*Abstract:* Regulations governing production safety systems are primarily covered in 30 CFR 250, subpart H and are the subject of this collection. In addition, BSEE also issues various Notices to Lessees (NTLs) and Operators to clarify and provide additional guidance on some aspects of the regulations, as well as forms to capture the data and information. Additional guidance pertaining to Oil-Spill Response Requirements is provided by NTLs when needed.

BSEE uses the information collected under subpart H to:

- Review safety system designs prior to installation to ensure that minimum safety standards will be met;
- evaluate equipment and/or procedures used during production operations;
- review records of erosion control to ensure that erosion control programs are effective;
- review plans to ensure safety of operations when more than one activity is being conducted simultaneously on a production facility;
- review records of safety devices to ensure proper maintenance during the useful life of that equipment; and
- verify proper performance of safety and pollution prevention equipment (SPPE).

*Title of Collection:* 30 CFR 250, subpart H, Oil and Gas Production Safety Systems.

*OMB Control Number:* 1014–0003.

*Form Number:* None.

*Type of Review:* Extension of a currently approved collection.

*Respondents/Affected Public:*

Potential respondents include Federal OCS oil, gas, and sulfur lessees and/or operators and holders of pipeline rights-of-way.

*Total Estimated Number of Annual Respondents:* Currently there are approximately 60 Oil and Gas Drilling and Production Operators in the OCS. Not all the potential respondents will submit information in any given year, and some may submit multiple times.

*Total Estimated Number of Annual Responses:* 7,097.

*Estimated Completion Time per Response:* Varies from 30 minutes to 48 hours, depending on activity.

*Total Estimated Number of Annual Burden Hours:* 93,385.

*Respondent's Obligation:* Mandatory.

*Frequency of Collection:* Generally on occasion.

*Total Estimated Annual Nonhour Burden Cost:* \$10,912,696.

An agency may not conduct, or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

## INTERNATIONAL TRADE COMMISSION

**[Investigation Nos. 701–TA–469 and 731–TA–1168 (Second Review)]**

### Certain Seamless Carbon and Alloy Steel Standard, Line, and Pressure Pipe From China

#### Determinations

On the basis of the record<sup>1</sup> developed in the subject five-year reviews, the United States International Trade Commission (“Commission”) determines, pursuant to the Tariff Act of 1930 (“the Act”), that revocation of the countervailing and antidumping duty orders on certain seamless carbon and alloy steel standard, line, and pressure pipe from China would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.

#### Background

The Commission instituted these reviews on February 1, 2021 (86 FR 7740) and determined on May 7, 2021 that it would conduct expedited reviews (86 FR 36771, July 13, 2021).

The Commission made these determinations pursuant to section 751(c) of the Act (19 U.S.C. 1675(c)). It completed and filed its determinations in these reviews on September 1, 2021. The views of the Commission are contained in USITC Publication 5229 (September 2021), entitled *Certain Seamless Carbon and Alloy Steel Standard, Line, and Pressure Pipe from China: Investigation Nos. 701–TA–469 and 731–TA–1168 (Second Review)*.

By order of the Commission.

<sup>1</sup>The record is defined in § 207.2(f) of the Commission’s Rules of Practice and Procedure (19 CFR 207.2(f)).

Issued: September 1, 2021.

## DEPARTMENT OF JUSTICE

### Notice of Proposed Settlement Agreement Under the Comprehensive Environmental Response, Compensation and Liability Act and the Pennsylvania Hazardous Sites Cleanup Act

Notice is hereby given that the United States of America, on behalf of the National Oceanic and Atmospheric Administration (“NOAA”), and the Department of the Interior (“DOI”), acting through the Fish and Wildlife Service, and the Commonwealth of Pennsylvania, acting through the Department of Environmental Protection, the Department of Conservation and Natural Resources, and the Fish and Boat Commission (collectively “Trustees”), are providing an opportunity for public comment on a proposed Settlement Agreement (“Settlement Agreement”) between the Trustees and a dozen public utility companies: Consolidated Edison Company of New York, Inc., Public Service Electric and Gas Company, Baltimore Gas and Electric Company, Jersey Central Power and Light Company, Long Island Lighting Company d/b/a LIPA, Metropolitan Edison Company, Orange and Rockland Utilities, Inc., PECO Energy Company, Potomac Electric Power Company, PPL Electric Utilities Corporation, Virginia Electric and Power Company, and Delmarva Power & Light Company (collectively, “Settling Defendants”).

The settlement resolves the civil claims of the Trustees against the Settling Defendants arising under their natural resource trustee authority set forth at Section 107 of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended (“CERCLA”), 42 U.S.C. 9607, and at section 507 of the Pennsylvania Hazardous Sites Cleanup Act, Act of October 18, 1988, Public Law 756, No. 108, as amended (“HSCA”), 35 P.S. 6020.507. The claims are for injury to, impairment of, destruction of, loss of, diminution of value of, and/or loss of use of natural resources, including the reasonable costs of assessing the injuries, resulting from the Settling Defendants’ alleged contribution to the release of hazardous substances at the Metal Bank Superfund
