SUMMARY: The Department of Commerce (Commerce) determines that imports of mattresses from Indonesia are being, or are likely to be, sold in the United States at less than fair value (LTFV) for the period of investigation January 1, 2019, through December 31, 2019.

DATES: Applicable March 25, 2021.

FOR FURTHER INFORMATION CONTACT: Janae Martin or Brian Smith, AD/CVD Operations, Office VIII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-0238 or (202) 482-1766, respectively.

SUPPLEMENTARY INFORMATION:

Background

On November 3, 2020, Commerce published the *Preliminary Determination* in the LTFV investigation of mattresses from Indonesia, in which we also postponed the final

determination until March 18, 2021.¹

We invited interested parties to comment on the *Preliminary Determination*. A summary of the events that occurred since Commerce published the *Preliminary Determination*, may be found in the Issues and Decision Memorandum.² The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/index.html>.

Scope of the Investigation

The products covered by this investigation are mattresses from Indonesia. For a complete description of the scope of this investigation, see Appendix I.

Scope Comments

In Commerce's Preliminary Scope Decision Memorandum, we set aside a period of time for parties to raise issues regarding product coverage (*i.e.*, scope) in scope case briefs or other written comments on scope issues.³ Certain interested parties commented on the scope of the investigation as it appeared in the Preliminary Scope Decision Memorandum, unchanged from the *Initiation Notice*.⁴ For a summary of the product coverage comments and rebuttal responses submitted to the record for this final determination, and accompanying discussion and analysis of all comments timely received, see the Final Scope Memorandum.⁵ In the Final

⁵ See Memorandum, "Mattresses from Cambodia, Indonesia, Malaysia, Serbia, Thailand, the Republic

of Turkey, the Socialist Republic of Vietnam, and the People's Republic of China: Final Scope Decision Memorandum," dated concurrently with, and hereby adopted by, this notice (Final Scope Memorandum).

Analysis of Comments Received

All issues raised in the case and rebuttal briefs that were submitted by parties in this investigation are addressed in the Issues and Decision Memorandum. A list of the issues addressed in the Issues and Decision Memorandum is provided in Appendix II.

Verification

Commerce was unable to conduct on-site verification of the information relied upon in making its final determination in this investigation. However, we took additional steps in lieu of an on-site verification to verify the information relied upon in making this final determination, in accordance with section 782(i) of the Tariff Act of 1930, as amended (the Act).⁶

Changes Since the Preliminary Determination

Based on our review and analysis of the comments received from interested parties, we made adjustments to PT Zinus Global Indonesia's (Zinus) cost of production and U.S. sales prices. For a discussion of these changes, see the Issues and Decision Memorandum.

All-Others Rate

Section 735(c)(5)(A) of the Act provides that the estimated weighted-average dumping margin for all other producers and exporters not individually investigated shall be equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated excluding rates that are zero, *de minimis*, or determined entirely under section 776 of the Act. Commerce calculated an individual estimated weighted-average dumping margin for Zinus, the only individually examined exporter/producer in this investigation. Because the only individually calculated dumping margin is not zero, *de minimis*, or based entirely on facts otherwise available, the estimated weighted-average dumping margin calculated for Zinus is the margin assigned to all other producers and

of Turkey, the Socialist Republic of Vietnam, and the People's Republic of China: Final Scope Decision Memorandum," dated concurrently with, and hereby adopted by, this notice (Final Scope Memorandum).

exporters, pursuant to section 735(c)(5)(A) of the Act.

Final Determination

The final estimated weighted-average dumping margins are as follows:

Exporter/producer	Estimated weighted-average dumping margin (percent)
PT Zinus Global Indonesia	2.22
All-Others	2.22

Disclosure

We intend to disclose to parties in this proceeding the calculations performed for this final determination within five days of the date of publication of this notice, in accordance with 19 CFR 351.224(b).

Continuation of Suspension of Liquidation

In accordance with section 735(c)(1)(B) of the Act, Commerce will instruct U.S. Customs and Border Protection (CBP) to continue to suspend liquidation of all appropriate entries of mattresses from Indonesia, as described in Appendix I of this notice, which are entered, or withdrawn from warehouse, for consumption on or after November 3, 2020, the date of publication of the *Preliminary Determination* in the *Federal Register*.

Pursuant to section 735(c)(1)(B)(ii) of the Act and 19 CFR 351.210(d), upon publication of this notice, Commerce will instruct CBP to require a cash deposit equal to the estimated weighted-average dumping margin or the estimated all-others rate, as follows: (1) The cash deposit rate for the respondent listed above will be equal to the company-specific estimated weighted-average dumping margin determined in this final determination; (2) if the exporter is not a respondent identified above but the producer is, then the cash deposit rate will be equal to the company-specific estimated weighted-average dumping margin established for that producer of the subject merchandise; and (3) the cash deposit rate for all other producers and exporters will be equal to the all-others estimated weighted-average dumping margin. These suspension-of-liquidation instructions will remain in effect until further notice.

International Trade Commission Notification

In accordance with section 735(d) of the Act, we will notify the International Trade Commission (ITC) of the final

affirmative determination of sales at LTFV. Because Commerce's final determination is affirmative, in accordance with section 735(b)(2) of the Act, the ITC will make its final determination as to whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports or sales (or the likelihood of sales) for importation of mattresses from Indonesia no later than 45 days after this final determination. If the ITC determines that such injury does not exist, this proceeding will be terminated, and all cash deposits posted will be refunded and suspension of liquidation will be lifted. If the ITC determines that such injury does exist, Commerce will issue an antidumping duty order directing CBP to assess, upon further instruction by Commerce, antidumping duties on all imports of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the effective date of the suspension of liquidation, as discussed above in the "Continuation of Suspension of Liquidation" section.

Notification Regarding Administrative Protective Orders (APO)

This notice will serve as a reminder to the parties subject to APO of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

This determination is issued and published in accordance with sections 735(d) and 777(i)(1) of the Act, and 19 CFR 351.210(c).

Dated: March 18, 2021.

Christian Marsh,

Acting Assistant Secretary for Enforcement and Compliance.

Appendix I

Scope of the Investigation

The products covered by this investigation are all types of youth and adult mattresses. The term "mattress" denotes an assembly of materials that at a minimum includes a "core," which provides the main support system of the mattress, and may consist of innersprings, foam, other resilient filling, or a combination of these materials. Mattresses may also contain: (1) "upholstery," the material between the core and the top panel of the ticking on a single-sided mattress; or

between the core and the top and bottom panel of the ticking on a double-sided mattress; and/or (2) "ticking," the outermost layer of fabric or other material (e.g., vinyl) that encloses the core and any upholstery, also known as a cover.

The scope of this investigation is restricted to only "adult mattresses" and "youth mattresses." "Adult mattresses" are frequently described as "twin," "extra-long twin," "full," "queen," "king," or "California king" mattresses. "Youth mattresses" are typically described as "crib," "toddler," or "youth" mattresses. All adult and youth mattresses are included regardless of size and size description.

The scope encompasses all types of "innerspring mattresses," "non-innerspring mattresses," and "hybrid mattresses." "Innerspring mattresses" contain innersprings, a series of metal springs joined together in sizes that correspond to the dimensions of mattresses. Mattresses that contain innersprings are referred to as "innerspring mattresses" or "hybrid mattresses." "Hybrid mattresses" contain two or more support systems as the core, such as layers of both memory foam and innerspring units.

"Non-innerspring mattresses" are those that do not contain any innerspring units. They are generally produced from foams (e.g., polyurethane, memory (viscoelastic), latex foam, gel-infused viscoelastic (gel foam), thermobonded polyester, polyethylene) or other resilient filling.

Mattresses covered by the scope of this investigation may be imported independently, as part of furniture or furniture mechanisms (e.g., convertible sofa bed mattresses, sofa bed mattresses imported with sofa bed mechanisms, corner group mattresses, day-bed mattresses, roll-away bed mattresses, high risers, trundle bed mattresses, crib mattresses), or as part of a set in combination with a "mattress foundation." "Mattress foundations" are any base or support for a mattress. Mattress foundations are commonly referred to as "foundations," "boxsprings," "platforms," and/or "bases." Bases can be static, foldable, or adjustable. Only the mattress is covered by the scope if imported as part of furniture, with furniture mechanisms, or as part of a set in combination with a mattress foundation.

Excluded from the scope of this investigation are "futon" mattresses. A "futon" is a bi-fold frame made of wood, metal, or plastic material, or any combination thereof, that functions as both seating furniture (such as a couch, love seat, or sofa) and a bed. A "futon mattress" is a tufted mattress, where the top covering is secured to the bottom with thread that goes completely through the mattress from the top through to the bottom, and it does not contain innersprings or foam. A futon mattress is both the bed and seating surface for the futon.

Also excluded from the scope are airbeds (including inflatable mattresses) and waterbeds, which consist of air- or liquid-filled bladders as the core or main support system of the mattress.

Also excluded is certain multifunctional furniture that is convertible from seating to

sleeping, regardless of filler material or components, where that filler material or components are upholstered, integrated into the design and construction of, and inseparable from, the furniture framing, and the outermost layer of the multifunctional furniture converts into the sleeping surface. Such furniture may, and without limitation, be commonly referred to as “convertible sofas,” “sofabeds,” “sofa chaise sleepers,” “futons,” “ottoman sleepers” or a like description.

Also excluded from the scope of this investigation are any products covered by the existing antidumping duty orders on uncovered innerspring units from China or Vietnam. *See Uncovered Innerspring Units from the People's Republic of China: Notice of Antidumping Duty Order*, 74 FR 7661 (February 19, 2009); *Antidumping Duty Order: Uncovered Innerspring Units from the Socialist Republic of Vietnam*, 73 FR 75391 (December 11, 2008).

Also excluded from the scope of this investigation are bassinet pads with a nominal length of less than 39 inches, a nominal width less than 25 inches, and a nominal depth of less than 2 inches.

Additionally, also excluded from the scope of this investigation are “mattress toppers.” A “mattress topper” is a removable bedding accessory that supplements a mattress by providing an additional layer that is placed on top of a mattress. Excluded mattress toppers have a height of four inches or less.

The products subject to this investigation are currently properly classifiable under HTSUS subheadings: 9404.21.0010, 9404.21.0013, 9404.29.1005, 9404.29.1013, 9404.29.9085, and 9404.29.9087. Products subject to this investigation may also enter under HTSUS subheadings: 9404.21.0095, 9404.29.1095, 9404.29.9095, 9401.40.0000, and 9401.90.5081. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise subject to this investigation is dispositive.

Mattresses From Malaysia: Final Affirmative Determination of Sales at Less Than Fair Value

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) determines that imports of mattresses from Malaysia are being, or are likely to be, sold in the United States at less than fair value (LTFV). The period of investigation is January 1, 2019, through December 31, 2019.

DATES: Applicable March 25, 2021.

FOR FURTHER INFORMATION CONTACT: Dennis McClure, AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-5973.

SUPPLEMENTARY INFORMATION:

Background

On November 3, 2020, Commerce published in the **Federal Register** the *Preliminary Determination* of sales at LTFV of mattresses from Malaysia and invited interested parties to comment.¹ Commerce established a deadline of November 24, 2020 for the submission of case briefs in response to the *Preliminary Determination*. No case briefs were submitted. As no parties filed comments and no facts have changed, we have made no changes to the *Preliminary Determination* in this final determination, and, therefore, there is no unpublished Issues and Decision Memorandum accompanying this notice.

Scope of the Investigation

The products covered by this investigation are mattresses from Malaysia. For a full description of the scope of this investigation, see the “Scope of the Investigation,” in the Appendix to this notice.

¹ See *Mattresses from Malaysia: Preliminary Affirmative Determination of Sales at Less Than Fair Value, Postponement of Final Determination, and Extension of Provisional Measures*, 85 FR 69574-69575 (November 3, 2020) (*Preliminary Determination*), and accompanying Preliminary Decision Memorandum (PDM).

Scope Comments

In Commerce's Preliminary Scope Decision Memorandum, we set aside a period of time for parties to raise issues regarding product coverage (*i.e.*, scope) in scope case briefs or other written comments on scope issues.² Certain interested parties commented on the scope of the investigation as it appeared in the Preliminary Scope Decision Memorandum, unchanged from the *Initiation Notice*.³ For a summary of the product coverage comments and rebuttal responses submitted to the record for this final determination, and accompanying discussion and analysis of all comments timely received, see the Final Scope Memorandum.⁴ In the Final Scope Memorandum, Commerce determined that it is not modifying the scope language as it appeared in the *Initiation Notice*. See the scope in the appendix to this notice.

Verification

As stated in the *Preliminary Determination*, two of the mandatory respondents, Delandis Furniture (M) Sdn Bhd (Delandis) and Vision Foam Ind. Sdn Bhd. (Vision Foam), did not participate in the investigation and a third mandatory respondent, Far East Foam Industries Sdn Bhd (Far East Foam), discontinued its participation in the investigation.⁵ Accordingly, Commerce based the *Preliminary Determination* on total adverse facts available (AFA), and did not conduct verification under section 782(i) of the Tariff Act of 1930, as amended (the Act).

Use of Adverse Facts Available

The mandatory respondents Delandis, Vision Foam, and Far East Foam failed to cooperate in this investigation.⁶ Therefore, in the *Preliminary Determination*, pursuant to sections 776(a)(1), 776(a)(2)(A)-(C), and 776(b) of the Act, we assigned to Delandis, Vision Foam and Far East Foam an estimated
