## INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701-TA-510 and 731-TA-1245 (Review)]

### Calcium Hypochlorite From China; Scheduling of Expedited Five-Year Reviews

**AGENCY:** United States International Trade Commission.

**ACTION:** Notice.

**SUMMARY:** The Commission hereby gives notice of the scheduling of expedited reviews pursuant to the Tariff Act of 1930 ("the Act") to determine whether revocation of the antidumping and countervailing duty orders on calcium hypochlorite from China would be likely to lead to continuation or recurrence of material injury within a reasonably foreseeable time.

**DATES:** March 6, 2020.

**FOR FURTHER INFORMATION CONTACT:**

Tyler Berard (202-205-3354), Office of Investigations, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission's TDD terminal on 202-205-1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2000. General information concerning the Commission may also be obtained by accessing its internet server (<https://www.usitc.gov>). The public record for these reviews may be viewed on the Commission's electronic docket (EDIS) at <https://edis.usitc.gov>.

**SUPPLEMENTARY INFORMATION:**

**Background.**—On March 6, 2020, the Commission determined that the domestic interested party group response to its notice of institution (84 FR 66002, December 2, 2019) of the subject five-year reviews was adequate and that the respondent interested party group response was inadequate. The Commission did not find any other circumstances that would warrant conducting full reviews.<sup>1</sup> Accordingly, the Commission determined that it would conduct expedited reviews pursuant to section 751(c)(3) of the Tariff Act of 1930 (19 U.S.C. 1675(c)(3)).<sup>2</sup>

For further information concerning the conduct of these reviews and rules of general application, consult the Commission's Rules of Practice and Procedure, part 201, subparts A and B (19 CFR part 201), and part 207, subparts A, D, E, and F (19 CFR part 207).

Please note the Secretary's Office will accept only electronic filings at this time. Filings must be made through the Commission's Electronic Document

<sup>1</sup> A record of the Commissioners' votes, the Commission's statement on adequacy, and any individual Commissioner's statements will be available from the Office of the Secretary and at the Commission's website.

<sup>2</sup> Commissioner Jason E. Kearns did not participate in these determinations.

Information System (EDIS, <https://edis.usitc.gov>). No in-person paper-based filings or paper copies of any electronic filings will be accepted until further notice.

**Staff report.**—A staff report containing information concerning the subject matter of the reviews will be placed in the nonpublic record on May 18, 2020, and made available to persons on the Administrative Protective Order service list for these reviews. A public version will be issued thereafter, pursuant to section 207.62(d)(4) of the Commission's rules.

**Written submissions.**—As provided in section 207.62(d) of the Commission's rules, interested parties that are parties to the reviews and that have provided individually adequate responses to the notice of institution,<sup>3</sup> and any party other than an interested party to the reviews may file written comments with the Secretary on what determination the Commission should reach in the reviews. Comments are due on or before May 22, 2020 and may not contain new factual information. Any person that is neither a party to the five-year reviews nor an interested party may submit a brief written statement (which shall not contain any new factual information) pertinent to the reviews by May 22, 2020. However, should the Department of Commerce ("Commerce") extend the time limit for its completion of the final results of its reviews, the deadline for comments (which may not contain new factual information) on Commerce's final results is three business days after the issuance of Commerce's results. If comments contain business proprietary information (BPI), they must conform with the requirements of sections 201.6, 207.3, and 207.7 of the Commission's rules. The Commission's rules with respect to filing were revised effective July 25, 2014. See 79 FR 35920 (June 25, 2014). The Commission's *Handbook on Filing Procedures*, available on the Commission's website at [https://www.usitc.gov/documents/handbook\\_on\\_filing\\_procedures.pdf](https://www.usitc.gov/documents/handbook_on_filing_procedures.pdf), elaborates upon the Commission's procedures with respect to filings.

In accordance with sections 201.16(c) and 207.3 of the rules, each document filed by a party to the reviews must be served on all other parties to the reviews (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.

<sup>3</sup> The Commission has found the response submitted by Innovative Water Care, LLC d/b/a Sigura to be individually adequate. Comments from other interested parties will not be accepted (see 19 CFR 207.62(d)(2)).

**Determination.**—The Commission has determined these reviews are extraordinarily complicated and therefore has determined to exercise its authority to extend the review period by up to 90 days pursuant to 19 U.S.C. 1675(c)(5)(B).

**Authority:** These reviews are being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to section 207.62 of the Commission’s rules.

By order of the Commission.  
Issued: May 12, 2020.

**DEPARTMENT OF JUSTICE**

**Bureau of Alcohol, Tobacco, Firearms, and Explosives**

[Docket No. ATF 2018R–02]

**International Trade Data System Test—Cessation of Voluntary Export Pilot Project**

**AGENCY:** Bureau of Alcohol, Tobacco, Firearms, and Explosives, Department of Justice.

**ACTION:** Notice.

**SUMMARY:** The Bureau of Alcohol, Tobacco, Firearms, and Explosives (ATF) announces cessation of its voluntary participation in a U.S. Customs and Border Protection (CBP) pilot test of the International Trade Data System (ITDS) for processing import and export-related ATF forms and data using the Partner Government Agency (PGA) Message Set and the Automated Commercial Environment (ACE). The Border Interagency Executive Counsel (which oversees ITDS implementation) requires each agency to announce the start and cessation of the required pilots. ATF’s participation for the imports and exports requirements were done separately with the imports pilot being completed in 2015. See 81 FR 60022 (August 31, 2016). This notice now concludes ATF participation in the pilot for the exportation requirements. While this notice announces the cessation of the pilot program, CBP has not yet announced the date that filing entries in ACE will be mandatory. The pilot test allowed participating exporters to submit ATF Form 9, Application and Permit for Permanent

Exportation of Firearms (Form 9), and additional information to CBP electronically to obtain CBP certification of exportation. During the pilot, CBP validated that information and electronically transmitted export information to ATF to satisfy CBP’s certification requirements.

**DATES:** This notice is effective on the date of publication in the **Federal Register**.

**FOR FURTHER INFORMATION CONTACT:** National Firearms Act, Industry Processing Branch Chief, 244 Needy Road, Martinsburg, WV, 25045, 304–616–4500, [IPB@atf.gov](mailto:IPB@atf.gov).

**SUPPLEMENTARY INFORMATION:** ATF participated in a voluntary CBP pilot test of the ITDS involving the use of the PGA Message Set and ACE. See 81 FR 70441 (October 12, 2016). The pilot allowed exporters to submit required data to CBP through ACE for the purposes of obtaining CBP release and receipt. CBP validated that information electronically, and transmitted entry and release information to ATF to satisfy certification requirements. More than a dozen agencies participated in various pilots all of which are at different stages of testing and implementation.

In compliance with Executive Order 13659, Streamlining the Export/Import Process for America’s Businesses (79 FR 10657, Feb. 25, 2014), ATF joined CBP’s pilot test and encouraged voluntary participation of U.S. exporters of National Firearms Act (NFA) firearms, as defined under title 26, United States Code (U.S.C.), section 5845(a). The NFA (and the implementing regulations in title 27, Code of Federal Regulations (CFR), part 479, require any person desiring to export a firearm without payment of transfer tax to apply for a permit (ATF Form 9). See 26 U.S.C. 5854; 27 CFR 479.114. The approval provides for deferment of tax liability. In accordance with Federal regulation, the exporter would furnish ATF evidence of the exportation of the firearm(s) within a six-month’s period of the date of issuance of the permit to relieve the tax liability. See 27 CFR 479.115. After the merchandise is exported, CBP would execute the certificate of exportation (Part 3 of Form 9) and send a copy of the executed certificate to ATF. See 27 CFR 479.117. This pilot program allowed CBP to transmit the certificate to ATF electronically, with the exporter

continuing to apply on Form 9 for the permit.

The Border Interagency Executive Council, Departments of Treasury and Homeland Security, which oversees ITDS implementation, asked ATF to end the pilot. Pilot participants can continue to function as they did while on the pilot. Participants will not notice any differences after the pilot has ended. At some point, CBP will mandate importers and exporters to use the ACE single window; however, DHS needs all pilots successfully completed to move to their next phase of implementation. The termination of the pilot will not cause any delays for participating exporters, and CBP will continue to transmit the certificate of exportation to ATF electronically.

Exporters should be aware that no changes have been made to the requirement that they submit their copy of ATF Form 9 to ATF within a six month period from the date of issuance of the permit to export firearms. See 27 CFR 479.118.
