section 751(c) of the Act, as amended (19 U.S.C. 16775(c)), to determine whether revocation of the order would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. Provisions concerning the conduct of this proceeding may be found in the Commission’s Rules of Practice and Procedure at 19 CFR parts 201, subparts A and B and 19 CFR part 207, subparts A and F. The Commission will assess the adequacy of information provided in response to this notice of institution to determine whether to conduct a full review or an expedited review. The Commission’s determination in any expedited review will be based on the facts available, which may include information provided in response to this notice.

Definitions.—The following definitions apply to this review:

(1) **Subject Merchandise** is the class or kind of merchandise that is within the scope of the five-year review, as defined by Commerce.

(2) **The Subject Country** in this review is Ukraine.

(3) **The Domestic Like Product** is the domestically produced product or products which are like, or in the absence of like, most similar in characteristics and uses with, the **Subject Merchandise**. In its original determination, the Commission defined the Domestic Like Product coextensively with the scope of subject merchandise as fertilizer grade ammonium nitrate products with a bulk density equal to or greater than 53 pounds per cubic foot. In its full first and second five-year review determinations, the Commission defined a single Domestic Like Product as consisting of certain ammonium nitrate corresponding to Commerce’s scope, which remained unchanged from the scope definition in the original investigation.

(4) **The Domestic Industry** is the U.S. producers as a whole of the Domestic Like Product, or those producers whose collective output of the Domestic Like Product constitutes a major proportion of the total domestic production of the product. In its original determination and in its first and second five-year review determinations, the Commission defined the Domestic Industry as all domestic producers of the ammonium nitrate corresponding to Commerce’s scope.

(5) **An Importer** is any person or firm engaged, either directly or through a parent company or subsidiary, in importing the Subject Merchandise into the United States from a foreign manufacturer or through its selling agent.

**Participation in the proceeding and public service list.**—Persons, including industrial users of the Subject Merchandise and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the proceeding as parties must file an entry of appearance with the Secretary to the Commission, as provided in section 201.11(b)(4) of the Commission’s rules, no later than 21 days after publication of this notice in the **Federal Register**. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the proceeding.

Former Commission employees who are seeking to appear in Commission five-year reviews are advised that they may appear in a review even if they participated personally and substantially in the corresponding underlying original investigation or an earlier review of the same underlying investigation. The Commission’s designated agency ethics official has advised that a five-year review is not the same particular matter as the underlying original investigation, and a five-year review is not the same particular matter as an earlier review of the same underlying investigation for purposes of 18 U.S.C. 207, the post employment statute for Federal employees, and Commission rule 201.15(b) (19 CFR 201.15(b)), 79 FR 3246 (Jan. 17, 2014), 73 FR 24609 (May 5, 2008). Consequently, former employees are not required to seek Commission approval to appear in a review under Commission rule 19 CFR 201.15, even if the corresponding underlying original investigation or an earlier review of the same underlying investigation was pending when they were Commission employees. For further ethics advice on this matter, contact Charles Smith, Office of the General Counsel, at 202–205–3408.

**Limited disclosure of business proprietary information (BPI) under an administrative protective order (APO) and APO service list.**—Pursuant to section 207.7(a) of the Commission’s rules, the Secretary will make BPI available to authorized applicants under the APO issued in the proceeding, provided that the application is made no later than 21 days after publication of this notice in the **Federal Register**. Authorized applicants must represent interested parties, as defined in 19 U.S.C. 1677(9), who are parties to the proceeding. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

Certification.—Pursuant to section 207.3 of the Commission’s rules, any person submitting information to the Commission in connection with this proceeding must certify that the information is accurate and complete to the best of the submitter’s knowledge. In making the certification, the submitter will acknowledge that information submitted in response to this request for information and throughout this proceeding or other proceeding may be disclosed to and used: (i) By the Commission, its employees and Offices, and contract personnel (a) for developing or maintaining the records of this or a related proceeding, or (b) in internal investigations, audits, reviews, and evaluations relating to the programs, personnel, and operations of the Commission including under 5 U.S.C. Appendix 3; or (ii) by U.S. government employees and contract personnel, solely for cybersecurity purposes. All contract personnel will sign appropriate nondisclosure agreements.

Written submissions.—Pursuant to section 207.61 of the Commission’s rules, each interested party response to this notice must provide the information specified below. The deadline for filing such responses is May 31, 2018. Pursuant to section 207.62(b) of the Commission’s rules, eligible parties (as specified in Commission rule 207.62(b)(1)) may also file comments concerning the adequacy of responses to the notice of institution and whether the Commission should conduct an expedited or full review. The deadline for filing such comments is July 13, 2018. All written submissions must conform with the provisions of section 201.8 of the Commission’s rules; any submissions that contain BPI must also conform with the requirements of sections 201.6, 207.3, and 207.7 of the Commission’s rules.
